DETOURS FOR AUTO DRIVERS

Road Construction Between Rothesay and Hammond River the Cause.

Roundabout Ways Through Fine Scenic Places, Says Auto Assoc. Sec.

J. C. Berrie, secretary of the N. B. Automobile Association, said today that because of road construction going on between Rothesay and Hammond River, which is a part of one of the principal highways in the province, several detours have been provided between Rothesay and Hampton.

The first necessitates turning to the right at Rothesay church and following the Dolan road until the sign indicates a turn to the left, and then proceeding practically straight through a well gravelled road, which is being daily repaired, as far as French Village and Hammond River covered bridge. The way then is to Smithtown and thence to Lakeside and Hampton. This takes the automobilist through a part of the country not excelled for beauty of scenery.

There are other detours at Rothesay via the Gondola Point road, and a short distance beyond Gondola Point where a road leads over the hills to Model Farm, he said, which will eliminate, for a considerable time, any inconvenience caused by road construction between Hammond River and Rothesay. If the tourist wanted a real drive, Mr. Berrie said, he might go as far as Gondola Point Ferry, cross there, take the road to the old historic village of Kingston, and two miles beyond take the Ketchum road, plainly marked, to Hampton, and have an opportunity to see the most delightful scenery along the Norton shore and the Kennebecasis Valley to Hampton Village. The obstruction caused by road construction in this case, he concluded, afforded motorists and motor visitors opportunities for beautiful side line scenic views.

NEW PASTOR AND HIS WIFE ARE WELCOMED

Rev. H. C. Rice Greeted by Queen Square Church Members Last Evening

Rev. Harry C. Rice, B. A., president of the former Methodist Conference of New Brunswick and Prince Edward Island, arrived in the city last evening with Mrs. Rice. They came from Bathurst, their former pastorate, to Queen Square United Church, and were cordially welcomed by a delegation of the congregation, at the paragon, Pagan Place. They spent the evening in appreciation of the warm-heartedness of the welcome accorded them.

As July will be the vacation time for Rev. Mr. Rice, he and his wife will leave tomorrow morning for Hartland, Ontario, to visit relatives. Their daughters, Miss Gertrude, Mary and Eleanor, are attending school in the city and will come to Saint John with their parents. Miss Gertrude is in Summerside, P. E. I., a former pastorate of Rev. Mr. Rice.

Much sympathy is felt for Mrs. Rice in that her father, Charles Plummer, prominent in Methodist circles in the province, has been stricken with serious illness at the home of his nephew, Frank Plummer, in Bathurst. She went to visit after spending the winter with Rev. and Mrs. Rice in Bathurst. Little hope for his recovery is held.

TWO BEFORE JUDGE

Cases of Woman and Boy Are Taken up by Judge J. A. Barry.

Mrs. Margaret Connell, sent up for trial recently on a charge of having stolen goods in her possession, appeared before His Honor Judge J. A. Barry in County Court chambers this morning, and made a statement to the court. She was remanded until the court can consider the evidence. The date was set for further hearing. E. J. Henneberry appeared for the accused.

A juvenile, charged with the theft of a sum of money from a house in the South End, pleaded guilty and was remanded until tomorrow morning at 10:30 when the case will be disposed of. Scott E. Morrell appeared for the boy.

As Hiram Sees It

"Hiram" said The Times reporter to Mr. Hiram Hornbeam, "do people still go to the mineral spring in the woods back of the settlement to be cured of various ills?"

"Not some boot-leggin' got to be so common," said Hiram. "The mineral water haint got the same kick to it."

"I remember," said the reporter, "when that mineral spring cured rheumatism and a lot of ailments."

"So it did," said Hiram. "An' 'os did assapareilly root an' ground hemlock an' black cherry bark—but one shot o' reel bootleg stuff 'il cure a man fust an' then give him religion. Beats all how times changes. I often wonder what we'll be doin' next. Mind when we used to get hold o' some feller an' git him to take a bite of injun turnip?"

"Do 'it," said the reporter, "I had my own tongue nearly burnt off by it once."

"Well," said Hiram, "it aint done no more. They just ask a feller to take a drink—an' take it raw. One good snort is enough—yes, sir."

Project Gone Int. at Meeting Last Evening—Picnic is Also Planned.

At a joint meeting of the congregation and vestrymen of the Church of the Good Shepherd last evening arrangements were promoted for the erection of a hall on the site of the present building, which is inadequate for the activities of the church, and especially the young people. The congregation met also to discuss the annual Sunday school picnic, which will be held July 21. Mrs. A. O. Fairbairn and Mrs. Gerhard DeGeer were appointed to make plans.
