JUDGE JONAH'S SON. Arthur W. Jonah of Sussex, reported this week as wounded in the war, is a son of Judge Jonah. He went over with the 6th C. M. R. and later transferred. He has a wife and one child.

REMOVED TO LOS ANGELES. Miss Betty V. Flewelling, accompanied by her mother, whose former home was in St. Martins, left St. John on Saturday for Los Angeles, California, to make their future home. Miss Flewelling, after leaving St. John some years ago, went to Vancouver, where she was successful in a business career, but later returned east to Montreal, where she private secretary to the general nanager of a large manufacturing conwhose headquarters are in cern whose headquarters are in New York. She made many friends in Mont-real, but ill-health has caused her to go on her physician's advice to California.

Miss Flewelling has developed her talent
as a writer, both of prose and verse, and

BIG TIME FOR THE KIDDIES AND THE NAVY LEAGUE THIS AFTERNOOL

hopes to be able to do some scenario work after she has become settled in her

This afternoon, starting a little after four o'clock, the school-free children are having a Navy League mass meeting in Imperial Theatre, arranged and being carried out by Col. E. T. Sturdee, divisional president of the League (New Brunswick), Lieut. A. J. Mulcahey, Mrs. M. B. Edwards, Mrs. J. Boyle Travers and W. H. Golding. From the way in which the kiddies, in their best bib and tucker, were flocking to the theatre about two o'clock, it must be a bumper affair. The programme being carried out consists chiefly of chorus singing, an address by Colonel Sturdee, on the objects and patriotic meaning of the Navy League, and public investiture of new members on the stage. The choruses include The King, O Canada, We'll Never Let the Old Flag Fall, Rule Brittania and the Specialty Film and Import Co. loans a fine lot of British navy motion pictures. It was expected the public presentation of badges, brooches, etc., to the boys and girls would be an interesting ceremony. Bluejackets and petty officers off craft in the vicinity of the city were to do the honors. Each child is to get a British naval ensign and if the matter could be arranged the whole houseful would be photographed after the mass meeting was over, possibly in front of the theatre.

OF SPHAGNUM MOSS

The demand for sphagnum moss is so large and insistent upon local people interested in this supply that William McIntosh, who is to head a camp of Natural History Society girls in the gathering of the surgical dressing at Ludgate Lake in a few weeks, thinks there may have to be another large volunteer force put to work. The gathering of the moss, while not an arduous activity, is nevertheless steady work and necessitates walking in wet bog, for which the Natural History girls will be fitted with long rubber boots. The American Red Cross authorities have asked for a supply of moss that staggers local workers, but the task will be undertaken vigorously and faithfully adhered to. It is expected the sixty girls of the N. H. S. will pick fully 2,500 dressings a day during the three weeks they will be under canvass.
