

York County and Suburbs of Toronto

TOWNSHIP COUNCIL AWARDS CONTRACTS

Sewer on Lauder Avenue and Sidewalks on Appleton and Barrie

FAIRBANK DEPUTATION

School Trustees Receive Loan Pending Sale of Debentures.

A deputation consisting of Messrs. Watt, Lacey and Wilcox, representing the trustees of S.S. No. 15, appeared before a special meeting of the York Township Council yesterday to urge that the council help them secure a loan of \$4,000 with which to proceed with the four-roomed addition to their school. They stated that \$6,000 of debentures for the addition had been issued, but had not yet been sold as the time limit had not expired. As the work was nearing completion they required the money to settle an account with the contractors. The banks had refused to lend them the money, but told them to make application thru the council.

The council decided to lend the trustees \$4,000 on condition that it be repaid as soon as the debentures are sold.

Contracts Let.
The council awarded a contract for a sewer 1,637 feet long on Lauder avenue to the Lewis Contracting Company for \$6,154, and a sidewalk on Appleton avenue to the Grant Construction Company for \$420, and a sidewalk on Barrie avenue to J. J. Richardson for \$280. Contractors for two other sidewalks on Ribbina avenue and Holland Park were left over. The contract for the reconstruction of Schmidt's bridge was also left over.

The engineer was instructed to report on the construction of a sewer 2,600 feet long on Glenholme avenue and one on Glenholme avenue, also the construction of a four-foot sidewalk on Main street. The application for a sewer on Appleton avenue was referred to the assessment commissioner.

Eglinton Avenue Sidewalk.
If the residents of Eglinton avenue are willing to pay for the construction of a concrete sidewalk as a local improvement the council will have it laid down. This was the decision in regard to the application of J. McDonald for a board sidewalk. Mr. McDonald will interview the council at the next meeting.

F. Lyonde, photographer, notified the council that he intended holding the township by day \$117 damage to his automobile, caused by his skidding on the oilied part of the Kingston road.

General purposes accounts amounting to \$4,847 were passed.

TODMORDEN

A good deal of interest is taken in the annexation proposal of Todmorden. Mark Maynard has called a meeting for the corner of Page and Woodville avenues Wednesday night at 8 o'clock. The mayor, council and aldermen are invited to attend; perhaps Acting Mayor McCarty will accept. A handbill dealing with the question. It was said yesterday afternoon that this handbill would probably be the subject of discussion on Wednesday night.

WILL PROTECT BATHERS FROM CANOE HOODLUMS

Parks Commissioner Chambers will stop the youthful canoeists who have been enjoying great fun on the expense of bathers at Kew Beach by paddling thru the throng of bathers and tooting horns and other annoyances for the purpose of making the swimmers or paddlers jump out of their way. Several bathers have complained and the bathing section will be roped off and canoeists will not be permitted amongst the swimmers. A diving board and small pier will be constructed during the next few days and an accommodation for bathers to dress will be given. The bathhouses will be open until 9 p.m., instead of 8, as formerly.

PORT CREDIT—ST. MARY'S CHURCH GARDEN PARTY

The annual event eagerly anticipated in Port Credit is the garden party under the auspices of St. Mary's R. C. Church. It will be held this year on Civic Holiday, Aug. 3, and arrangements have already been made for a concert program of quality. Games and dancing will also add to the pleasure of the occasion. Rev. Father McCaffrey, the pastor of St. Mary's, and M. J. Haney, chairman of the committee, hope that the members of the congregation will join with them in making this year's party even more successful than the last.

BIRCH CLIFF RESIDENTS WANT BETTER SERVICE

Residents in the Birchcliffe district intend to petition the York Radial Co. for a better car service. The petition, which has already been largely signed, asks for a 15-minute service from Woodbine to Stop 21, from 5 to 8 a.m. and 5 to 7 p.m., so that the fare in future be six tickets for a quarter. Another request is that a more suitable shelter be erected at Stop 20.

NEWMARKET

The council gave the waterworks by-law the third reading at last night's meeting and adjourned early after passing a few accounts and transacting other routine business.

Newmarket, Keswick and Union St. Sunday schools will hold their annual picnic tomorrow to Centre Island Park, Toronto.

St. John's Church annual garden party will be held in the separate school grounds tomorrow evening. Tea will be served from 8 to 8.30 and the Odellway Band will render selections during the evening.

