TOOK TERRIBLE REVENGE ON WOULD-BE MURDERERS

At Revolver's Point the Aged Mother of Men Who Tried to Kill Cabrera Was Forced to Give Them Up—Nineteen Others Executed After Court Martial

MEXICO CITY, May 28.—Full confirmation of the four prominent Guatemalans and the imprisonment and sentencing to death of 19 men suspected of complicity in the attempted murder of President Cabrera early this morning, was received through officials and private channels yesterday. The state department received a telegram stating that the Guatemalan people were so incensed at the sentence imposed on the 19 suspects, that President Cabrera has decided that these cases be taken to the court of account instance for revision. Pending the action of this tribunal the diplomatic corps is withholding the contemplated collective note demanding that the imprisoned men be set free. According to a private telegram received last night the four men who gave their lives because of the incident were Juan Y. Blanco, Dr. Jose A. Villa, Dr. Echeverria and Baltasar Rodri, a civil engineer. All of the men were wealthy and belonged to the first families of the republic. The story of the capture and subsequent death of these men is dramatic, and as soon as the mine was sprung they left Guatemala City because it is under Gen. Urrutia's control. The Guatemalan army heard of their return and going to the aged mother of Echeverria's brother. The soldiers took their bodies and threw them in sewers in the suburbs of the city. This act so incensed the people that the diplomatic corps was appealed to and Minister Gamboa demanded the bodies. Upon these representations they were finally turned over and later buried with great honors. Later the 19 suspects were imprisoned and sentenced to death by court martial proceedings.

CHICAGO COMMISSION MEN SOLD CATTLE ELSEWHERE

Struggle With the Packers Has Begun—No Cows Sold Locally Yesterday

CHICAGO, May 28.—Because of the enforcement by the big packers of their new rule requiring postmortem inspection of cows and heifers as a condition of sale, only the big class grades of beef were sold at the stockyards yesterday for the Chicago trade. It was the first day of the enforcement of the rule and the first skirmish between the packers and the shippers of live stock and the commission men. The big packing firms did not succeed in buying a solitary cow or heifer, but the 800 animals numbered in the list of the day's receipts as "cow stuff" remained unsold, however, all being sent to other points, and this showing the commission men insisted that the big firms were routed.

LIQUOR SMUGGLERS CAPTURED

U. S. Officers Pay Visit to Boundary Near Houlton and Meet With Results—Need Immigrant Inspector

HOULTON, May 27.—There was something doing at the Boundary last Thursday night. There had been a good deal of "boozing" in town for several weeks and pocket peddlers have evidently been doing a good business. But though Uncle Sam's officers sometimes move slowly they moved to some purpose at this time. Victor Peters, of Bridgewater, and his brother, "Doc" Peters, came down and were joined by Deputy Perley Duffey and at a late hour Thursday evening made their way toward the line. The first encountered one of the ten-ten-ton teams, driven by George Smith, and they proceeded to overtake him. He has three men aboard, but two of them were spry enough to spring out and run. Bottles could be heard smashing in the distance but the fugitives were able to make their escape into the woods.

The officers also captured a team belonging to the Seal House livery and took into custody Hayward and a man named Paul to await a hearing before a United States commissioner. Immigrant Inspector Arndt has arrived and takes the place of Mr. Curtis, who has been transferred to some other place. Mr. Arndt has been stationed at St. John during the winter but was formerly at Quebec.

GIVE NEW BORN BABES TO AN ENORMOUS SNAKE

Priest Makes Charge Against a Tribe of Southern Indians.

EL PASO, Texas, May 28.—In spite of the fact that a similar charge was investigated and dismissed by a jury some time ago, another complaint has been filed with United States District Attorney Llewellyn on New Guaymas that a tribe of Indians in that territory are given to the worship of an enormous serpent in which is fed the new born babes of Puebla, in which it is housed and carefully tended and guarded. The complaint was filed by a Catholic priest.

