St. Louis, Mo., Jan. 26.—The esteem in which Bishop Daniel S. Tuttle is held by the clergy and laity of the Episcopal Church throughout the country was evidenced today by the flood of congratulatory messages received at the bishop's residence to remind him that this was his eightieth birthday anniversary. Bishop Tuttle was born at Windham, N. Y., and was ordained a deacon of the Episcopal church in 1862. Half a century ago this coming May he was consecrated missionary bishop of Montana, Utah and Idaho. Ten years later he was transferred to the Diocese of Missouri.

For the past fifteen years Bishop Tuttle has been the presiding bishop of the church in the United States. The office is largely an honorary one, but it carries with it some administrative functions. One of these is the privilege of presiding over the deliberations of the house of bishops in the general convention. Since 1902 Bishop Tuttle has officiated at the consecration of new bishops than any other prelate in the history of the denomination in America. The venerable bishop is in excellent health and despite his four score years is as active as the average man of sixty.

## FINANCIAL COMMENT.

(McDOUGALL & COWANS).  
Journal of Commerce.—The stock exchange market just now seems to be a more or less accurate reflection of financial and other business opinion. It is a quiet affair with great irregularity.

But—"The stock market is in condition to respond to any favorable development."

Wall Street Journal.—Railroad presidents expect a continuation of the present car shortage until after the war. Sufficient freight cars to meet the present need would only make the situation worse as the congestion on the unloading points would become more serious.

## STOCK MARKET MAY ADVANCE SHARPLY SOON.

(McDOUGALL & COWANS).  
New York, Jan. 26.—The desire of the market to go up seems to be getting more marked and the apprehension over the uncertainties of the international situation is to a certain extent waning. There has apparently been picking up of stocks by strong people lately and the investment demand for bonds continues large. It should not be surprised to see the market advance from now on, disregarding more and more the uncertainties of the situation.

## Had Chronic Indigestion Thought She Would Die

After Years of Suffering Attributes Cure to Dr. Chase's Kidney-Liver Pills.

Eating too much or using foods that do not agree are the usual causes of indigestion.

The trouble usually begins not in the stomach, but in the liver, since it devolves on this organ to filter the excess waste matter from the system. Now, since Dr. Chase's Kidney-Liver Pills are the greatest of liver regulators, it naturally follows that they are unexcelled as a cure for chronic indigestion.

With the liver, kidneys and bowels active the poisonous waste matter is quickly removed from the system and there is nothing to interfere with the natural and healthful working of the organs of digestion. In this way only can lasting cure be effected.

Mrs. Rebecca Elliott, Magneta, Ont., writes: "I feel it my duty to write you in regard to Dr. Chase's Kidney-Liver Pills. I had gastritis of the stomach for three years, and could get nothing to stop it until I tried Dr. Chase's Kidney-Liver Pills. I would have an attack of trouble with my stomach every three or four weeks, and was so bad at times that my friends thought I would surely die. Thanks to these pills, I have not had an attack for six months, and believe that the cure is thorough. My husband has had very satisfactory experience with Dr. Chase's Kidney-Liver Pills. He was much run down, and very pale and weak. I persuaded him to use the Nerve Food, and after having taken five boxes he looks and feels well."
