

FEDERATION OF LABOR IN CONVENTION

Busy sessions at Philadelphia—Resolution relating to War introduced by President Gompers.

Philadelphia, Nov. 12.—More than one hundred resolutions dealing with the many problems of union labor, boycotts, jurisdictional differences, the European war and the social welfare of workmen, have been presented to the American Federation of Labor Convention for its consideration.

A resolution which attracted attention was introduced by President Gompers, and related to the European war. It conveyed the sympathy of the organization of America to the organized movements of Europe. Continuing the resolution said: "That the convention of the American Federation of Labor, in view of the general peace congress, which no doubt will be held at the close of the war, for the purpose of adjusting claims and differences, hold itself in readiness and authorize the executive council to call a meeting of representatives of organized labor of the different nations, to meet at the same time and place, to the end that suggestions may be made and such action taken as shall be helpful in restoring fraternal relations, promoting the interests of the workers and thereby assisting in laying foundations for a more lasting peace."

A resolution presented by the delegates from the International Typographical Union pleads the convention, if it is adopted, to "support any plan which has for its purpose, the bringing about of the disarmament of all nations, to the furthest extent consistent with the reservation of law and order throughout the world."

IF CHILD IS CROSS, FEVERISH AND SICK

Look Mother! If tongue is coated give "California Syrup of Figs"

Children love this "fruit laxative," and nothing else soothes the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then their little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle.

Be careful of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

A FAIRVILLE SENSATION.

There was considerable excitement about Fairville yesterday morning when a report got in circulation that an aeroplane was seen early on Wednesday evening, circling in the clouds. It is stated that several women saw the object. Some persons were inclined to give credence to the report as they think that it might have been an American machine. The women who think they saw the airship reported quite a shock, according to reports, as they imagined it was a German aircraft about to drop bombs on the city.

UNIQUE FEATURES AT ENTERTAINMENT

Concert in Centenary Schoolhouse well attended last night.

In continuation of the anniversary services being held this week at Centenary church, a promenade concert in the schoolhouse was the feature last evening. This was held under the auspices of the younger members of the church, the Free-to-Serve and Loyalist clubs, Miss Frances Jenkins superintending the arrangements for the former and Grant Smith for the latter. The boys' orchestra played entertainingly during the evening under the direction of M. L. Harrison.

The programme included eight "topics," each one of which was illustrated by song and instrumental music. The first topic "I loved my country, but I hated him—the Kaiser," formed the subject of a fine violin solo by Mrs. Macmichael. A. C. Skelton in the topic, "Push on, keep moving," pleased all with a vocal solo. Supper was served between the fourth and fifth topics. R. Edwards for the latter playing a flute solo in fine form. The pianoforte duet by Miss H. Galley and Miss D. Waterbury exemplified the sixth topic, "No; I will be the pattern of all patience; I will say nothing," was pleasingly executed. The other four numbers on the programme were all the subject of commendation by the many who were present at this delightful and somewhat unique function.

During the evening home made candy was sold, Miss A. Belsley and Miss Leora Harrison capably looking after this department. The young ladies responsible for the refreshments were Misses Gertrude Hennigar, G. Day, Pauline Jenkins, Frances Jenkins and McConnell.

Your Stove Should Have These Good Points

THERE are at least three extraordinary points in a Gurney-Oxford Stove.

The first is a point in fuel economy: the grate is so designed that the fire gets plenty of air; the fire is bright and snappy; there are no smouldering, wasteful clinkers.

The second is a point in economy and comfort. The Gurney-Oxford Economiser is the only damper on the stove. The fire can be dampened to a mere spark but it never gets out, and by moving the handle it will be hot and bright again.

The heat is conveyed from the fire through divided flues over and around the oven. The oven is always evenly heated.

We would like to demonstrate these points to you, because they have made the Gurney-Oxford the favorite stove in thousands of Canadian homes. You are invited to see the Gurney-Oxford.
