

### Fire Caused Much Damage

Residence Was Occupied by Six Families—Building and Furniture Damaged.

Between fire and water the occupants of 27 Sheriff street had their household goods pretty well destroyed last evening and the building itself was considerably damaged. The house is a double one occupied by six families and the roof on the south side is practically all gone and a number of ceilings will probably fall as a result of the settling they get. The house was a hard one to fight, being between the walls and ceilings and there was a lot of smoke, which made it more difficult.

The house is owned by H. W. Bessy and he estimates he had \$1,200 insurance on it. None of the tenants had any insurance and their loss will be considerable.

The blaze started in the top story of the house in the part occupied by Fred Bonnell, it is supposed from the fire, and in a few minutes had broken through the roof. A call was sent in from Box 136 and the firemen were soon on hand. It was not long before they had the blaze under control but it took over an hour's hard work to extinguish it altogether. The salvage men did good work in covering furniture of the people in the lower part of the building. The alarm was rung at five o'clock and it was a little after six before the all out was sounded.

Those occupying the building were, J. Founker, lower floor, G. McCassey, second floor, P. Bonnell, third floor, south side; William McCullum, lower floor, Miss Saunders, second floor and Mrs. Perry, top floor, north side.

### Germain St. Church Philathea Class

Annual Banquet Held Last Evening—Officers Elected and Plans Discussed.

The Philathea Class of the Germain street Baptist church held their annual banquet last evening in the Brotherhood room of the institute and elected officers and discussed plans for the winter's work. About fifty young ladies were present. The guests of the evening were Rev. S. S. Simms; Mrs. P. L. W. Simms, superintendent of the school, and Mrs. Simms; S. H. Davis, teacher of the class, and Mrs. Davis.

After the banquet the election of officers was held and resulted as follows:

- Miss Winnie Dunbrack—President.
  - Mrs. Harvey Colwell—Vice Pres.
  - Miss Lawson—Treasurer.
  - Miss Turner—Secretary.
- The following constitute the executive: Miss Mabel Lewis, convener of the programme committee; Miss P. T. Alward, convener of the press committee; Mrs. Harvey Colwell, convener of the finance committee.

### PENOBSCOT

Penobscot, N. B., Oct. 12.—A motor accident that might easily have had more serious results occurred on Friday evening of last week, when two cars, one a Chevrolet driven by Clarence Hall, and the other a Ford driven by Palmer Murray, met head-on in the woods about two miles east of the village. Fortunately both cars were pro-

### Brookville House Guttered By Fire

Charles Gibbons' Home Was Burned Last Evening—City Chemical Sent to Scene.

The house of Charles Gibbons of Brookville was considerably damaged by a fire which broke out between the walls of one of the front rooms, at about 8.30 last evening.

A volunteer bucket brigade was hastily called from amongst the small band of willing neighbors who hastened to render assistance, and in the meantime a call for the chemical was phoned into the city. The chemical arrived considerably later in the evening, and after the villagers had secured control of the flames. Much indignation was expressed when it was learned that it was not until twenty minutes after the chemical had been requested that the necessary authority was forthcoming to enable it to leave the city.

Brookville is outside the city limits and the question has been raised before if the city apparatus should be sent out of the city for confiscations.

### Bus And Street Car Collide

A lively tilt and verbal battle between a N. B. Power Co. motorbus and the pilot of one of the Haymarket Square Union busses attracted quite a crowd to the junction of Main and Paradise Row at about 5.30 last evening.

It seems that a street car had come to the foot of Main and was about to turn into Mill, when the bus came along and ran across the track in front of it. There was a loud crash, and the bus bumped into the middle of the street with a badly bent mud guard. Both drivers stopped their respective vehicles and had a verbal combat.

