THE ONLY SEWING MACHINE WHICH HAS A

Self threading Shuttle,

being ready to work as soon as the bobbin is placed in it. If the machine accidentally turns backwards it does no harm, and breaks no thread or needles. The construction of the shuttle and shuttle race is such, that no wear comes on the shuttle as in other machines; consequently, the shuttle does not wear sharp and cut the thread. Also the wearing points of the machine are adjusted on steel centres, thereby avoiding friction, and adding greatly to its durability.

The feed can be quickly raised or lowered to adapt it to thick or thin material; also the length of stitch can be regulated from above, while the machine is in motion. The tensions are easily, evenly, and perfectly adjusted, the under tension being self-regulating, and no threading up required in the shuttle. The underthread is drawn from a short, deep bobbin, giving a perfectly even tension, never breaking the thread, making the Lock Statch, the strongest and best. It runs lighest of any shuttle machine. Makes the least noise. Has self setting needle. Has the most room under the arm. Never skips stitches or breaks threads. Is most easily learned. Can be instantaneously adjusted to work from No. 300 to No. 10 cotton. Is thoroughly made in all its parts of the best material and every machine is warranted by the Company and its

THE SECRET KEY TO HEALTH .- The Science

When death was hourly expected, all remedies having failed, and Dr. James was experimenting with the many herbs of Calcutte, he accidentally made a preparation which cured his roly child of Consumption. His child is now in this country, and enjoying the best of health. He has proved to the world that Consumption can be positively and permanently cured. The Doctor naw gives this Receipt free, with toll particulars, showing that every one can be nis awn physician and prepare his own medecine, only asking that each remit two green stamps to pay expenses. This Herb also cures night-sweats nausea at the stomach, and will break a fresh cold us in twenty-four hours.
