Montreal Grain and Produce.

Montreal, Feb. 1.—Business in Manitoba spring wheat over the cable to-day was very quiet. Demand was quieter, and bids were unchanged to 1½d lower. The market for Canadian western oats was again weaker, and prices show a further decline of ½c to ½c per bushel. There was some demand for Ontario malting barley, and bids of 68c were made for round lots. The foreign demand for spring wheat flour showed some improvement, but the bids were out of line with militers' views. A fair local trade continues to be done. Millifeed is still scarce and firm. Dressed hogs are easy, in sympathy with the further decline in prices for live hogs. Refined sugar has declined loc per 100 lbs., to \$4.25 for standard granulated.