Each insisted that the other was in the wrong, and had recourse to the very best their vocabulary could boast of to impress this fact on their opponent. The motorman finished the argument by taking the bus number stating he would report the matter to the police.

ceeding at a moderate rate, so that when they met the shock wasn't great enough to throw the occupants from the car, although Mr. Warren Hall, the driver's father, was thrown partially through the wind shield and received some nasty cuts, while Miss Bessie Hall, who was riding in the rear seat, was badly stunned. It was thought at first that Palmer Murray was hurt inwardly and medical aid was summoned from Sussex, but nothing of a serious nature was found. Both cars are badly broken up. Mr. Hall's car is almost a total wreck, while Mr. Murray's will need considerable repairs. However, all agree that they came out of it very easily.

The women were very active at the pole yesterday, and in fact, have been quietly getting their men in line for some time and as a result the Parish of Cardwell turned in a 6 to 1 vote against the importation of strong drink.

H. E. Dryden, Truro, N. S., was a weekend guest of Mr. and Mrs. H. Waldron.

Friends of Mrs. G. J. Steeves are glad to see her out again after her serious illness.

Miss Jessie Robinson, of Portland, Me., is spending a few weeks with her sister, Miss Ethel Robinson.

Miss Harrison, principal of the school, spent the weekend at her home in Gondola Point.

Mr. and Mrs. Irvin Dunfield of Portage Vale, spent Monday with friends in the village.

Tom Holmes, the well-known guide, is in the village and intends taking a hunting party into the woods around Lake View the last part of this week.

Mr. and Mrs. Chester Woods return on Saturday from a trip to Portland, Me.

Frank H. Radford left last week for Hyde Park, Mass., where he will spend the winter.

Miss Bella McLeod, who has been spending some time in Moncton and Chatham, returned on Saturday.

Palmer Murray left this week to attend business college in St. John for the winter.

### Mrs. Rose M. Brown Gained 20 Pounds In Four Weeks Time

Declares It's Simply Astonishing to See the Wonderful Benefits She Has Derived from Tanlac—Says Terrible Headaches Have Disappeared.

MRS. ROSE M. BROWN.

"It sounds unreasonable, but I have actually gained 20 pounds in less than a month's time by taking Tanlac, and the wonderful benefit I have derived from the use of this medicine is simply astonishing," said Mrs. Rose M. Brown, 111 Third Street, Manchester, N. H.

"Why, I am so happy to be relieved of my troubles I can really never praise this medicine enough. Up to the time I began taking Tanlac, I suffered for something over two years with a very bad form of stomach trouble.

"My appetite was so poor I could scarcely eat a thing. My stomach would be so badly bloated with gas sometimes I was almost afraid to go to bed for fear I would get another. I felt tired and worn out most of the time and became terribly discouraged over my condition. I often had such violent headaches I was unable to get out of bed for two or three days at a stretch.

"Four bottles of Tanlac completely restored my health and anyone can see at a glance the wonderful change that has taken place in my condition. I have a splendid appetite now and the stomach trouble has entirely disappeared. I can eat just anything I want without ever feeling a sign of indigestion. The best of all, I am never

bothered any more with headaches and this was the greatest relief of all. I want to tell everybody what this medicine has done for me."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro and by leading druggists everywhere.

### Famous Old Recipe for Cough Syrup

Really and cheaply made at home. Just 15 bottles them all for 50c.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually in an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any drugist, pour it into a 16-oz. bottle and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

## FIRE PROTECTION WEEK

Make fire protection week accomplish something. Do your part to end firetrap construction in your community. Build every new structure FIREPROOF.

MR. BUILDER It costs but little more to make your building FIREPROOF.

Instead of spending millions every year to fight fire, why not build it once for all with FIRE-PROOF material.

- Expanded Metal Lath ..... WONT BURN
- Gypsum Plaster Board ..... WONT BURN
- Asbestos Slate Shingles ..... WONT BURN
- Asbestos Building Board ..... WONT BURN
- FIRESTONE Waterproof Stucco ..... WONT BURN
- NATCO Building Tiles ..... WONT BURN

Chimney Linings make your chimney firesafe. Let us explain to you the various methods of MAKING YOUR BUILDING FIRE-PROOF.

How can we ever hope to overcome our housing shortage as long as we allow fire to destroy one-fourth of the buildings we build every year? The answer is: BUILD SO IT WONT BURN

We specialize on these materials and many others. Let us explain them to you.

