## GOSSIP.

Messrs. John Thornton & Co., of London, England, advertise in this issue several auction sales of Shorthorn and Red Polled cattle, including the dispersion of the noted herd of Shorthorns belonging to the estate of the late Mr. Philo L. Mills, of Ruddington, Nottingham, fixed for May 3rd. This herd comprises high-class representatives of many choice Scotch-bred families, and should attract buyers from Canada.

Mr. Dugald Ross, Streetsville, Ont., writes: "I have made the following sales of imported Clydesdales this month: To A. S. Kent, Oakville, Ont., the two imported mares, Milly and Bet of Sandy-house, a well-matched team, with size and quality; to A. Burns, of Moose Jaw, Assa., nine head, one five-year-old stallion, and the rest fillies and mares from two years old up to five. This was a grand lot of good ones, and should make their mark in the far West. To T. H. McCauley, of Calgary, Alta., the two-year-old mare, Gloriana, by Baden Powell, dam by Macgregor, third dam by Prince of Wales 673; to Finley McRae, of Brandon, Man., the pair of year-olds, Sady Currie, by Baron's Pride, and Myrtle, by Eureka, the making of a valuable team of breeding mares; to Lee Bros., of Galt, Queen of Chapeton, a two-year-old, sire Woodend Gartley; to J. M. Gardhouse, of Weston, the three-year-old Shire mare, Black Jewel, probably the best Shire mare in Canada, with the very best of breeding, and carrying foal, by Horbling Harold. Have still on hand for sale a grand lot of stallions and fillies, which I am selling at small profits. I intend bringing over another importation in March, which will be up to my last importation, and will be sold at the very lowest prices."

## G. G. STEWART'S CLYDESDALES.

When in the vicinity of Howick, Que., recently, our field man dropped in on our old friend, Mr. Geo. G. Stewart, and had a look over his imported Clydesdales. Mr. Stewart is one of the oldest Clydesdale importers in the Province. His early training in the breeding, care and essential qualities of the ideal Clyde, has particularly fitted him for this work. He puts his unbounded faith especially in quality, and anyone acquainted with Mr. Stewart's past importations can testify that they have been of a very high standard, and those at present in his stables are second to none he ever imported. Although his last fall's importation is pretty well sold out, yet there are a few left that can fill the bill where size and quality are wanted. Lord Mac (12222), bred by John McNeer, Crieff, Perthshire, is a bay four-year-old, by Montrave Mac, by Macgregor, dam by Sir Everard, by the invincible Darnley. He is a beautiful-topped horse, standing on ideal underpinning, thick, smooth, and even, has a very natty, stylish way of going, and weighs about 1,900 lbs.—a rare good kind. Midas (12677) is a two-year-old, brown, got by the mighty Battle Axe, Dam by Royal Signet, grandam by Baron Teck. This colt won first at Perth as a yearling, and honorable mention as a two-year-old at same show. He is the making of a very large horse, combining size and quality, and moves remarkably well. Pride of Brechin, Vol. 27, is a bay two-year-old, one of the very thick, smooth, close-coupled, cart-horse kind, a colt full of quality from the ground up, sired by Moncrieffe Marquis, dam by Belvidere, grandam by Sir Maurice, breeding rich enough for anybody. Chief Abbot, Vol. 28, is a brown yearling, by The Dean, dam by Sir Hercules, grandam by General Neil. This youngster is a very thick, powerfully-muscled, smooth, good-acting colt, and will make something extra. In fillies, there are two yearlings, one of which is Baroness Bushby, Vol. 27, by Baron's Pride, dam by Maceachran, grandam by Prince of Fashion, great-grandam by Darnley. She is a very large, well-put-up filly, and will make a prizewinner sure. The other is a thick, smooth, close-coupled brown filly, by the great prizewinner, Prince Alexander. These make an exceptionally choice offering. Their breeding cannot be surpassed, and it is well known that Mr. Stewart sells on small profits. The farm is equipped with long-distance telephone, and lies within the limits of the village of Howick.

# Bog Spavin

Lameness resembles bone spavin, but the bunch is in front of the true hock joint, a little to the inner side, and is soft and yielding, hardening sometimes as the case grows old.  
**Fleming's Spavin Cure (Liquid)**  
Is a special remedy for the soft and semi-solid bunches that make horses lame—Bog Spavin, Thoroughpin, Splint, Gurb, Capped Hock, etc. It isn't a liniment to rub the part, nor is it a simple blister. It is a remedy unlike any other—doesn't irritate and can't be limited. Easy to use, only a little required, cures the lameness, takes the bunch, leaves no scar. Money back if it ever fails. Write for Free Horse Book before ordering. It tells all about this remedy, and tells you how to do for blemishes of the hard and bony kind.  
**FLEMING BROS., Chemists,** 45 Front Street, West, Toronto, Can.