TYRRELL PROPERTY BEING SUBDIVIDED

Plans Passed at Meeting of Weston Council Last Night.

TAKE TRAFFIC CENSUS

Dr. Wilson Has Issued Writ Against Village for Fifteen Thousand.

The Weston Council last night approved the plan of a Toronto syndicate for the subdivision of the Tyrrell property, in which part of the Tyrrell King street to the fifth concession is shown as 32 feet in width. The approval is subject to the deed of a one-foot strip, some feet in length, next to Mr. Smith's property, to the municipality, and is conditional also on the satisfaction of the village engineer.

The plan was presented by Wm. Marks of Goulburn & Hamilton. He explained that an offer had been made for Mr. Smith's property, but that it had not been accepted. He therefore proposed that the situation being controlled by the municipality by means of the one-foot strip, the land necessary for the widening of the street to 66 feet should be expropriated from Mr. Smith, and the cost assessed against the property benefited. The extension of King street provides about 2,000 feet of frontage, upon which increased taxes will be levied.

Three Royal, hon. president, offered the use of a lot in the district, with a three years' notice to give up possession and a donation of \$10 towards the purchase of material to build a hall. The offer was accepted, and fees were fixed at 25 cents entrance and 10 cents per month for each member. The executive fixed a date to meet for the forming of rules and regulations.

Hall Site Offered.
The meeting decided that the West Fairbank Ratepayers' Association could look after its own business without the aid of the organization.

The chairman in closing the meeting said that they had now a strong organization to look after the affairs of the district, and if the York Township Council would now rise to a sense of their duty to the district, West Fairbank would be one of the finest sections in the county. "But if they do not," said the speaker, "I will bring my association of 100 men down to the council chamber and demand that our wants be attended to."

Not Local Improvement.
Joseph N. Gray reported that Dr. Wilson had issued a writ against the village for \$1500, in consideration of injury done by the widening of the street, and costs incurred thru an automobile accident on Main street during construction.

The Weston Volunteer Fire Brigade was authorized to accept a prize to the total of \$7,500 to be spent on the paving of Main street, and the widening of the street on the ground that the heavy traffic to be taken by the widening of the street would be a benefit to the village, while a general assessment against the property would be a detriment.

A communication from E. A. James stated that the highway commission had passed a resolution that a census of the Dominion Railway Board be taken at Ottawa, from July 13 till July 26, including two Saturdays and two Sundays.

Dr. Irwin reported that Irwin vanastine had undertaken the duty between the hours of 3 p.m. to 9 p.m. and Norman Burke between 6 a.m. and 3 p.m. The reverend also said that York township had a representative in the stock of the traffic.

H. H. Dewar's Report.
H. H. Dewar reported that the main difficulty would lie in the apportionment of cost, and that not only was the Township of York interested, but the Township of Etobicoke, and even that of Vaughan.

G. H. Gray advised that evidence regarding the probable life of the abutments of the existing subway would be some effect in influencing the board. It was agreed to call for tenders for the construction of a concrete curb and gutter base for Main street.

NEWS OF WARD SEVEN—LITTLE GIRL INJURED

While playing with some other little girls in the vicinity of the corner of 501 Perth avenue met with a painful and serious accident. The child was a daughter of the late Mrs. J. J. O'Brien, who was residing at 501 Perth avenue on a broken bottle lying in the gutter. The sharp glass entered her foot and inflicted a deep gash. Dr. MacNab, of Davenport road, was summoned and succeeded in stopping the flow of blood, and the child was rushed in the police ambulance to the Hospital for Sick Children. There it was found that one of the principal ligaments of the lower leg had been severed, and the little girl will lose the use of her foot. It is thought that the limb will be saved however.

FUNERAL TODAY

The funeral of the late Mrs. Mary Kershaw of 119 Cranford road, who succumbed to a year's illness at her home on Sunday evening, will take place this afternoon to Brampton Cemetery. The late Mrs. Kershaw was born in Ireland near Belfast in 1840, coming to Canada after the death of her husband ten years ago, and has resided in West Toronto ever since. Her only surviving son is Hon. L. J. Kershaw, minister of finance for India.

The West Toronto customs port and post station, D. at the corner of the Keele and Dundas streets, is undergoing long-needed alterations and redecoration.

