

WESTWARD HO TO BE SLOGAN

GIGANTIC SCHEME OF SALVATION ARMY

Winnipeg, Nov. 16.—"In less than three months of the present year, we received more than 120,000 applications in Great Britain for information in reference to Western Canada from English people who were thinking of immigrating to the Dominion," said Commissioner Coombs of the Salvation Army today.

"During the year 1908 we will carry out the greatest movement of people ever attempted. We will load a ship with immigrants on February 1st, and we will carry these people a distance of almost six thousand miles, to British Columbia. We will take two solid trains from the Atlantic to the Pacific. We will bed and feed the people on the way, granting to them an inclusive rate. We will have in the party at least 200 of the best domestic servants procurable in Great Britain who will take service in British Columbia.

"We have at the present moment 5,000 families of the best class ready to emigrate to Canada as soon as arrangements are completed.

"We will send to the United Kingdom this winter twenty of the most competent men and women representing each of the provinces of Canada."

GUILT OF TREASON IS ESTABLISHED

Ensign Ulmo Sold Naval and Military Secrets to Germany—Spying Recognised Institution

Paris, Nov. 16.—The treason of Ensign Ulmo of the French navy, who was arrested at Toulon on October 15th, on the charge of being a spy and who it was announced subsequently had confessed, is now considered to be firmly established.

There is no longer much doubt that he made several trips to Germany and delivered documents to the German spy service at Brussels, which

Whose Say-So's Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone and exclusively as their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives.

Dr. Pierce's medicines, however, form an exception to the above rule. Their claim to the confidence of invalids does not rest solely upon their owners' and makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle-wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

In favor of Dr. Pierce's medicines is the frank, confident, open, honest statement of their full confidence. Scores of every ingredient in plain English, without fear of successful criticism and with confidence that the good sense of the afflicted will lead them to appreciate this honorable manner of confiding to them what they are taking into their stomachs when making use of these medicines.

WHAT THEY CURE. People often ask "What do Dr. Pierce's two leading medicines—'Golden Medical Discovery' and 'Favorite Prescription' cure?" Briefly, the answer is that "Golden Medical Discovery" is a most potent alterative, or blood-purifier, and tonic, or invigorator, and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder curing a large percentage of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhoea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it generally cures the several diseases. In fact the "Golden Medical Discovery" is without doubt, the most successful constitutional remedy for all forms of catarrhal diseases known to modern medical science. In Chronic Nasal Catarrh Dr. Sage's Catarrh Remedy fluid should be used for washing and cleaning out the nasal passages while taking the "Discovery" for its blood cleansing and specific, healing effects upon the mucous lining membranes. This combined local and general treatment will cure a very large percentage of the worst cases of chronic nasal catarrh, no matter of how many years' standing they may be.

As to the "Favorite Prescription," it is advised for the cure of one class of diseases only—those Weaknesses, derangements and irregularities peculiar to women. It is a powerful, yet gently acting, invigorating tonic and nervous.

will necessitate a complete revision of the French navy and military signal codes, and the plans for mobilization. Nevertheless the incident is not likely to lead to diplomatic complications with Germany, as it is a recognized institution in Europe. The French government officially announced today that it did not demand the recall of Rear-Admiral Siegel, the German naval attaché at Paris, who is suspected of participation in the Ulmo espionage.

SEATTLE BUYING GOLD.

Sound City Bank Has Shipment of \$100,000 Coming From London.

Seattle, Nov. 16.—The Seattle National Bank yesterday bought in London \$100,000 gold for shipment here. A cablegram from London states that the gold will be sent to the Seattle bank by the first steamer leaving for America. The officials of the bank estimate that the yellow metal will reach this city within the next fortnight.

The gold was bought in London by the Seattle bank direct, and through any of the New York banking houses. Local bank officials state that this is the first shipment of gold purchased abroad by a Seattle banking institution.

LIFETIME SENTENCE.

Confesses to Embezzlement—Must Go to Prison For 33-42 Years.

Telluride, Col., Nov. 16.—H. A. Tilly, a former city clerk, who confessed to embezzlement from the city and from the treasury of a fraternal organization of which he was an officer yesterday, pleaded guilty. He was sentenced to the penitentiary for a term of 33 to 42 years. This is the extreme penalty for the crime.

LOSES HIS LEG.

Amputation as Result of Entanglement in Machinery.

Red Deer, Alta., Nov. 16.—Alfred Young, who was employed by W. Warner, living west of the town, was brought to the Memorial hospital today with a badly injured leg. He was running an engine, and by some unexplained manner got his leg caught in the machinery, tearing one bone completely out of his ankle. The unfortunate man is doing as well as could be expected.

DUAL TRAGEDY.

Two Austrians Instantly Killed by Engine Near Fort William.

Fort William, Nov. 16.—Vobgunk and Deglo Horbuk, two Austrians, were instantly killed by being hit by an engine at Neebing last night. They were returning to the camp from the construction camp, and while walking off one track out of the way of a westbound freight train, were struck by an eastbound engine.
