ZENITH INNOVATES AGAIN — WITH THE NEW BATTERY-DRIVEN SUPERSPORT™ — TO TAKE YOU FROM UNIVERSITY TO CAREER.

Small, lightweight, flexible *and* economical. Ideal for spreadsheets, word processing and more. That's the new *SupersPort* from Zenith Data Systems—today's leader in battery-operated portables.

FLEXIBLE COURSE SCHEDULE. Whatever your agenda, the SupersPort's modular configuration easily adapts to your computing style. With a detachable battery for easier portability. An AC adapter/recharger that plugs into any outlet. MS-DOS® to run virtually all PC/XT compatible software. And 640K RAM — expandable to 1.64MB with EMS. Plus the SupersPort comes in your choice of dual 3.5" 720K floppy drive or 20MB hard disk models. For flexible desktop performance anywhere on campus.

CARRY SOME GREAT HOURS THIS TERM. Hours of battery power, that is. For greater productivity everywhere your studies take you. Thanks to Zenith's comprehensive *Intelligent Power Management*—a system that lets you control how your battery power is consumed. So you won't waste valuable energy on components and peripherals not in use.

EASY UNIVERSITY READING. The easiest. After all, the SupersPort features Zenith's renowned dazzling backlit *Supertwist* LCD screen for crisp text and superior readability. And its CRT-size display is one-third larger than most competing portables for enhanced viewing. The screen even tilts back 180-degrees so it lies flat to accommodate a desktop monitor.