SNOWBALL COMPANY WILL FIGHT THE STRIKERS

CHATHAM, N. B., May 28.—The J. B. Snowball Co. will fight the strike and have wired for carriers, as they will install a carrier system to take the place of men carrying deals. All the Miramichi Lumber Company's mill men agreed to accept the offer of \$2.00 per day with six men to a run and now both gangs are going as usual.

FATHER KASPER WAS A POLITICIAN

More Light on the New York Trunk Tragedy.

Bad Feeling Between Members of the Armenian Revolutionary Party May Have Led to Murder.

NEW YORK, May 28.—Notwithstanding that the motive for the murder of Father Kasper Variorian, was found on Sunday morning in a trunk in a West 7th street house, is not clear, some facts have been learned which may dispel all doubts as to why the priest was slain. Father Variorian, it is said, was a politician as well as a clergyman and was identified with an Armenian secret revolutionary society here. It appears further that recently the revolutionaries in the local Armenian colony split and that much bad blood was engendered by the division. Yuharem Sepposan, an Armenian restaurant proprietor in East 24th street, who knew Father Kasper well, hints that the affairs of the New York branch of the Honchekis Society may bear some relation to the murder. This society has for its object the liberation of Armenia and other Christian countries in the Far East from Turkish rule. The New York branch was formed some time ago, Sepposan says, and its members worked harmoniously until about two months ago, when a serious schism occurred.

Sepposan says that the society has found some spies in its membership, who presumably have informed the Turkish authorities of revolutionary plans formed by the Honchekis with the result that independent Armenian revolutions have been suppressed. Sepposan says frankly that if Father Kasper was a spy he deserved to die. The editor of a Slavic paper here says Americans have no idea of the fierce jealousies and intrigues among Armenian revolutionaries here. He says that he knew of Father Kasper being an active politician and that it is more than likely his political proclivities led to his murder.

LOTS OF SENSATIONS IN WESTERN INVESTIGATIONS

Denver Paper Says Many Capitalists Will Have to Face Criminal Charges.

DENVER, Colo., May 28.—The Rocky Mountain News says today: That the federal investigation now in progress here involves some of the largest corporations in America and that indictments will be returned against men who are rated as multi-millionaires and captains of industry. No less than 120 secret service men now make their headquarters in Denver, this small army of government sleuths having rented a large portion of the fifth floor of an office building from where they are spreading the net that is tightening about victims in high places. C. C. Wheeler, in the service of the department of justice at Washington is in charge of the secret service men and he expresses the belief that there will be some startling revelations in the near future.

COMPROMISE OFFER MADE TO I. C. R. MACHINISTS

Moncton Sea Captain Has Been Missing for a Year—A Thief Who Robbed Many Different Persons—The Meadow Brook Tragedy Recalled

MONCTON, May 28.—Abiel Edgett, aged seventy years, a former sea captain has disappeared, and relatives here have given him up for lost. Since last June he has not been seen nor heard of. Strange circumstances surrounding his disappearance are not clear. He left the city some time in June last without telling anyone where he was going. He had been in the habit of going on shooting expeditions to the back woods of Albert county and for some time nothing was thought of his disappearance. Since he has not been seen for nearly a year, his relatives here have given him up for lost. He was at one time a sea captain and has several sons now in the sea, faring business. His wife died some years ago. He was a native of Harvey, Albert county.

A compromise has been offered the machinists who are asking for an increase of wages. An increase of four cents an hour or forty cents a day all round was asked for, but Deputy Minister of Railways Butler, has met this with an offer of compromise. Mr. Butler, it is stated agreed to an advance of four cents an hour for machinists now receiving sixteen and twenty cents an hour but proposes that the increase be paid men now receiving twenty-four cents an hour, accept a raise of two cents or twenty-six cents a day. This has not been fully agreed to by the machinists who are still holding out for the full increase asked for. In addition to the increase, the revised schedule makes some changes in Saturday half holiday. Under the new arrangement proposed, it is said, machinists are to have a half holiday every Saturday afternoon for five months during the summer with a loss of one hour during the other seven months. Saturday hours will be the same as at present. The machinists expect one of their Grand Officers here today to assist them in coming to a decision in reference to the wages, and a meeting of the general committee will probably be held to night to discuss the situation. It is intended to have a further interview with General Manager Pottinger and Mechanical Supt. Joughins tomorrow in reference to the revised schedule of wages. Carmen have been granted full increase asked for, namely four cents an hour, but the boiler makers have yet to be satisfied.

