HEARS EVIDE NCE OF DEEPENING OF ST. LAWRENCE

The International Deep Waterways Commission opened its session in Toronto today for the purpose of taking evidence on the proposed deepening of the St. Lawrence River and the opening of Toronto as an ocean port. The picture shows the commission in session in the council chambers. From right to left: H. A. Powell, K.C., St. Johns, N. B.; Senator O. Gardner, Rockland, Maine, chairman of the American section of the commission; Sir William senator O. Gardner, Rockland, Maine, chairman of the American section of the commission; Sir William Toronto; C. A. McGrath, Ottawa, chairman of the Canadian section, and Senator C. D. Clark, Evanston,

TO RESIGN SEAT IN HOUSE OR QUIT JOB

Winnipeg, Nov. 12.—President A. E. Moore of the Winnipeg Command of the G. W. V. A. from the chair of last night's meeting of the command gave out his first statement on the order of President Hanna of the Canadian National Railways, under which he was given the alternative of resigning as a second control of the statement of t here as stating that James Higgins, the defeated soldier-labor candidate in the Northwest Toronto by-election on Monday last, will not be permitted to fesume his work as an employee of the Canadian National Railways. Mr. Higgins resigned his position with the fallway during the election campaign, following a public announcement by President Hanna that no employee of the Canadian National Railways would be allowed to run for political office. With reference to a dispatch from Winnipeg stating that President A. E. Moore, of the Great War Veterans' association in Winnipeg, who was elected to the Manitoba Legislature, and who is an employee of the Canadian Notional Railways, had deciared that he would neither resign from the Legislature nor from his position in the Canadian National Railways shops, President Hanna rep'ed: "I don't know anything about that, except that he will be off the "pay-roll. I have

THE

**EXCHANGE RATE** 

VII.—What Controls It?

WE have shown in former issues of this series that currencies, outside

their own countries, are commodities, not

money; the advantage of Bills of Exchange over gold for making settlements and the effect of the Trade Balance on the Ex-

change Rate. In our last article, we ex-

plained the influence of the Inflation of

the Currency. We will now deal with the

effect of the second of the War Finance

measures, the Restriction of the Export of

greatest financial crises, paper currencies of the chief countries could be redeemed in gold on demand, and the gold could be

sent to another country.

Before the War, except during the

The fact that this was possible had great

controlling influence on fluctuations in

exchange, for when the premium on a Bill

of Exchange on any country rose above the cost of shipping and insuring the gold,

settlements were made by such shipments. Gold reserves, if depleted by shipments to

countries where our paper money was at a discount, usually were restored by the

purchase of gold in countries where our

paper money was at a premium. The range of the rise and fall in exchange was thus kept within comparatively narrow limits. When war broke out, however, all the belligerents prohibited the export of gold

in order to retain as large reserves as pos-

The principal controlling factor in the exchange market was therefore withdrawn, and the price of Bills of Exchange depended chiefly on whether the amount offered exceeded, or was less than the demand.

In our next issue, a week from to-day, we shall touch upon some other influences

on the exchange value of the dollar which,

# **ASKS PROBE OF GAS SITUATION**

Mayor of Windsor Taking the Matter Up With the Commissioner.

WINDSOR, Nov. 12 .- Alleging that Windsor's gas pressure today had reached a minimum of only a scanty few pounds, and that evidently an attempt was being made by the Union Gas Company to discriminate against the city in revenge for the leadership assumed by Windsor in the joint fight of Western Ontario municipalities against increased rates. Mayor Winter today wired Gas Commissioner Estlin at Chatham, asking that an immediate probe be made into the pressure and the reasons for it, and that means be taken to enforce better service from the producing and distributing companies.

# SAYS CROP-MOVING **CONDITIONS WORSE TODAY THAN EVER**

"Economic Gospel" in Saskatchewan House.

REGINA, Sask., Nov. 12.-Criticism of the Canadian Government Railways and of "the economic gospel" now being of "the economic gospel" now being preached in the west by Premier Meighen and Hon. J. A. Calder, his "lieutenant and traveling companion," and a declaration that the resolution on national marketing did not contemplate a fixed price for wheat, but only a chance for the farmers to compete in the world's markets, featured the address by Hon. George Langley in the Legislature yesterday. In speaking to his resolution for the reappointment of the wheat board, Mr. Langley said that "crop-moving conditions on the Canadian National Railways, even in the worst days of Mackenzie & Mann, were not as bad as they are today."

FRENCH RAILROADS NEED BETTER BRAKE

PARIS, Nov. 12 .- Need for hastening doption of the "continuous brake" on freight cars, says M. LeTrocquer, minister of public works, is made apparent by the wrecking of an express train outside Paris a few days ago. Nearly 50 persons were killed and scores injured. Such brakes are provided for in the economic section of the peace treaties, he said, but their adoption depends upon agreement among European countries. The "continuous brake" is designed to operate automatically upon cars that may break loose from a train. The recent accident was caused by several loose cars becoming derailed when they rolled down grade to the forward part of the freight twain, waiting for them. The loose cars fell across the track of the express that arrived half a minute later. reight cars, says M. LeTrocquer, min-

content and the state of the canadian National Railways, even in the worst days of Mackenzie & Mann, were not as bad as they are today."

