

# Will You Help? To Get Every Canadian Farmer

TO READ A GOOD FARM JOURNAL? IF THE FARMING INDUSTRY IS TO RECEIVE ITS PROPER SHARE IN THIS PERIOD OF RE-ADJUSTMENT AND EXPANSION

## EVERY FARMER

Must be fully informed; and able to act with others, in securing new markets, and expanding and stabilizing those we now have, as well as constantly improving live stock, and general farming methods, so as to be able to hold our markets against all competition.

## THE FARMER'S ADVOCATE AND HOME MAGAZINE

Should be in every farm home in Canada. It covers every department of farming, it has always been owned and edited by practical farmers, and no expense is spared securing and publishing information of value to its readers at the time it is most needed.

Public questions are discussed editorially, and each week while the "House" is in session at Ottawa, "The Farmer's Advocate" gives a plain report of all that has been done by the House. The paper being absolutely non-political, this report is merely a record, intended to keep readers of the "Farmer's Advocate" fully informed of what has been done, and is, of course, absolutely non-partisan.
