Fernie Association Does Not Consider It Binding on Liberal Party.

A meeting of the Fernie Liberal Association was held in Princess hall, Tues day evening, February 18th. President Storl addressed the meeting and gave a ver interesting account of the doings of the Liberal convention recently held at Vanconver and in concluding moved the folowing resolution, which was seconded by H. Purdy:

Be it resolved that we, the Liberals of Fernie, do strongly protest against the trickery and the unjust manner in which the Liberals of East Kootenay were defranded of their fair representation in the Vancouver convention; and be it further resolved that ample evidence has been secured to show that the convention was packed and did not represent the Liberal party of British Columbia, therefore the Fernie Liberal Association does not consider that the action of the so-called convention is in any way binding on the Liberal party of the province.

Electors Warned Against Accepting Bets-Where the Members of the House Are Residing.

Attention has been diverted tempor arily from the government and the opposition across the Bay to the more local matter of the Bodwell-Prior bye-election in the city. Last night's fine meeting nouncement that Col. Prior would be in the field would have the effect of ringing Messrs, McBride, McPhillips, Helmcken, Green and other Conservativ ernment fold. The array of speakers on the platform disposed effectually of any such fears. Mr. McBride was just as provounced in his hostility to the Colonel's candidature as was Mr. Munroe, a life-long Liberal. The two Conervative members from the city, Messrs, McPhillips and Helmcken, are also pronounced in their opposition to Col. Prior. Mr. Martin's friends, on the other hand, are supporting Col. Prior, and it will be nstructive to see whether or not their leader will take the platform in support of the government candidate.

Voters are warned against accepting bets in the present bye-election. Every man who does so is liable to have the right to exercise his franchise challenged overnment may thus deprive a number f men of their votes who have been nnocently decoyed into a wager.

A meeting in the interests of the can
