TO LEARN BOOK-KEEPING

When you can Learn it AT HOME
Within 100 Hours' Study,
Without the Aid of a Teacher

From Goodwin's Improved Book-keeping and Business Manual—Guaranteed

"I learned the science of book-keeping from your work in less than three weeks, and am now keeping three different sets of books. What I learned from your work in so short a time cost a friend of mine \$600 and over a year's time."—THOMAS TANTISH, Skowhegan, Me., March 29, 1890.

"You illustrate what I never saw in any other work of the kind—practical book-keeping."—E. H. WILDER, book-keeper for Pratt & Inman, Iron and Steel, Worcester, Mass.

"Worth \$500.00!"—N. TOMNEY, book-keeper for Graham, Horne & Co., Vermillion Bay, Ont.

"Without the aid of a teacher, I studied your book just eight weeks, sent my work to you for examination, and succeeded in obtaining your 'audit.' I then came to this city, without ever having seen the inside of a set of books, and immediately took control of a set of double-entry books for this firm, whose receipts during 1890 were about \$1,500,000. I am now the firm's chief accountant and have five direct assistant book-keepers under me. It is said—and I do not think exaggerated—that I have the largest set of books in Indianapolis. The above surely stand as self-evident facts that the channel of success was opened to me through the medium of your book."—WM. O. SHIRREY, head book-keeper for the Parry Manufacturing Co., Road Carts and Road Wagons, Indianapolis, Ind., February 27, 1891.
