

# INDEX.

and 50.

| PAGE   | PAGE |
|--|------|
| Acid, arsenious .....  | 208  |
| " boric .....  | 212  |
| " carbonic .....   | 87   |
| " chloric .....  | 180  |
| " chlorous .....   | 180  |
| " hydrochloric .....   | 177  |
| " hydrofluoric .....   | 182  |
| " metaphosphoric .....   | 32   |
| " nitric .....   | 101  |
| " nitrous .....  | 113  |
| " oxalic .....   | 204  |
| " phosphoric .....   | 134  |
| " phosphorous .....  | 31   |
| " silicic .....  | 204  |
| " stearic .....  | 214  |
| " sulphuric .....  | 135  |
| " sulphurous .....   | 192  |
| " sulphurous acid .....  | 32   |
| " detection of .....   | 216  |
| Acid Salts, definition of .....                                | 217  |
| Acids, monobasic .....   | 204  |
| " bibasic .....  | 204  |
| " formation from anhydrides .....                              | 31   |
| Action, chemical, modes of .....                               | 223  |
| Affinity, chemical .....                                       | 8    |
| Air, atmospheric .....   | 143  |
| " composition of .....   | 143  |
| " detection of carbon dioxide in .....                         | 150  |
| Alkali, definition of .....                                    | 217  |
| Ammonia, preparation and properties of .....                   | 118  |
| " Ammonia Gas, detection of .....                              | 126  |
| " " Nessler's test for traces of .....                         | 127  |
| " Ammonium .....   | 124  |
| " " exalate .....  | 134  |
| " Anesthetic use of nitrous oxide .....                        | 110  |
| Analysis, definition of .....                                  | 15   |
| Antidotes to sulphured hydrogen .....                          | 198  |
| " phosphorus .....   | 204  |
| " arsenic .....  | 210  |
| Antimony, distinguished from arsenic .....                     | 210  |
| Aqua Regia .....   | 179  |
| Arsenic .....  | 207  |
| " Marsh's test .....   | 210  |
| " Reinsch's test .....   | 209  |
| Arsenuretted hydrogen .....                                    | 210  |
| Atom, definition of .....                                      | 29   |
| Atomicities, classification of elements by .....               | 21   |
| Atomicities, absolute .....                                    | 219  |
| " active .....   | 219  |
| " latent .....   | 219  |
| Atomic theory .....  | 115  |
| " weight .....   | 29   |
| " elements, table of .....                                     | 227  |
| Avogadro's Law .....   | 17   |
| <b>B</b>   |      |
| Barium chloride .....  | 196  |
| Base, definition of .....                                      | 217  |
| Black oxide of manganese .....                                 | 27   |
| Bleaching powder .....   | 174  |
| Blowpipe, description of flanne .....                          | 160  |
| Borax .....  | 212  |
| Boric acid .....   | 212  |
| Boron .....  | 212  |
| Boyle and Mariotte's law .....                                 | 73   |
| Bromine .....  | 180  |
| Bunsen Burner .....  | 105  |
| <b>C</b>   |      |
| Calcium carbonate .....  | 83   |
| " hydrate .....  | 84   |
| " phosphate .....  | 201  |
| Carbon, a reducing agent .....                                 | 114  |
| " allotropic forms of .....                                    | 68   |
| " combination in oxygen .....                                  | 31   |
| " heat of combustion of .....                                  | 158  |
| Carbonates, properties of .....                                | 84   |
| " common .....   | 84   |
| Carbon dioxide, preparation of .....                           | 85   |
| " properties of .....  | 86   |
| " action on lime water .....                                   | 88   |
| " formed by the combining ion of carbon in air or oxygen ..... | 83   |
| " decomposition of .....                                       | 90   |
| " by growing plants .....                                      | 90   |
| " by magnesium .....   | 90   |
| " tests for .....  | 88   |
| Carbon monoxide, preparation and properties of .....           | 96   |
| " " tests .....  | 99   |
| Charcoal, preparation of .....                                 | 64   |
| " absorbs gases .....  | 66   |
| " a deodorizing agent .....                                    | 68   |
| " a reducing agent .....                                       | 67   |
| Chemistry, defined .....                                       | 1    |
| Chemical combination .....                                     | 6    |
| " compounds and mechanical mixtures .....                      | 12   |
| " equations .....  | 221  |
| " notation .....   | 20   |
| Chlorine, preparation of .....                                 | 169  |