There was a record attendance at last night's meeting of Dukes of York Loyal War Blues in St. James' Hall, and arrangements were made for the annual picnic which is to be held shortly.

The congregation of the Church of the Good Shepherd, Mount Dennis, are holding their second annual Old English Fair in aid of the building fund on Wednesday, July 22nd.

ASSOCIATION FORMED IN WEST FAIRBANK

Will Build Hall on Site Lent by the Honorary President.

STRONG ORGANIZATION

Refused to Co-Operate With B. I. A.—Will Paddle Own Canoe.

The following officers were elected at the inaugural meeting of the West Fairbank Ratepayers' Association, held at corner of Fife and Caledonia avenues, last night.

Hon. President, Cecil Roy; President, J. Cunliffe; Secretary, Clifford Windsor; Treasurer, Fred Shilvers; Executive committee, J. C. Ryder, J. Ward, A. Swan, William Newton, George Mullen and Fred Bartley.

The matter of a permanent place of meeting was discussed at some length, and various suggestions offered, such as renting a room, and requesting the use of Hughes Public School.

Hall Site Offered.
Cecil Roy, hon. president, offered the use of a lot in the district, with a three years' notice to give up possession and a donation of \$10 towards the purchase of material to build a hall. The offer was accepted, and fees were fixed at 25 cents entrance and 10 cents per month for each member. The executive fixed a date to meet for the forming of rules and regulations.

The meeting decided that the West Fairbank Ratepayers' Association could look after its own business without the aid of the organization.

The chairman in closing the meeting said that they had now a strong organization to look after the affairs of the district, and if the York Township Council would now rise to a sense of their duty to the district, West Fairbank would be one of the finest sections in the county. "But if they do not," said the speaker, "I will bring my association of 100 men down to the council chamber and demand that our wants be attended to."

TODMORDEN BOY HAS DISAPPEARED

George Rummy Has Been Missing Four Days—Parents Anxious.

Fifteen-year-old George Rummy has been missing for four days and his mother and stepfather, Mr. and Mrs. Smith of Campbell avenue, are much perturbed at the disappearance. The assistance of the police has been enlisted, but so far all efforts to trace the wanderer have been unavailing. He was last seen on Thursday at 10 o'clock, when he was taken to find out his whereabouts, and it was learned that he had completely disappeared. He had not been seen by his employers, and his parents fear that he had planned to escape from home.

Subject to Fits

The only reason which can be assigned for the boy leaving home at night on the night of June 29, when he was going home after learning the election returns that found the Conservatives in the lead, is that he was suffering from an unconscious condition, frothing at the mouth. He was taken to St. Michael's Hospital on the occasion and he recovered shortly afterwards. Since that time he had given evidences of being still under the effects of that attack, and it is supposed that he may have something to do with the disappearance. Although the police have been notified nothing has been yet learned about the boy's whereabouts.

DEMONSTRATION IN HONOR OF REEVE GEORGE SYME

Reeve Syme's illness is a source of much regret in York Township and his many friends will wish him good luck on his voyage to the old country and quick recovery. The Rummyne Conservative Association intends to give him a royal send-off when he leaves on Thursday. Assembling at Cooke's Hall, St. John's road, the members will march to the reeve's house on Jane street, headed by the Conservative brass band. Speeches will be made and President L. C. Woolner will give expression to the members' regard for Mr. Syme and their regret that he has to go abroad in search of health.

OLD FAIRBANK CHURCH PUT UP FOR AUCTION

The highest bid for the old Presbyterian Church, Vaughan road, recently put up for auction by A. M. McEwan, was \$4100, including the ground upon which it stands. The offer will be submitted to the board of managers for their approval.

WESTON

Saturday's game in the West York Baseball League, between Weston and Davenport resulted in a win for Weston by 6 to 4.

In the Intermediate O.A.L.A. the Orioles at North Toronto were beaten by Weston by the score of 7 to 3.

At Weston on Friday Humbervale and Weston Football Clubs played a second tie, the score being 1 to 1. In the first tie no score was made on either side, so that the teams are pretty evenly matched.

TODMORDEN VIEWS RE ANNEXATION

Geo. W. Crosby Has Favored It for Five Years—And Does Now.

