tertainment as was witnessed last night in Massey Music Hall, when the Biograph wonderful views of the parades and departness of the Canadian contingent and war scenes in South Africa brought back in all the life and motion, as if they were actually on the scene, the brave men who are lighting for the Empire. The event was given in aid of the Patriotic Fund, and is one of a series of entertainments that will be given for this purpose in all the large cities of Canada, between Halifax and Victoria. The project is under the immediate patronage of His Excellency the Governor-General and Countess of Minto, and last night His Honor the Lieutenant-Governor and Miss Mowat, and all the fashion and beauty of Toronto, were present, together with the commanding officers of the city regiments and the men in uniform. When the Canadian troops marched past before the audience, or when Little Bobs, Redvers Buller or any of the great military heroes of the day appeared on the scene and raised their hats and bowed to the spectators, enthusiasm was wrought to its highest pitch by the playing of the massed bands, the skirling of the pipes, or the sounds of the bugle and drums. Distinguished artists assisted in the program, and it is a matter of gratification to all Canadians to know that the prominent assisting factor in the program was a Canadian plano of the highest workmanship and excellence. Once more the Heintzman & Co. plano is always at the front in Canada. The Royal Canadian Infantry, the Mounted Rifles and the Royal Artillery are close to the people's hearts, and are now being celebrated most of all in song and music.