If every structure in this country were fireproof, it would save every day sixty lives from death through fire and \$1,000,000 worth of property.

# Putting It Up To Mr. Mackenzie King

## TO THE HONORABLE MACKENZIE KING:

You are, today, paying a visit to St. John, Mr. King, and the people of St. John, deeply interested in the vital importance of the present political campaign, will appreciate it very much if you will clearly define your position on the following questions:

Do you intend, if given power, to put into effect the platform of the Liberal Convention of 1919 as respects the Customs Tariff? If you do, can you tell us why you are a safe man to be Premier of Canada?

If you don't, but intend to repudiate the platform of the Party which nominated you as Leader, are you honest enough to be Premier of Canada?

Do you agree with Hon. W. S. Fielding when he states, as reported in his Digby speech, that "he would not be at all alarmed if a Farmer government came into power" or

Do you agree with Dr. Michael Clark, of Red Deer, who wrote to Mr. Crerar, Leader of the Farmers' Party: "You honestly seem to me to be unconscious of what is really a great National Peril."

You say you will admit foodstuffs duty free from the United States. Do you really think this is good business, since the United States have imposed on our farm products, duties ranging from 35 cents a bushel on wheat, 25 cents a bushel on potatoes, 30 per cent. ad valorem on live stock, \$2 a head on sheep and in proportion throughout the entire list?

If you are successful in the Elections and then proceed to remove, or greatly reduce Customs Duties, what fresh form of taxation will you impose upon us in order to make up the \$180,000,000.00 which came from Customs Revenue last year—some 43.5 per cent. of Canada's total ordinary revenue?

Will not your policy inevitably result in larger imports from the United States and thus further discount our Canadian Dollar?

You charge the Meighen Government with extravagance. Are your own personal expenses, or the operating expenses of any business of which you have knowledge, not more than THREE PER CENT. greater than in 1911? This is a fact with regard to Canada's ordinary expenditure, only three per cent. greater than in 1911. How do you reconcile this with your charge of extravagance against the Government?

Do you concur in the avowed willingness of Hon. R. Lemieux, and his associate, Sir Lomer Gouin, who will dominate your party in Quebec, and therefore in Canada as a whole, to make over the Canadian Government Railways to the C. P. R., particularly in view of the fact that the Canadian National System, apart from the Grand Trunk, showed during August of this year a surplus on actual operation, apart from interest charges, and that the Grand Trunk system under Government control is also in a greatly improved position with a net revenue in August of this year of \$1,910,994.50 as compared with only \$1,629,636 for the entire eight months' period from January to August, 1920?

You have been saying that the Canadian Government Mercantile Marine was built without the authority of Parliament. Will you read tonight from Hansard, of March, 1918, when the House of Commons unanimously voted \$500,000,000 for the disposal of the Government for this purpose? Will you refer to Hansard of April, 1919, when the whole plan was laid before the House and your supporter, Mr. Lemieux, congratulated the Minister of Marine on the progress made? Will you deny that while you were in the House yourself in April, 1920, that Hon. Mr. Ballantyne asked for a re-vote of \$8,000,000 to complete the work and that neither you, yourself, nor any of your followers raised a dissenting voice?

How do you explain the fact that New Brunswick's gain in population from 1911 to 1921, under the Borden-Meighen Governments, was nearly twice that of the previous decade under Liberal rule, and this despite the fact that the last ten years brought the Great war, with factors hampering growth of population?

You say the Meighen Government is autocratic and representative of the big interests. Has not the Government given complete Franchise to women, one of the most progressive measures ever introduced in Canada, and is it not a fact that the members of the Meighen Government, beginning with the Premier, are largely self-made men, attaining their present positions through sheer force of intellect and ability?

Finally, Mr. King, have you anything to criticize concerning the Government's war record or the introduction of Conscription, and do you agree with the utterances of some of your followers, that this is to be an election of "Revenge?"

(Issued by authority National Liberal and Conservative Party Publicity Committee for New Brunswick).