SEWERS ARE NEEDED

Claims Last Anti-Petition Was Full of Spurious Signatures.

Better sanitary conditions, city water supply, and adequate fire protection, are among the reasons given by residents of Todmorden, when questioned by the city engineer, that they were in favor of having their district annexed to Toronto. There were many advantages to be gained by being joined to the city, and they outweighed many times any possible drawbacks which could be brought forward.

George W. Crosby, who is a prominent ratepayer of Todmorden, declares that he has been in favor of annexation for five years. He was one of the chronic blockers who were opposed to the scheme, he declared, who were content to live in a hole in order to keep the city out of their district.

Sanitary Conditions Awful.
Dirty water is thrown into the streets, and the city engineer has been posted up forbidding the throwing of dirty water on the thoroughfares, can never stop the nuisance, to have sewer lines laid, and a sewer line since I came to Todmorden, and I believe that he must live at the north end of the district, and the city engineer, we have county constables up here, but for the most part they may be sleeping on the job.

He stated that the anti-meeting on Wednesday night would likely be the occasion for the starting of a petition against the scheme. The last petition had been full of spurious signatures, and he was only a tenant, had signed the petition no less than six times, merely altering his initials and the order of his names.

Don't Like Conditions.
J. A. Macdonald, a prominent ratepayer of the district, was opposed to the scheme as now offered by the city council, also he was previously in favor and had signed the petition which was circulated several months ago. One of the drawbacks, he said, was the fact that the residents of Todmorden would have to pay their share of the burden entailed by the enormous cost of sewer improvements. There was also the complaint voiced that certain individuals, who were in the habit of favoring individuals, and he thought that the park drive north of the district was not entirely satisfactory. Dr. E. A. Macdonald of North Riverdale was entirely in favor of the annexation proposal, and he said that he was not fair to North Riverdale to have a district so close at hand which had such unsatisfactory sanitary arrangements. The water supply was anything but satisfactory there, and the danger of contamination of the water supply by the curbing of city water instead of the present precarious supply.

Dr. E. A. Macdonald declared, a necessity for fire protection, which was at present practically unknown. There was also the complaint voiced that certain individuals, who were in the habit of favoring individuals, and he thought that the park drive north of the district was not entirely satisfactory. Dr. E. A. Macdonald of North Riverdale was entirely in favor of the annexation proposal, and he said that he was not fair to North Riverdale to have a district so close at hand which had such unsatisfactory sanitary arrangements. The water supply was anything but satisfactory there, and the danger of contamination of the water supply by the curbing of city water instead of the present precarious supply.

FRENCH EXPERT IS STUDYING CANADA

Gen. Jean Lejeaux, French Government Official, to Observe Farming Methods.

General Jean Lejeaux, special representative of the French Government was in Toronto yesterday for a tour of inspection of the Dominion of Canada. He was accompanied by a French agricultural expert, and he was expected to collect considerable valuable data here.

"Your country is fitted admirably for the production of good crops," he said, "and Canada can only produce one crop to the two or more of warmer countries, the conditions are better and the quality is superior. I am going to Winnipeg and thence to the west coast. I expect to return when the apple season is at its height and collect information on your remarkable crop."

From What Information I Have Obtained

From what information I have obtained on your wheat crop this year promises to be a good one. Farmers that I have seen seem pleased with the outlook, although the general production will not be as good as of yore. The climate here is delightful, and I am sure I shall be pleased to visit Canada again."

The Light That Did Not Fail

A near-riot was averted at St. Catharines yesterday morning upon the arrival of a startling x-ray gown. The cause of all the trouble was a woman who arrived in the G. T. R. express from New York. Ignorant or conscious of the fact she was creating the "fashionable" figure business for the minute. As she stepped gallily from the train a crowd gathered and followed her to the lower exit, where she called a taxi and departed uptown.

UNKNOWN MAN FOUND DYING IN FACTORY

Special to The Toronto World. ST. CATHARINES, July 20.—An unknown man, who was found in a dying condition in the O'Pechee Gum factory, died this afternoon without leaving the slightest trace of identity. He was a man of approximately 35 years of age. All attempts to identify him have failed. His description is as follows: About 35 years of age; height, 5 feet 9 inches; black hair, clean-shaven, poorly nourished; thin, light brown eyes, rather high nose; on under part of right arm letters "W. C." tattooed; dressed like a laborer.