Wearing one man's coat another man's rubbers and hat and with personal belongings of several others in his pockets, John Eastorache, aged 23, belonging to Buctouche, was arrested last night and this morning sent up for trial by Magistrate Kay. He had been boarding in one of the houses near the new I. C. R. shops, rooming with two other men from whom he had stolen the articles in question. He was about to leave the city when arrested. He admitted taking the goods.

The Dutch murder tragedy at Meadow Brook a few years ago was recalled in the police court this morning when William Dutcher was brought before Magistrate Kay, charged with stealing a ride on the I. C. R. He pleaded not guilty, and was remanded until tomorrow morning.

Dutcher is a son of Mrs. Dutcher who was one of the victims of the Meadow Brook tragedy and a brother of Magie Dutcher, who was also murdered.

The C. M. B. A. local lodge last night celebrated its sixteenth anniversary by a banquet. A public meeting was to have been held but was called off owing to the inability of some speakers to be present. Hon. F. J. Sweeney presided at the banquet.

NEW YORK, May 27.—Application was made in the United States Circuit Court today, to have several actions for personal damages and loss of life as the result of the Iroquois Theatre fire in Chicago, postponed from the coming June term of the court until the October term.

A representative of the attorney of record of Lotger, Koehler and other plaintiffs, against Marc Klaw, Abraham Erlanger and others, filed was ill and his principal associate Clarence S. Darrow, who had appeared in all the trials held in Chicago, was actively engaged in the Hayward trial in Idaho. Because of these facts, and because it would be a hardship to ask the plaintiffs, all poor persons, to bring their witnesses on from Chicago for no purpose, the affidavit asked that the court permit the cases to go over until the October term.

Counsel for the defendants, it is understood, will oppose any delay, and ask that the cases be dismissed if the plaintiffs are not ready to proceed when the cases are called at the coming term.

ONE TIME WHEN THE LONDON POLICE FAILED

LONDON, May 28.—Almost under the noses of the police who were guarding the Royal Academy pictures now on exhibition in the Burlington House, one of the private galleries in Bond street, just around the corner was cleaned of the pictures during the night. The thieves got away with 55 canvases without leaving a clue to their identity. The pictures belonged to an artist who was to have opened an exhibition of them today.

PASSENGER LINER RAMS THREE MASTED Schooner

NORFOLK, Va., May 27.—The three-masted schooner Wm. L. Walker was rammed off Old Point Comfort yesterday by the Chesapeake Steamship Company's Norfolk-Baltimore passenger liner Columbus.

The Walker, of which Captain Simmons is master, filed past the big steamer went into her side, but did not touch the bottom, because of her cargo of lumber.

The crews of the schooner and steamer and the passengers aboard the latter had a scare, but no one was hurt. The Walker sailed from Brunswick, Ga., May 26th, for Fall River. She was towed into this harbor today and preparations were made to pump her out for repairs.

CANADIAN TO ARBITRATE IN THE CUBAN STRIKE

SANTIAGO, Cuba, May 28.—The State Department at Washington has declined to permit the United States Consul Mr. Holiday to act on the strike arbitration board and the latter has substituted for Mr. Holiday, George W. Howard, acting manager of the Royal Bank of Canada, a Canadian citizen. A company of artillery is guarding the dock and warehouses. The typographers have joined the strikers, and no newspapers were printed yesterday.
