

ordinary Sabbath day collection from each is all that is needed ; let it not be said that this will fail to be forthcoming in the course of a few weeks.

With reference to the tenure of this property, it has hitherto been held in trust by the Rev. Dr. Mathieson. A deed is in course of preparation as far as practicable in accordance with the instructions of Synod, 1845, renewed in 1851, and the original design with which the reserve fund now expended upon the property was collected ; and it is hoped that a draft of said deed may be submitted for the approval of this Synod.

In conclusion your Committee express their thankfulness that this long projected scheme is so far advanced, that the first French Protestant Church in Montreal has been erected, and a door thereby opened for the French Canadians in the City of Montreal to hear the Gospel ; and they further express their ardent prayerful hope, that the Lord, who hath desired Zion for his habitation, will in this house bless her provision and abundantly satisfy her poor with bread.

All which is respectfully submitted in name and by appointment of the Committee.

W. SNODGRASS, *Convener.*
