Plans are in progress, engineered by some of the members of Canton Augusta, No. 3, I. O. O. F., for a trip to St. John, N. B., the latter part of September. A large number have already signified their intention of going and doubtless the party will be large enough to take the provincial city by storm. It will be a delightful trip as the brothers of that city are well known for their large-hearted hospitality to visiting members of the order.

ROTHESAY WINS.

FREDERICTON, N. B., Sept. 2.—
The Rothesay Tennis Club easily carried off the bonors in their game today with the Fredericton Club. The
day was an ideal one for tennis, the
sun being obscured by light clouds
and the temperature quite comfortable
for the players and for the many
spectators. The sames took place
upon the fine grounds at the Officers'
square. During the afternoon the
band of the Royal Regiment rendered
an excellent programme. Light refreshments were served in the plassa
of the barracks. The Rothesay players returned home by this evening's
train. !

At Fredericton.

Fredericton footballists are already chasing the leather oval. The capitals will have a strong team this year, among the players being F. Sadlier, Bruce McFarlane, Adams and G. DeLong. Though not as heavy in the aggregate as in former years, the combination is not afraid of going up against the best in the previnces, and will surely enter any provicial league that may be organized.

THE CHEESE TRADE.

The cheese situation has resolved itself into more or less of a deadlock between buyers in England and holders on this side. The result is that the bulk of the current movement represents contracts entered into some time ago, very little new business being done. In the country the factorymen in Quebec and east of here have been, and still are reluctant sellers at the decline, while west of here it is understood that the great bulk of August and a large past of the July make is still in first hands. This latter circumstance is held by several in the trade to explain the attitude of British buyers, who, having enough to get along with, believe they can shake out this accumulation of stock at still lower prices. Whether they will be successful or not remains to be demonstrated, but as the market has been acting lately, they certainly seem to have the best of the argument.

MANITOBA'S CROP.

WINNIPEG, Man., Aug. 30.-An ez WINNIPEG, Man., Aug. 30.—An exhaustive review of the crop situation is given in the Free Press today, in reports from special correspondents. The paper summarizes the returns as follows:—"Advices agree in stating that Manitoba's great wheat crop is being rapidly and safely garnered, fully 80 per cent. having fallen before the binder. Threshing has begun in many districts, and will be general in many districts, and will be general in a few days. Yields will average from 20 to 30 bushels per acre. All eastern learvesters willing to work for fair wages have found employment, and more men are required at several points.
