

The Matriculation Scholarships will be awarded to the two Candidates who rank first and second respectively in the Examination, provided they have obtained at least sixty per cent. of the aggregate number of marks, exclusive of those allotted to Chemistry.

Candidates for Matriculation may not compete for Honor or Scholarships in two Faculties. Those who have matriculated in a Faculty may not compete for Honors or Scholarships at a subsequent Matriculation Examination in another Faculty.

The above Regulations relating to Matriculation came into force on the 1st October, 1878.

REGULATIONS RELATING TO UNDERGRADUATES.

Undergraduates are required to attend Lectures, and receive practical instruction during each of four years, at one or other of the Schools of Medicine recognized for this purpose by the University. The certificates of attendance upon Lectures must mention the precise number of lectures given in each Course, and must certify the attendance of the Candidate at two-thirds of these at least. The Certificates of Practical Instruction must certify that the Candidate has diligently pursued the studies in question for the whole of the time required, and these must be signed by the teachers in the immediate charge of the Laboratories where the instruction was obtained.

Each Undergraduate, at the end of each of the four years of his Course, is required to present himself at the Annual Examination of that particular year. The Annual Examinations are styled the First, Second, Third, and Fourth Professional Examinations, and are to be passed in separate years in the order named, by all Candidates for the degree.

(a) In the case of a Candidate being prevented by sickness, domestic affliction, or other causes beyond his control, from attending at one of the Professional Examinations, he may be allowed, on establishing the sufficiency of the cause, to take that examination together with the next following.

(b) This privilege will not be allowed to a Candidate rejected at a Professional Examination.
