

Gunner Keeshing did not acknowledge my own to go to the Guard Room. To find out because no time was stipulated as to when they should go to Gd Room. Simpson & the Accused were wearing great coats when out on picket. When I came into the Guard Room there were two great coats hanging up in the Guard Room - I don't know whose they were.

To the Court - There were 7 men including myself on the guard. Two were on picket + 4 had gone.
