

# WILL CALL FOR TENDERS FOR ERECTION OF ADDITIONAL WAREHOUSE ON PETTINGILL WHARF - PROTEST MADE AGAINST ERECTION OF LAUNDRY AT CORNER OF UNION AND PITT STREETS - FINANCIAL STATEMENT.

The city council met yesterday afternoon and decided to call for tenders for the construction of another shed on the Pettingill wharf; listened to a protest against the erection of a laundry at the corner of Union and Pitt streets and again turned down the request of the Trades and Labor Council that an investigation be held into the collapse of the building on Peters street. The Mayor stated that the public debt incurred in the last two years would be largely taken up by the sinking funds, and that a bond issue, to be made next year would be comparatively limited.

A delegation consisting of Geo. A. Knodell, R. W. W. Frink, W. H. B. Sadler and T. J. McPherson appeared before the commissioners and protested that Mr. Armstrong should not be allowed to put up a laundry at the corner of Union and Pitt streets, by practically all the residents in the vicinity had been submitted to the council protesting against the erection of the building on the ground that it would be a public nuisance, and increase the risks from fire.

Mr. Sadler wanted to know why the city had issued Mr. Armstrong a permit to erect the building. Com. McLellan - Is the building now under construction? Mr. Sadler - Yes.

Com. McLellan said the matter had been up in council, and he had told Mr. Carleton not to issue a permit for the building, but Mr. Carleton had issued the permit. He then warned Mr. Armstrong that the building inspector had admitted he had made a mistake in issuing the permit. If Mr. Armstrong was going ahead with the construction of a wooden building he was acting in defiance of himself and the building inspector. His department would make every effort to annul the permit.

The Mayor - It seems to me that Mr. Armstrong, having submitted plans before the council, and that even if Mr. Armstrong put up the building by-law would permit the city to stop him from using it as a laundry.

R. W. W. Frink said the building would increase the fire hazard. It had no wall under it, and was of very inferior construction. Com. McLellan said a by-law might be drafted to deal with this particular case.

The Mayor - It would be hard to deal with an individual case. Com. McLellan - Well, we could deal with laundries in a certain district.

Mr. Knodell pointed out that all the property owners in the vicinity had petitioned against the erection of a laundry, and made a vigorous protest against the city allowing a wooden structure to be built there.

The Mayor - The building inspector sign the permit puts us in an awkward position. Com. McLellan said the inspector might say he signed the permit with others, though that might not be an excuse.

Com. Agar remarked that Mr. Armstrong was a man who usually got his way, and that, as he had a permit from the building inspector it might be hard to stop him.

Com. McLellan said Mr. Armstrong could not put up the building overnight, and he would like to see the matter be submitted to the special meeting of the council on Tuesday.

Financial Statement Mayor Frink submitted his usual financial statement. Receipts for October were \$158,457.10 and expenditures were \$119,873.54. The city had cash in bank on October 31 amounting to \$131,130.19.

Sinking Fund's Account Cash in Bank of Nova Scotia \$138,410.63 Deposits during October ... 3,872.61 In Bank of Nova Scotia, Oct. 31 ... \$142,783.24

Atlantic Sugar Refinery Account Cash in Bank of Nova Scotia \$92,142.14 Less second payment ... 10,000.00 \$82,142.14

His Worship stated that he had received many enquiries as to when the city would issue bonds, and wished to state that no bonds would be issued till next year, and then the amount of the issue would be comparatively limited. The city had a large sum in the sinking fund account, and this money would be used. So long as the city was not pressed for money it might as well have an interest as anybody else. At present the money market was in such a condition that it was not advisable to issue debentures. They had only been able to get a price of 91-1/2 on 4-1/2 per cent bonds.

Com. Agar pointed out that the School Board would shortly have to issue bonds to a considerable amount and those who wanted city bonds might do well to take up school debentures.

