GOVERNMENT'S TROUBLES TO BEGIN AFRESH TODAY

Want of Confidence Motion Will Probably be Introduced by the Opposition in the House This Afternoon—This Morning Occupied by Committee Work.

Fredericton, N. B., April 27.—(Special) Another busy day is expected in the legislature today. The committee were at work early in order to get their work cleared up for the day. Two or three minor bills were before the Municipalities committee, including the junk license bill from St. John. The accounts committee was also in session.

Among the arrivals this morning was a civic delegation from St. John, consisting of Ald. McClelland, Pickett, Vawter and Spruell, the visit of the latter being in connection with the changes in the dog license law, which is before the government for approval.

There was some talk of allowing the want of confidence motions and the Westland grant bill to go over till next session, but no arrangement was effected. Last night the rumor was renewed, but this morning it was definitely stated that the original programme would be carried out. Therefore Mr. Toop's motion will be discussed some time during the afternoon. It is not expected that the debate will be prolonged to any great length, but of course this depends on the nature of the reply on behalf of the government.
