New York, March 23 .- The Tribune says: A report was current three or four months ago, and denied at the time by representatives of both companies, that negotiations were in progress for the purchase by the United States Steel Corporation of a controlling interest in the Nickel Corporation of London, England. The basis for that report developed yesterday, when it was learned that Charles M.Schwab, acting, however, as an individual, and not in any sense as a representative of the United States Steel Corporation, had, in company with certain other one of Toronto's best-known citizens capitalists, purchased an interest in died at his late residence, 173 Jame-

BOER LEADERS MAKE ANOTHER EFFORT FOR PEACE SCHALKBURGER AND OTHERS SEE LORD KITCHENER

EIGHT PAGES-MONDAY TORNING MARCH 24 1902-EIGHT PAGES

Under Flag of Truce Several Boer Leaders 60 to Pretoria and Interview the British Commander-in-Chief-Acting President Narrowly Escapes Capture—In London Looked on as Tending Toward Peace.

PRETORIA, March 23. - Acting President Schalkburger, F. W. Reitz, ex-Secretary of State of the Transvaal, and Commandants Lucas Meyer and Krogh, with their secretaries and attendants, arrived here yesterday. March 22, at 2.04 on a special train from Balmoral, about 50 miles east of here. They came into Balmoral under a flag of truce.

Upon arriving here Mr. Schalkburger and his party drove immediately to Lord Kitchener's headquarters, where he had an interview with the British general. The Boers afterwards proceeded to the railroad station and entrained at five o'clock for Kronstadt, whence they will go out under a safe conduct.

For a week past Mr. Schalkburger and his colleagues have been stationed at Rhenoster Kop, north of Balmoral, where they have been closely pressed by British columns. Dispatch riders entered Balmoral Friday night and notified the British of the approach of Mr. Schalkburger and his party.

It is reported that the Boer position at Khenoster Kop had become almost hopeless, and that Mr. Schalkburger narrowly escaped capture.

ANOTHER ATTEMPT AT PEACE.

London, March 24.- The news that the Wandering Boer "Government" had entered the British lines is regarded as having but one meaning, namely, that another attempt is being made to negotiate peace. The fact that the censor passed the news of this movement is accepted as confirmation of this opinion.

Nothing is actually known here of the intentions of Messrs. Schalkburger, Reitz, Meyer and Krogh. It is possible they have only sought permission to traverse the British lines in order to consult with Mr. Steyn and the Boer Generals Dewet and Delarey, but, whatever their object, the news has been welcomed in London as pointing to the possibility of peace.

Some correspondence which was seized a short time ago when Mr. Steyn narrowly escaped capture proved that he and Mr. Schalkburger were anxious to conclude peace. No extravagant hopes, however, are being built on the outcome of the movement of Mr. Schalkburger and his companions, chiefly because it is feared that Delarey, in the flush of his recent success, will refuse to be a party to any negotiations.

The Latest New York Drink.

A well-known club man brings back the following receipt from the Waldorf-Astoria, New York: Cut very thin slices of lemon peel, being careful not to go deeper than the yellow, place them in bottom of tumbler, slightly bruise with muddler or spoon, put in broken ice, Scotch, gin or rye to taste, and fill up with Radnor Water. The combination of any of the above with Radnor Water makes a deliciously refreshing drink.
