

WATERLOO NEWS RECORD

Mayor Kutt and Town Council are Returned by Acclamation

Also Were Light and Water and Sewer Commissioners; all School Trustees Except in East Ward Where Two Have Qualified.

As was to be expected Mayor Kutt and all of last year's Council who were returned by acclamation and the town Council will consist of only one change. Mr. Arthur Foster taking place of Mr. Jacob Brox, the latter being re-elected. The ratepayers by their action in not putting any opposition should be a source of satisfaction to the members elected at their recent election. The ratepayers by their action in not putting any opposition should be a source of satisfaction to the members elected at their recent election. The ratepayers by their action in not putting any opposition should be a source of satisfaction to the members elected at their recent election.

Week last was started last year and of which the old Council were thoroughly in touch with can now be carried out to a successful issue. While some of the town fathers were secured at the Nomination Meeting for their respective offices this was only by the fact that they were not opposed. Mr. A. Bauer and Mr. C. N. Hootch, the retiring members of the Water and Light Commission were returned unopposed and the same can be said of the Sewer Commission and the School Trustees in the North, South and West Wards. In the East Ward both Mr. A. E. Devitt and Mr. Herman Engel have qualified themselves for re-election.

Mr. Devitt has been the representative for 12 years and has given good and valuable service not only as a trustee but as Secretary-Treasurer of the Board as well. Mr. Engel was a qualified ratepayer of the town and having children attending the public school has a perfect right to aspire to the Board, but while all the other town officials have been elected by acclamation their services being quite satisfactory to everyone concerned, the town seems inappropriate to put the town to the expense of an election in this ward.

Mr. Engel may have a grievance and hopes by getting on the Board that things will come his way, but, as far as we can learn, this case has been stated both before the Board and the Inspector and in both cases the Auditor-Principal Playford and his staff has been upholding the influence being brought to bear on Mr. Engel to withdraw as he still has time and no doubt these things done some time in the future when he should appear before the electors he would receive support for his action in giving the town this extra expense. We can recall many instances of good citizens stepping back at the last moment and thus saving the town some money and were Mr. Engel to do this action it would be highly commendable.

ICE NEEDED.

So far the Waterloo Rink has not been open to the public owing to lack of ice and unless Jack Frost gets to his work in short order rinks all over Ontario will have had his annual profits will be as scarce as hens teeth.

MADE USE OF ICE-SIDE WALKS.

The sidewalks in town were the scene for the "ball boys" with his sled yesterday and in every section of town where there was a hill of anything the boy with the "bob" was at hand. The sidewalks were crowded and although there was a rain no notice was taken and all enjoyed themselves to the limit.

SOCIETY SPENT.

Yesterday was quietly celebrated by the unfavorable conditions of the weather keeping many citizens indoors. A drizzle fell continuously throughout the day, and as the thermometer was in the freezing point pedestrians found difficulty in navigating the icy condition of the sidewalks. There were many falls but luckily no serious mishaps occurred. The weather was hardly a fitting innovation for such a glorious advent as the first day of the year but citizens took it good naturedly and enjoyed the day indoors with their families.

CELEBRATED NEW YEAR'S EVE

The passing of the old year and the entry of the New Year was celebrated in royal fashion Tuesday night when at 12 o'clock Midnight all the bells and a majority of the town whistles announced the opening of peace year 1918.

It was in marked contrast to the previous four years when the world was stirred by the greatest conflict the world has ever seen.

In many of the churches, watch night services were held large congregations being present and prayers of thankfulness were offered up for continued peace on earth good will towards men.

The United Brethren Ministerial Association of Ontario Conference met Wed. Jan. 1, 1919 at the Alma St. N.B. Church. Owing to the "flu" epidemic in different parts of the Sunday School and Christian Endeavor Conventions were not held in conjunction with the Ministerial Association. Excellent papers were read and discussed. The program in brief was as follows:

10:00 a.m. President's Address. Rev. S.H. Swartz, presiding elder of Ontario Conference followed by "The Place of Singing in Religious Services" Rev. M.D. Hollman of Port Elgin. "The Pastor's Duties Out of the Pulpit" Rev. Geo. Shepherd of New Dundee.

In the afternoon the following papers were read and discussed. "How to cultivate a Missionary Spirit Among the Congregation" Rev. S. Lautenschlager, Kitchener. "Consecration to Soul Winning" Rev. E. HEART FLUTTERING EASILY CORRECTED

Good Advice to Folks Bothered With Palpitation, Weakness, Etc.

If your heart flutters, be careful. An attack is liable to come one at any time. Excitement, over-exertion or emotion may cause it.

If blood rushes to the head, if palpitation and short breath are noticeable, there's cause for alarm.

If you want a good honest remedy try Ferreroze. We recommend Ferreroze because we know it's just right for heart trouble. It cured A.F. Beattie who lives at Allen Hotel, Bay City, Mich. See if your symptoms resemble these:

Some Symptoms of Weak Heart Nervousness, Palpitation, Trembling, Dizziness, Sinking Feeling, Heart Pain, Short Breath, Weakness.

Mr. Beattie says: "I was weak and miserable. I was subject to heart palpitation and dizziness."

"As I grew worse I began to have trembling and sinking sensations. Ferreroze strengthened my heart, gave vigor to my nervous system, made me well. It's a great builder."

By strengthening the muscles of the heart, giving proper circulation and causing a general rebuilding of the whole system, Ferreroze is bound to do grand work in heart trouble, try a 50¢ per box or six for \$2.50, at all dealers, or direct by mail from The Cataract Co., Kingston, Ont.

"City Mission Work" Rev. Lloyd Eby, Toronto. "Some Thoughts on Rom. 8:18" Rev. H.A. Brubacher, Kitchener.

A paper was presented pledging the Conference to City Mission Work, earnest prayer and consecration as the basis of a real revival. Mrs. M.A. Durham of Leavenworth Kansas preached from 11 Chron. 7:14.

The sermon was a strong plea for repentance and consecration as the basis of a real revival. Mrs. Durham will preach every night including Saturday, and on Sunday both morning and evening. Week Nights Song Service 7:45 p.m. Preaching 8 p.m.

MAINE SHOEMAKER Tired All Time. Did Not Want to Work. How He Regained Strength.

Sanford, Maine.—"I suffered so much from a run-down, nervous condition and stomach trouble that I never felt like working and had tried almost everything without relief. The first bottle of Vinol however helped me and it has built me up so I feel better now than I have for a long time."—Chester D. Haines.

There is no secret about Vinol. It owes its success to beef and cod liver peptones, iron, glycerophosphates, and the oldest and most famous body building and strength creating tonic.
