The guests were driven from the church to the residence of Mrs. Kessler, 26 West Thirty-ninth-street, where the wedding breakfasy was served. Later in the afterhoon the Earl and Countess left, it is said, for Washington. They will sail for England in a few days. Both the Earl and the Countess have large fortunes. Mrs. Toogood appealed against the acceptancy of Hon. William Mulock's \$150,000 and also of the \$16,500, proposed by the liquidator. She declared it was illegal under the Winding-Up Act, An appeal was also made against debenture-holders and depositors ranking together upon the assets of the defunct company.

The proceedings were taken objection to by J. K. Kerr, Q.C., representing the London & Lancashire Company, that in the first place there could be no appeal from a decision of the Master in this connection, and that if there were the Divisional Court was not the right court to hear it. The appeals were heard, subject to these objections.

Outlived Consumption

Many people outlive consumption. They have it all their lives, but keep it in check by the use of Shiloh's Consumption Cure and finally die of some other

years in his youth from consum tion. It is not the mere fact that the lungs are touched by consump tion that causes death, it is the amount of lung-tissue that become diseased and disorganized beyond repair that is of serious import Personal care and the administration of Shiloh's Care according to directions will overcome every case of tubercular affection when there remains enough tissue to make a foundation. If the forces of life are reinforced before it is too late the

rocess of decay will be conquered and the patient will get well. In other words consumption is cured. Fifty years of uniform success have made Shiloh's Cure the standard remedy for consumption in every form. J. H. Caldwell, of Malta, Idaho, writes as follows to the S. C. Wells Co., of Le Roy, N. Y. "I have used Shiloh's Consumption Cure many different times, and always received great benefit from it. I believe it saved my life in a case of congestion of the lungs, and kept

me from an attack of consumption, as many people said I had it."