ITS CHOSEN DELEGATE.

Union Cigar Makers last night selected T. B. Black, who was defeated in Riverdale at the recent provincial election, as delegate to the Dominion Trades Congress at St. John, N.B., next September.

CANADIANS SHARE IN BISLEY PRIZES

Stoddart and Martin Third in Daily Telegraph and Stock Exchange.

Canadian Associated Press Cable. BISLEY CAMP, July 20.—In the shooting for the Prince of Wales' prize, open only to the winners of National Rifle Associations, gold, silver or bronze medals in Queen's or King's prize competitions of any preceding year, of an aggregate value of £250, Sgt. Higgins of the Fourth Royal Scots, with a score of 84 in 17 shots, seven at the 300 and ten at the 600 yards range, won the badge and £100. The next best scores were: Sgt. McAllister of the Argyll-Sutherland Regiment, Corp. Purvis of the Fifth Royal Scots, H. A. C. Sgt. Tippins, Eighth Essex; Sgt. Allan, Seventh Royal Scots; Corp. Griggs, Goldfields; Dr. Kelly, North London; Hubbard, Australia; Capt. Campbell, unattached. Each scored 83. Seven competitors, including one Canadian, scored 82, 17, including two Canadians.

Aggregates of Canadians—Prince of Wales: A. Strong 75, Bullock 82, Hawkins 73, King 71, Laman 81, Lowry 74, McInnes 77, McLean 77, McLeod 73, Martin 81, Russell 80, Stoddart 80, Boa 77, Graham 78, McCoy 70.

The Canadian Press describes the first stage of the Prince of Wales was: Armstrong 43, Bullock 47, Hawkins 43, King 42, Laman 48, Lowry 43, McInnes 48, McLean 46, McLeod 45, Martin 45, Russell 46, Stoddart 46, Boa 45, Graham 47, McCoy 41.

In the Stock Exchange competition, the shooting of the tie for the first three prizes resulted as follows: Ogilvie, Eighth Fife and Forfar, won \$300; ex-Sgt. Fulton of the Queen's Westminster second, winning \$200; Martin, Canada, \$100.

In the Daily Telegraph contest there was a tie for the first six places: P. Miller, H.A.C., first, won the cup; A. B. Inwood, 1st R.N.; second; Stoddart; Medall, third; Ingle, India; fourth; Medall, first Devon, fifth; Kydd, late Second Highlanders, sixth. East won 25.

WORMS EAT CROPS IN NEW DISTRICTS

Ravages of Pest Reported in Various Parts of Oxford County.

Special to The Toronto World. WOODSTOCK, July 20.—Several districts have now been added to the list of those already infected by the dreaded army worm. An outbreak of the worm has developed on the Eilephie Hospital farm on the 12th line in the city limits. The worms have attacked the grass along the barley field and have started on the march into the field operations will be started at once to cut the grass and the usual precautions of plowing and using Paris green will be made in the effort to exterminate the worms there.

Spread to New Districts.

Word has come from a number of farms in both West and North Oxford that the pest has commenced its ravages in those districts.

The most serious case, however, is reported from the farm of George Fur, near Thomaford, in the northwest end of the county, and many miles from where the first discovery of the worm was made early last week. Many men are busily engaged there now, assisting Mr. Fur in his endeavor to save his crops. The worms have also appeared three and a half miles west of this city, near Beachville, and the latest report was that the scourges are ravaging the farms of Dunn, Dunn farms, just outside Woodstock.

Destructive at Guelph.

GUELPH, July 20.—The army worms are increasing in activity in this section, the many have been destroyed in great numbers. The pest was found to be very effective in saving a big field of corn, it was discovered today that the invaders had turned their attention to a brood of barley and were eating the heads of the grain off. Men were immediately started cutting the grain, which is about ripe, in hopes of saving at least a part of it. Reports have been received in the past few days at the O. A. College, from various points in the province, showing the depredations of these little pests. The outlook at the college is not nearly so serious as in other places, and they are sanguine of coping with the invaders and preventing them spreading.

In and around Admiral Storey's farms and in that vicinity, the farmers are comprehending the gravity of the pest and have united in their efforts to stamp it out. A battalion of the army worms got into the Admiral's cucumber field, but they were soon stopped in their course of crop destruction by men digging a two-foot trench. The general opinion is that if no more come the pests will be wiped out in a few days.

