

The "Home Department" is a branch of our Sunday School work which I most heartily commend to your attention and hope all who cannot attend the school will avail themselves of its advantages.

Let both the E. L. of C. E. and the Sunday School have your heartiest co-operation for no church work pays better than that among children and young people.

Upon no consideration neglect family worship.

It is cause for regret that the immense amount of sickness during the winter together with the numerous special services so greatly interfered with systematic visiting.

In this growing community attention to strangers is a very important branch of our church work. Let it not be neglected.

"Now the God of hope fill you with all joy and peace in believing, that ye may abound in hope, by the power of the Holy Ghost."

Your affectionate Pastor,

WILLIAM TIMBERLAKE.
