TUCKETTS DENY
GIVING IN TO MEN IN ANY PARTICULAR
Firm States That Strikers Asked To Be Taken Back.

Replying to statements made by employees who went out on strike recently, the firm of Tuckett & Co. stated today that the men came back without securing any concessions whatever, and that they asked to be taken back. An employee, about whom complaint was made, has not been taken back. "The men walked out and left their stock which would have been ruined had we not been able to transfer it to the plant," said Mr. Price, the local manager. "They presented some complaints, immediately withdrew the complaints, and asked to be taken back to work. We made no concessions to them whatever. In fact we had all plans made to close the plant before we would have given in in any particular. You can make that as strong as you like." A number of the men stated that they had won all the points for which they contended. They returned to work Wednesday.

CRIMES OF BOYS APPALLING; MANY NOW IN CUSTODY

22 Juveniles Placed in Hands of Police in Few Weeks.

FATHERS ARE OVERSEAS
Mothers Unable to Control Them and Thieving Habits Are Developed.

"The wave of juvenile crime which appears to be now at its crest, I think can be attributed to the lack of parental control," said Magistrate Graydon today in discussing the question after having remanded to jail two 11-year-old boys convicted of stealing from a house in South London.

The boys, like many others have done in the past, effected an entrance to the home during the absence of the family and stole a number of household articles. A perplexing problem. Students of juvenile crime are at a loss to know how to get control of present conditions, and reduce the number of offences in which boys have played the leading part in so many recent cases. The majority of the boys arrested are of fathers overseas, and seem to be in a problem demanding a solution very soon and whether the present course of sending them to jail is going to be effective remains to be seen," said Magistrate Graydon. "A wrong condition in homes. A wrong condition in homes, many homes and sufficient restraining influences are not brought into play," said Magistrate Graydon. "The mothers of both boys went bitterly when they were sent down to jail, and each admitted that their sons had got beyond control. As an evidence of the prevalence of juvenile crime records show that at the present time there are 15 boys at the Children's Shelter and 7 at the county jail, whose cases remain yet to be disposed of. The worst offenders are sent to the jail that they will not come in contact with the less criminal type at the shelter. Some Lads Reclaimed. From time to time, boys from the shelter are placed out on parole in good homes. This had had several instances in years gone by reclaimed them and prevented them following a criminal career. In other instances they were found to be incorrigible and had to be returned to the shelter, and then sent on to the Boys' Reformatory.

Community Sober
And Getting Fond of Local Option Beer

Police Have Not Taken in Enough Lately to Run Electric Fan.

Not since prohibition became effective has such a small number of persons appeared in police court with offences under the Ontario temperance act. "We haven't collected enough money here this week under the act to pay for the 'juice' to operate the electric fan," said a court official today, as he recalled the fact that only one lone ten-dollar bill and cents had so far passed into the court treasury. "To what would you attribute the falling off in offences under the Ontario temperance act?" was asked of Inspector Keenleyside. "I am growing to like the local option beer and other two-per-cent drinks, besides they don't drink whisky in the weather," replied Inspector Keenleyside. "It has been too hot to drink whisky," was Inspector Birrell's explanation. Inquiries at several of the hotels brought out the fact that the sale of 2½-per-cent drinks had been greater during the past two weeks than at any time since the province went dry. "People are getting so they like it, and they might as well get used to it, because it will be a long day before the license is again granted," said one hotelkeeper, as he drew several customers and placed them on the bar for waiting customers.

BLENHEIM YOUTH WAS ACCEPTED FOR ROYAL FLYING CORPS

BLENHEIM, Aug. 2.—Wilfred Jenner is back from Toronto, where he went last week to enlist in the Royal Flying Corps. He was given several thorough medical examinations by a number of medical examiners and was accepted. He has returned to assist his uncle, James Clayton, in the harvest, and is to report at headquarters September 1. Frank Thomas had a most unpleasant experience at Government Park. He went into a bathroom and changed his clothes, leaving his gold watch and a sum of money in his pocket. Shortly after he had left the building a lad was seen to come out and hurry off on a bicycle. Thomas on returning discovered that his watch was missing, and also the money. He gave the matter to the police, and the lad was caught in an automobile. After some search the thief was discovered and the valuables returned. There being no constable in sight the culprit was let go. The funeral of George H. Pickering was largely attended today. The service was conducted by Rev. P. M. Camus. Deceased was 63 years old and a carpenter by trade. He leaves, besides his widow, Thomas V. a brother, W. J. of Harwich and Theo of Hamilton, half-brothers.

RED CROSS WORKERS RIGHT ON THE JOB

APPIN, August 2.—The Red Cross workers are very busy here. In spite of the hot weather and busy days on the farms, they find time to do some work for the boys who are fighting. The cutting committee met at the home of Mrs. D. L. McIntyre and cut out 47 grey flannel shirts and 47 towels, which are being made as fast as possible.

BADLY HURT BY FALL FROM LADDER

EMBRO, Aug. 2.—Sld Nash was badly hurt while assisting James Kennedy in setting in his hay when a ladder on which he was climbing fell about twenty feet. His back, ribs and ankle are injured. John McLeod of Detroit is here visiting friends after an absence of 40 years.

PRESTON MERCHANTS PICNIC AT PUSLINCH

PRESTON, Aug. 2.—Local merchants held their first annual picnic at Puslinch Lake yesterday afternoon. It was the merchants' regular half-holiday, and there was an exceptionally large attendance. Almost every merchant who owned an auto was present, and assisted those who did not own cars to the lake. Everybody had a good time, but the heavy rain storm drew the day's fun to an earlier closing than was planned.

