JOSEPH SEAGRAM O.J.C, PRESIDENT

Jockey Club Hold Annual Meeting, When Officers Were Elected -A Great Season.

The annual general meeting of the shareholders of the Ontario Jockey Club took place yesterday at the office of the club, Mr. Seagram occupying the chair. In the course of his remarks Mr. Seagram stated that the racing of the past year had been successful—123,850 had been distributed in purses during the spring and autumn meetings of the club, as against \$107,650 in 1908, showing an increase of more than \$16,000. Better horses, he felt, had contested the races, Especially was this the case in the Toronto Cup at the spring meeting, which was won by King James, who immediately after won the Brooklyn Handleap, one of the most valuable races of the year in the United States, carrying 126 lbs.

The recent autumn meeting at which the sum of \$44,355 was distributed during the seven days, and brought about good contests with some of the best horses in training on this continent. During this meeting 29 races of a mile and upwards were run. He was pleased to see owners and trainers loyally supporting the Ontario Jockey Club by entering their horses liberally in races over a distance of ground (he had perhaps never seen a finer spectacle than the race for the Ontario Jockey Club's Cup at two miles and a quarter), which were always enjoyed by the people and brought out the stamina of the horses engaged.

The following gentlemen were elected directors of the club for 1909-10: Messrs. Seagram, E. B. Osler, Hon. L. Melvin Jones, Dr. Andrew Smith, G. W. Torrance, D. W. Alexander, Colonel J. S. Hendry and R. J. Christie. At a meeting of the board, held subsequently, the following officers were elected:

President—Joseph E. Seagram, Waterloo.

First Vice-President—E. B. Osler, M.P., Toronto.

First Vice-President-E. B. Osler, M.P. Second Vice-President-Hon. L. Melvinones, Toronto. Executive Committee—D. W. Alexander (Toronto), R. J. Christie (Toronto), Colonel Hon. J. S. necessary, the cause of death being plainly evident.

Mrs. Flintoff was a widow, her husband having died about six years ago, and the little granddaughter had lived with her for some time, and was attending the Aurora Public School.

Fred Blake had until a week ago been employed on the farm of Thomas Robberts, a short distance out of the village, since which time he had boarded at the home of Mrs. Flintoff. One brother lives at White Rose, in Whitechurch, and his mother and a number of brothers and sisters reside in England. He-had only been in Canada England. He had only been in Canada a year or two, and was employed in Fleury's Agricultural Works.

No stir had been noticeable around the Flintoff house since Tuesday night, and Mrs. Simpson, a nearby neighbor, secured the assistance of others, and an entrance was effected thru a window, when the bodies of the three victims of the deadly gas were found lying in their rooms, apparently asleep. ngland. The Flintoff home is a one-storey cottage, and the stove an old-fashioned self-feeder. The air was badly fouled by the presence of coal gas when the neighbors first entered.

NORTH TORONTO. Concert Given by Eglinton L.O.L. War Best Yet.

NORTH TORONTO, Nov. 25.—(Special.)—A citizen of North Toronto called The World up by phone yesterday and drew its attention to the remarkation.

only in North Toronto, but in the city itself.

"If you have noticed," The World's informant said, "you will find that no heating has yet been supplied in the Glen Grove cars, while the cars are in a filthy condition and too disaction in the control of the cont would have been no necessity for anyone else to have drawn attention to this matter, but it is easily to be seen that the council which the town now has is not at all alive to these duties.

"I would also point out that the track of the Metropolitan is still unballasted, yet no effort is being made by the council to attempt to bring about what the charter of the road clearly provides for."

Around town much comment is made regarding the acceptance of the resignations of the three councillors by the present mayor and the three remaining councillors. It was thought that the mayor would have advised the council that as sufficient reason was not given it would be unwise to deprive the town of their services, especially as two were chairmen of important standing committees. As it is, the affairs of the town must be at a standstill as it would not be right for a council composed of four member of moose and deer heads at present in process of mounting. Among the finest of these are two magnificent moose heads, the property of Dr. Patford and this town has now become felt and this town has now become farmers are marketing from 50 to 100 bushels of alsike, and this at the prevailing high price, means the turning over of large sums of money.

AURORA, Nov. 25.— (Special.) — A startling and gruesome discovery was made here to-day when the dead bodies of Mrs. John Filntoff, her grand-daughter, Miss Laura Macdonald, aged about 14, and Fred Blake, a young Englishman, aged 19, were all found asphyxiated from gas in the home of Mrs. Flintoff, on Machell-avenue.

The discovery was made just before noon, and the news spread like wildere thru the town, a large crowd collecting in a few minutes.

Coroner Hillary and Dr. Stevenson were hastily summoned, and after an examination decided that death must have taken place at least 24 hours before. An inquest was decided to be unnecessary, the cause of death being plainly-evident.
