Another year of Sabbath School work has come and gone, and it is with pleasure that we again submit our Annual Report.

We thank and praise the Great Teacher that we can once more say that prosperity and encouragement have attended our humble efforts to do good. During the year the vacancy in the pastorate of the Church has been filled and the School is delighted to have a pastor once more to rule over it.

On Mr. Mackie's arrival here from his far-off home, he was tendered a hearty and affectionate welcome amongst us, and we look hopefully forward to many happy years of earnest successful work with him in the Sabbath School.

We miss several names from last year's list of teachers, Mrs. Cannon and Misses Chambers and Fraser, who have been obliged to withdraw their valuable services owing to domestic cares or removal from the city.

Our energetic and faithful Secretary, too, on account of a change in his business relations, has been obliged to retire. We remember them all with affection and our prayers for their future welfare go with them.
