The Fragrant Qualities of Master Mason

READY RUBBED SMOKING TOBACCO

Are all in the leaf used in the making of it. We have for years hunted the subtle and elusive elements of goodness in tobacco; we know what they spring from; we know how to retain them in the process of making smoking tobacco. The raw leaf used is the whole thing; the goodness is in the tough, waxy finish and silky fiber of the leaf we use in making

MASTER MASON
READY RUBBED

In the process, we merely deprive it of all possibilities of "sting" or "bite". The result is a really fine smoking tobacco, a cool, mellow, free and even burner to the last shred, with a rich and pleasing aroma. These qualities cover all there is in smoking enjoyment.

Get MASTER MASON in neat handy tins ready rubbed for the pipe. 15c.