Want Investigation. A letter was received from Secretary Hyatt of the Trades and Labor Council, protesting that the failure of the commissioner of safety to take action in respect to the collapse of the building on Peters street was not in conformity with the law, which in his opinion of the Trades Council, and the building inspector to hold an investigation. The letter stated that the Trades Council wanted an investigation held with a view to determine whether anybody was criminally responsible, and also with a view to devising regulations calculated to prevent such accidents in the future.

The Mayor recommended that the application of the Granite Street Paving and Construction Company, re-presented by Frank Wade, for a lease of a lot on Prince William street be granted at a rental of \$80 per year, the lease to be delivered up at one month's notice.

The lot is situated near what is called the old fish market, and is to be fenced by the tenant. The recommendation was approved.

Additional Warehouse. The Mayor submitted plans and specifications for an additional warehouse on what is known as the Pettingill wharf property, and recommended that tenders be called for, returnable on November 17.

The proposed warehouse will be 75 by 70 feet, and will be located near the old apple warehouse, involving the removal of an old shed now used by McDermott as a storehouse for riggers' gear.

The recommendation to call for tenders was adopted. A letter was read from Gregory T. McDermott stating that he would relinquish his lease of the shed, in consideration of being provided with other quarters till the first of May, and also that he would give \$10 for the old shed and remove it at once. It was decided to accept Mr. McDermott's offer.

General Business. Henderson and Hunt were granted permission to erect an electric sign, provided it did not project more than four feet over the street.

The Street Railway Company were granted permission to erect two poles on Clarendon street to carry wires. The application of John O. Porter to be appointed city constable was referred to the Mayor.

Wm. McMullin wrote saying that fire had destroyed the certificate granting him the freedom of the city as a soldier returned from the Boer war, and asking that a duplicate be given him. The matter was referred to the Mayor.

A letter was received from H. H. Pickett, claiming that the city should repair the retaining wall under the Holder property on Main street, and threatening a suit for damages. The letter was referred to Com. Agar and the recorder.

Mayor Frink stated that he had increased the wages of the watchman on the Sand Point wharves. Frequent complaints were made that steamers, dredges or scows destroyed the safety ladders on the face of the wharves. This must be stopped. When the Allan line destroyed a ladder it immediately replaced it. Other companies would be obliged to do the same.

AN ABNORMAL DEMAND The Ladies Invade The Standard. The extraordinary large shipment of Imperial Embroidery packets which arrived at The Standard recently, seemed so big when unloaded and piled up in the storeroom that it seemed as if months of time would be required to entirely deplete the lot. However, on the opening day, when hundreds of ladies called and secured one as to the lasting features of the embroidery, consignment was considerably modified. Now at the middle of the month the pile of patterns has so dwindled that it would appear as if another shipment would be necessary before the enormous demand for them is satisfied. At the embroidery counter the young lady who hands them out to the public seldom has an idle moment, and there have been occasions when, single handed she could not supply them as fast as they were applied for.

There is no abatement in the desire for the Imperial Pattern Outfit in ample proof of its great value outside of the mere nominal cost to our readers. These embroidery patterns are the latest from London, Paris and New York, and the packets contain 160 of the most stylish and up-to-date designs that the female heart could wish. In addition to the pattern there is an all-metal patent spring hoop and also a booklet of instructions all for three coupons and 70 cents, or 10 cents extra if packet is to be forwarded by post.

TROOP SHIP BATTERED BY A TERRIFIC STORM. Hamburg, Nov. 10.—The Hamburg-American Steamship Company's vessel, the Rhenania, reported in distress off the Spanish coast with 300 German soldiers on board, ran into port at Coruna, Spain, today for repairs. She had encountered very severe weather, during which her pumps became clogged.

