

LUMBERMAN BADLY HURT

John R. Booth, of Ottawa, Seriously Injured by Falling Timber— Will Recover Say Doctors.

Ottawa, Oct. 3.—John R. Booth, the veteran lumberman, lies at his home in a serious condition as the result of injuries received this afternoon at his plant, when a big square timber, part of the ruins of the mill, which was burned down a few weeks ago, fell on him. His left leg was broken, his left shoulder badly bruised, and the left side of his face badly cut, especially above the eye.

In spite of the serious nature of the injuries the doctors say there are hopes for his recovery. At a late hour tonight he was resting comfortably for one so advanced in years. Mr. Booth is now in his 88th year.

The accident happened about two o'clock this afternoon, while Mr. Booth was superintending a gang of men tearing down the ruins of the timber mill. A big square upright fell, striking him across the face and shoulders. He was knocked down and the timber fell across his legs.

ALBANIANS ARE ROUTED

Servians Victorious in Bloody Contest—Reserved Fire Until Enemy Were Within 500 Yards of Trenches.

London, Oct. 4.—"The Albanians are falling back along the line," says the Daily Telegraph's Belgrade correspondent. After desperate fighting the Servian troops have entered St. Ruzsa, six miles from Ochrida, having cleared that territory and scattered the Albanians, who evidently are at a loss how to escape, their retreat over the River Drin being cut. The damage done by the Albanians is enormous.

"Believing that the Servian abandonment of Lyumkula heralded a general retreat, the Albanians attacked vigorously in front of Pristina, only to be decimated by the Servian fire, which was reserved until the enemy was within 500 yards of their trenches. Panic-stricken, the Albanians retreated to the four winds.

Belgrade is confident the rebellion is over, but the Albanians probably will follow the tactics they adopted under Turkish rule and attack again as soon as they recuperate their forces in the mountains.

A PASSENGER SHIP SINKING

S. S. Spokane Sends Out Wireless Calls for Help — Says Steamer La Touche Standing By.

Portland, Oregon, Oct. 3.—Wireless stations here and at Corvallis have picked up messages reporting that the steamer Spokane, of the Pacific Coast Steamship Company, has been wrecked off Cape Lazo, B. C. The steamer Dolphin is rushing to the Spokane's assistance in answer to "S. O. S." calls. A message from the Spokane said "Sinking fast. Rush help. The steamer La Touche is taking off passengers. The Spokane is a passenger vessel plying between Portland and north coast points.

STEEL TRUST BEING PROBED

Six Hundred Million Tons of Ore in Massaba Region Not Controlled by Companies, Witnesses Say.

New York, Oct. 3.—In the Massaba mining region there are 600,000,000 tons of iron ore not controlled by companies, it was testified on behalf of the United States Steel Corporation today in the government's suit to dissolve the corporation on the ground that it is a monopoly. William A. Merriam, expert geologist for the "trust," telling of this ore supply, said fifty per cent of it is now commercially available. Mr. Merriam testified under cross-examination by federal counsel. He declared that the independent holdings in the range are as great as those of the Steel Corporation.

William J. Olcott, of Duluth, president of the Oliver Mining Company, who stated his company operates the Corporation's mines in the Lake Superior district, testified he did not think that the "trust" has secret holdings there.

"What would be the result of trying to monopolize the ore lands in the Lake Superior region," witness was asked. "It would be hard to do, in the first place—almost impossible, in fact," was the reply. "If done, what?" "I think more exploring would be done and the development would go on faster," said Mr. Olcott.

UNDERWOOD TARIFF IS LAW IN UNITED STATES

Continued from page 1.
there is no use taking away the conditions of monopoly if we do not take away also the power to create monopoly, and that is a financial, rather than a merely circumstantial and economic power.

"So I feel tonight like a man who is lodging happily in the inn which lies half-way along the journey, and that in the morning with a fresh impulse we shall go the rest of the journey and sleep at the journey's end like men with a quiet conscience, knowing that we have served our fellowmen and have thereby tried to serve God."

Germany Benefits.
Germany will be the first nation to take advantage of that section of the new tariff act which provides for the negotiations of reciprocity arrangements embodying mutual concessions in customs taxes. Already the initial steps have been taken in the form of an arrangement in anticipation of the signing of the bill by the President tonight.

The chancellor of the German embassy, acting in the absence of Ambassador Bernstorff, has been in communication with the state department, and it is expected a rough outline draft of such an arrangement as is referred to in the section soon will be ready for consideration.

LABOR LEADER SENTENCED.
Paterson, N. J., Oct. 3.—Frederick S. Boyd, of New York, one of the speakers connected with the Industrial Workers of the World, was sentenced to prison today for publicly advocating sabotage. His term will range from a year to seven years, depending on his behavior. In addition he was fined \$500.

POWDER HOUSE BLOWS UP.
Trinidad, Colo., Oct. 2.—The powder house of the Primrose Mine at Rugby, three miles north of here, in the coal fields' strike district, blew up tonight, according to a message report received here. No fatalities are given. All wires are down between here and the mine. The Primrose is an independent mine, employing fifty men.

BRICKLY, HARVARD'S FOOTBALL STAR.

BRICKLEY HARVARD

Brickley is one of the best football men who ever carried the pigskin for Harvard. Last season he played fullback and his heavy plugging was one of the sensations of the season. This year he is back at his old position and from all appearances will repeat his success of last season.

KILLED IN LANDSLIDE.
Ottawa, Oct. 3.—Recent despatches concerning the landslide on the Alaska boundary and the deaths of two Canadian surveyors, H. Bodle and G. E. Roberts, whose home addresses are, however, not given, were confirmed today in a report to the marine department from Prince Rupert. Capt. Saunders of the steamer Quadra visited the scene of the disaster at Cape Muzon, but owing to a huge slide, made no search for the bodies. Part of the dead men's outfit was found.

RUMOR DENIED.
Albany, N. Y., Oct. 3.—Rumors that Governor Sulzer and his counsel were at the partying of the ways were denied emphatically tonight by D. Gady Herrick, chief of staff. Herrick broke his "silence" only after a story had gone broadcast that several of the attorneys would withdraw from the case next Monday.

His Contrary Way.
"My husband thinks I'm extravagant and gets mad every time he sees me with new clothes."
"He does?"
"Yes. He never sees me dressing up that he doesn't give me a dressing down."

DETECTIVE GOES AFTER ONE, GETS ANOTHER BY CHANCE.
New York, Oct. 2.—George McCrea, under indictment here for swindling Simon Jones, a Pittsburg coal operator, out of \$20,000 by means of a wire-tapping game, is under arrest at Los Angeles. This information came to the police today in a telegram from Detective Edward Leigh of the district attorney's staff. He had gone to California to set a man wanted here for abandonment, and ran into McCrea by chance.

DR. EDWIN BALDWIN DEAD.
New York, Oct. 3.—Dr. Edwin Candee Baldwin, state bacteriologist at quarantine, and one of the leading authorities in the United States on contagious diseases, died at his home in Fort Wadsworth, Staten Island, today. He was forty-eight years old.