Suggestions for the Civic Holiday of Good Things To Eat and To Drink

SUMMER DRINKS
For these sizzling hot days we have cool, refreshing Grape or Lime Juice. We recommend
GURD'S GINGER ALE
Sweet, per dozen, 75c.
Dry, per dozen, 90c.

NO OFFICERS FROM THIS DISTRICT ON U. S. RECRUIT STAFF

Twenty-Eight Canadian Officers Now Work Across Line.

LONDON AREA LOSES OUT
Does Not Secure Share of Men Enlisted by Special Work.

Canada now has a staff of twenty-eight officers attached to the British Recruiting Mission in the United States, according to an Ottawa dispatch, which states that there are six lieutenant-colonels, five major, twelve captains and five lieutenants at work endeavoring to secure men from among the Canadians across the line for the Canadian Expeditionary Force. The lieutenant-colonels are G. H. Williams, C. A. Warren, T. B. Richardson, J. S. Dennis, F. C. Dennis, and LeGrand Reed.

None From This District.
A noteworthy fact in this connection is that out of the whole twenty-eight officers working in the United States there is not a single one to represent the London area. This is due to the strong feeling among the military men of Western Ontario and among the citizens generally that this district should be represented, and that it should get its share of the Canadian-born or British-born recruits who sign up across the border. The opinion expressed by this district had its representatives there that it would likely get the lion's share of the recruits, and also its quota of those whose homes are in the United States, and who have no attachments in America. Not a District Man. One officer, Major Tomlinson, was appointed to a position in Chicago in connection with the work of the British Recruiting Mission. He was formerly a resident of this district, but he was not considered to represent this section of the province. The officer who will be put by a local recruiting officer today when he is asked, "Why should Toronto district and the others be enlisted for war?" will be able to answer, "Why should Toronto district and the others be enlisted for war?"

EIGHT MEN FOUND FIT FOR OVERSEAS

All of the eight men who applied for examination of the army medical service were found fit for service in the overseas units of the C. E. F. Five of the men reported for medical examination of the British Recruiting Mission in the United States. P. Smith coming from St. Louis, Mo.; Schindler from El Paso, Texas; and R. J. Rockett, Colorado Springs, Colo. The other three were from London, the other three, W. Pindley, G. T. and H. Quilch, coming from Chatham.

PRINCETON GIRLS BEAT BOYS IN RED CROSS RACE

PRINCETON, Aug. 2.—The boys and girls of the public school several weeks ago started a competition to see which could collect the greater quantity of waste paper for Red Cross purposes. The girls collected 1½ tons and the boys 1,500 pounds, for which a Woodstock dealer has paid \$250 this week.

Next Tuesday the Red Cross League will have a tea on Mrs. David Javna's lawn. The collection goes for the Red Cross funds.

The Epworth League literary meeting last evening was unusually interesting. Rev. H. Monsinger gave an address on the "Antiquities of the Holy Bible." The "Antiquities of the Holy Bible" was read by Mrs. Payne of the concertina; Mrs. Monsinger, Mrs. J. H. and Master Murray.

CUTTING WHEAT AT PORT DOVER

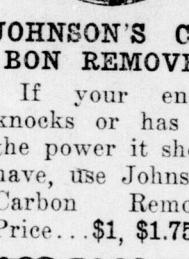

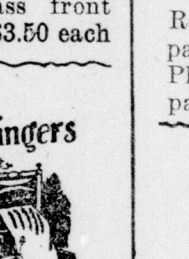

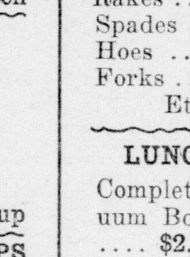

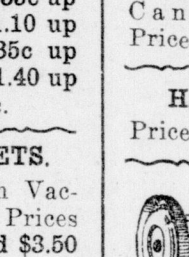

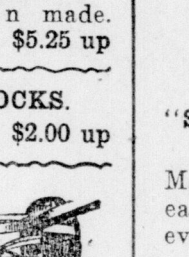

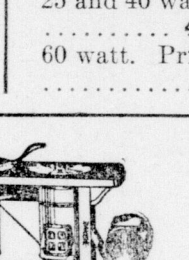

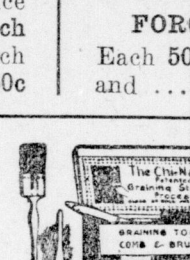

PORT DOVER, Aug. 2.—Wheat cutting is in progress in some parts of this district and will be a good yield. Many of the fruit growers are busy picking their cherries and are well satisfied with the returns this year. Plums and apples will be scarce. The orchard rectified given in Knox Church by A. H. Lye of Toronto was fairly well attended and the audience thoroughly enjoyed the program.

NEW APPROACHES TO WATFORD BRIDGE

WATFORD, Aug. 2.—G. T. R. officials, including Superintendent Charles Forester, Constable Allan and Messrs. Tichenor and Cully, visited Watford to make arrangements with the town council re the approaches to the Main street bridge. The five pupils who tried the Part I. upper school examinations were all successful. They are: M. B. Forster, L. B. Harper, M. J. McKencher, C. E. McManus, F. S. Smith and E. O. Squire. Thursday afternoon the ladies of L. O. B. A. No. 35 met at the lodge room to say goodbye to one of their members, Mrs. Stillwell, before she leaves for her new home in Halesbury, New Ontario. Mrs. Stillwell was presented with a handsome case of silverware.