Backache Banished. Thousands of men and women are suffering from weak, lame and aching backs, and many of them unable to do any work for the pain. The stitches, twinges and twinges are bad enough and give enough misery, but the back of the backache, and the cause of it, is the disordered kidneys crying out in warning through the back. Backache is kidney ache, and there's serious trouble ahead for you if you neglect it. Doan's Kidney Pills cure every form of backache by curing the sick kidneys that cause it.

Mrs. Jack Mason, Springhill, N.B., writes: "I have been suffering from backache for a very long time. I tried everything and did everything, but still I would suffer. One day I was looking over your Almanac, and saw your advertisement for Doan's Kidney Pills, so I got 5 boxes, and I am glad to say that they brought me back to life again, and from now on I will never be without them."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. If ordering direct specify "Doan's."

Had to Wear Rubber Gloves Until "Fruit-atives" Cured Her.

Grande Ligne, Que., Jan. 2nd, 1910. "My wife was troubled for three years with Eczema on the hands, which made her almost useless. The doctor gave her several ointments to use, none of which had any effect. He also advised her to wear rubber gloves (she wore out three pairs). I persuaded her, as a last resort, to try "Fruit-atives." The effect was marvellous. Her hands are now cured. We both attribute our present good health to "Fruit-atives."

"Fruit-atives" positively cures all Skin Troubles because it is the greatest blood purifying medicine in the world. 50c. a box, 6 for \$2.50—trial size, 25c. At dealers or from Fruit-atives, Limited, Ottawa.

CROWDS CHEERED AS MR. MYERS SANG.

Imperial Theatre Springs Stirring British Song and very Clever Specialty Act - Fine Pictures.

Boothby and Everdeen, refined entertainers, John W. Myers, the king of songs, and a particularly exciting programme of motion pictures attracted large crowds to the Imperial Theatre yesterday afternoon and evening. The programme, taken as a whole, contained unusual merit and elicited much favorable comment. The specialty act introduced constituted a pretty little programme of characterizations, recitations, pianos and due work.

The perennial favorite, John W. Myers, opened his engagement in a blaze of patriotic glory. He sang the new British song, "England, Mighty England," which was accompanied by a motion picture of the channel fleet in English navy, their Majesties and a parade of naval cadets. Needless to say, the chorus was entered into most lustily by crowds both afternoon and evening. Mr. Myers has some of the best new ballads for subsequent offerings, all of them sumptuously illustrated.

The special picture feature in the present bill is Bannister Merwyn's two-act uplift, "The Awakening of a Man." A scene of a rich family until struck with an appalling loss through fire. In the last stages of despondency the visions of his ancestors convince him into new action with the usual happy result. It is these magnificent visionary stories in the early history of the family that make this bill a feature of such literary worth. A ludicrous comedy entitled "The Hoodoo Umbrella," by the Vitagraph Co., and an amusing travel picture, "The Temples of Karnak," conclude the bill. The Egyptian picture last mentioned deals with images and structures, erected 1,600 years before Christ, and are of educational value.

WOMAN SICK FOURTEEN YEARS Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.—"I suffered for fourteen years from organic female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such a fearful bearing down feeling, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me."

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham, Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Cured Eczema Like Magic Suffered for Years—Tried All Kinds of Treatment—Surprised at Results From Dr. Chase's Ointment.

You can soon tell when people are enthusiastic about medical treatment by the language they use. After experimenting with all sorts of ointments in a vain effort to obtain relief and cure, the writer of this letter was astonished at the quick and satisfactory results obtained by the use of Dr. Chase's Ointment.

"It worked like magic," she writes. Indeed, it is surprising the healing that is often effected in a single night by this great ointment. The stinging and itching are relieved at once, and cure is only a matter of time and patient treatment.

Mr. Clemens, 13 Stranre street, Toronto, Ont., writes: "I have suffered from eczema for years, and after using all kinds of ointments, at last tried Dr. Chase's Ointment. It worked like magic and proved a God-send to me. I would advise anyone suffering from eczema to try one box, and be convinced." 60 cents a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto.