UNKNOWN MAN FOUND DYING IN FACTORY

Special to The Toronto World. ST. CATHARINES, July 20.—An unknown man, who was found in a dying condition in the O'Pechee Gum factory, died this afternoon without leaving the slightest trace of identity. SEEK TO CHECK IMMIGRATION BY ENFORCING LAW STRICTLY

New Arrivals Who Can Be Debarred Under Restrictive Clauses, Will Be Shut Out of Canada—Warning Issued to Other Than Agriculturists and Domestic Servants.

By a Staff Reporter. OTTAWA, July 20.—The immigration department has issued a circular stating its intention to not only warn all agriculturists and domestic servants against coming to Canada now, but also to reject them if they happen to come under any of the restrictive clauses of the immigration law. The intention is to apply the law very rigidly, to as to prevent the present state of unemployment in the country from becoming worse. If an immigrant is liable to rejection for any reason he will not be admitted because he has a promise of employment, "because," the circular adds, "it secures it, it is taking a position which otherwise might have been filled by some of our recent unemployed, amongst whom every trade and occupation is already represented."

The immigration officials have arranged to take to Montreal tomorrow, for deportation, the first 25 of the two score of foreigners who are being sent back to their own countries because they cannot find work.

FIGARO IMPLACABLE AGAINST CAILLAUX

Wife of French Ex-Premier Tells of Circumstances Leading to Murder.

Canadian Press Despatch. PARIS, July 20.—Mme. Caillaux, the wife of Joseph Caillaux, once premier of France, and former minister of finance, occupied the prisoners' enclosure in the assize court of justice today and recited in a dramatic manner the circumstances leading up to the shooting of Gaston Calmette, editor of the Figaro, with whose murder, on March 18, she is charged.

When the court clerk, reading the indictment, reached the words "Willful murder," she began to weep. Shaking with sobs, she placed a handkerchief over her face.

She said, when she was married to Leo Claretie at 19, and they had two daughters, one of whom died, and the other is 13. She obtained a divorce in 1908. She was married to M. Caillaux, who was then premier. "I found complete happiness, but my life began to be poisoned by calumnies." The campaign of the Figaro against her husband then began and all the people in the salons received her with coldness. She was intended to marry her husband had taken money from Germany and she was to be the wife of a traitor.

NO ASSENT TO HOME RULE BILL WITHOUT AMENDING MEASURE

King, It is Said, Holds Ministry Has Violated Parliament Act in Introducing Amendments to Measure—Grave Situation Arises From Democratic Viewpoint.

Canadian Associated Press Cable. LONDON, Tuesday Morning, July 21.—The King intends to withhold his assent to the home rule bill unless the amending bill is presented along with it," says A. P. Nicholson in the "Daily News" to day. He says that it may seem incredible to Liberals that the King should refuse to sign the home rule bill despite the advice of his ministry, but the explanation apparently is this:

The view, expressed in court circles, is first, that the government has violated the parliament act procedure in the third session by the introduction of the amending bill to a bill designed to pass unchanged under the parliament act, secondly, that since the parliament act procedure has not, as it is suggested, been complied with, the King is not bound by the provisions of the parliament act in the case of the home rule bill.

Situation is Serious. Regarded from a constitutional point of view this is a very serious situation, since it would bring the King into direct conflict with the democracy. A feeling of dislike to the conference was expressed very strongly by many Liberal back-benchers last night. Unionists, too, of different shades of opinion, pronounced unfavorably upon it.

There are, however, many Unionist members who do not take a hostile view of the conference because they hope it will lead to a settlement although they do not see how the leaders who will enter the conference room with their hands tied can arrive at a settlement.

YOUNG MAN MISSING FROM ROBLIN VILLAGE

Special to The Toronto World. KINGSTON, July 20.—Eugene Ontario has another mysterious disappearance to solve. Ernest Masters, aged 25, has been missing from his home in the village of Roblin, near Newmarket, since June 13. No person appears to have any idea where he is, and the police through the district have been notified. The missing man is five feet tall, weighs 150 pounds, has large blue eyes, has a sandy complexion and is clean shaven. He has a hole in his right chest caused by an operation. He is a son of John Masters.

HAMILTON HOTELS
