AYER'S

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an surferent perfectly safe in its operation. This has been prepared to meet that demand, and in extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pil, but not easy to meet the second of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost eyery purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the compliant, in its various forms of ula mide. Indigestion, Languer and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Agne, Pain in the Side and Loss; for, in truth, all these are but the consequence of diseased action in the liver. As an appetient, they afferd prompt and sure relief in Costiveness, Piles, Colic, Dyscatery, Humors, Scrotula and Scurry, Colds wait soreness of the body. Thay have also produced some singularly successful cures in Rheumatish, G