LONDON WOMEN NOW ENJOY PIPE SMOKING

LONDON, Nov. 12.—Pipe smoking seems to be on the increase among London women and fashionable cigar stores display dainty small briars, some set with preclous stones. It is said there is a growing demand for these. At one West London theatre where smoking is permitted, two smartly-dressed women were seen the other evening in a box puffing at their jew-elled pipes, and soon an old Irishwoman in the gallery followed suit. Here was a clay "cuttle," for slipment to the factories, also "cuttle the preclude of the intervalve of the intervalve of the corresponding to the excellence. After sevuce had in Duart to Tucsday. ## WHY ANAEMIA PREVAILS

sponsible.

Mothers who remark that girls today are more prone to anaemia than the girls of a generation ago, should look back at the surroundings in which the and their companions lived. They would easily see the reason in life's altered circumstances today.

Now the school girl's life is more

strenuous; her more numerous studies are a severe tax upon her strength. Also, girls enter business soon after leaving school-at an age when they most need rest and outdoor life. Their womanly development is hampered by the stress of working hours, hurried and often scanty meals. Girls are more liable to bloodlessness today, but there is this consolation that, whereas doctors formerly regarded anaemia as often incurable, the cures are now counted in tens of thousands.

Mabel McKinley-Niece of the Late President of the United States-Takes Nuxated Iron for Health and Strength

And Says She Regards It as The Ideal Tonic For All Weak, Run-Down Nervous Women

Dr. George H. Baker Formerly Physician and Surgeon Monmouth Memorial Hospital of New Jersey, Explains Why
Iron Is One of the
GREATEST OF ALL
STRENGTH BUILDERS

Says: He has found nothing in his experience so effec-tive for helping to make strong, healthy, red-blooded women as Nuxated Iron.

Every woman who wishes to possess health, strength and beauty, should carefully read the statement of Miss McKinley who, after her personal use of Nuxated Iron tells of the results she obtained.

Miss McKinley says: "While I had often heard of Nuxated Iron I must admit that prior to using it myself I had no idea of its remarkable value for building up the health and strength.

"Following the strain imposed by months of the most exacting work singing for the soldiers in the various army encampments, together with my social engagements and charitable singing for the soldiers in the various army encampments, together with my social engagements and charitable pursuits. I found myself in such a weakened, run-down state that I feared a complete collapse.

"It seemed utterly impossible for me to drop everything and go away for a complete rest, but I realized that as my condition was serious I must either do this or find something that would actually rebuild my waning strength and enable me to continue my activities.

waning strength and enable me to continue my activities.

"I had always been prejudiced against tonic preparations which, for the most part, I found only acted as a temporary stimulant and usually left one worse off than ever. However, when my own family physician insistently recommended that I give a fair trial to Nuxated Iron, I consented to begin its use, with a result that after a few days the weakness and exhaustion from which I suffered began to be replaced by a feeling of renewed strength and vitality. In less than three weeks' time my whole system was tingling with energy and power and I was overjoyed to find that I was once more in superb physical condition.

"Nuxated Iron has accomplished so much for me that I regard it as the ideal tonic for all weak, run-down women. As a strength, health and blood-builder, I am convinced Nuxated Iron has no equal."

In commenting on Miss McKinley's statement, regarding the efficacy of Nuxated Hon. Dr. Ferdinand King. New York

Physician and Medical Author, says: "It is my opinion that in practically nine times out of ten, unstrung nerves and failing strength and vitality are due to deficiency of iron in the blood. Many a woman who is run-down, nervous and who quickly tires out, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron, might readily build up their red-blood corpuscles, increase their physical energy and get themselves back to vibrant and vigorous health. By enriching the blood and increasing its oxygen carrying power, Nuxated Iron will often transform the flabby flesh, toneless tissues, and pallid checks of nervous, run-down women into a glow of health, and make them look younger within a surprisingly short time."

equal as a Strength, Health and Blood-Builder.

Miss McKinley has a voice

of unusual quality and it was

opinion was Dr. George H. Baker, formerly Physician and Surgeon Monmouth Memorial Hospital, New Jersey, who says: "What women need to put roses in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs but plenty of rich, pure blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood-builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxstrong, healthy, red-blooded women as Nur-

following her work singing for the soldiers that she became weakened and

run-down and had recourse to Nuxated Iron. Once more in superb physical condition, Miss McKinley says she is convinced that Nuxated Iron has no

# How To Keep Fit

Be Alive to the Dangers of Uric Acid

I F the world were fully alive to the effects of uric acid in the blood, there would be much less suffering than at present.

Every sufferer from rheumatism, sciatica, gout, lumbago and kindred complaints should realize that these afflictions are caused by poisonous elements in the system. When your kidneys fail to drain the dangerous uric acid from the blood, the first symptoms of kidney disease quickly appear—headaches, backache, constipation, dizziness, pains in the sides. At the first sign of any of these symptoms you should take Gin Pills at once. They will give you speedy relief.

This splendid remedy removes the trouble by going straight to the cause—the kidneys. Gin Pills help these organs to perform their natural function once again, and the blood is soon purified.

Thousands of sufferers daily testify to the excellence of Gin Pills -even cases of long standing having obtained relief from this fine remedy.

Do not let your kidneys go from bad to worse. At the first sign of trouble, go to your nearest dealer and buy Gin Pills-60c a

Or, if you prefer, a free sample of Gin Pills will be mailed upon request.
