

Make that Boy Happy With A STEVENS

He'll be more of a man for every breath of clean fresh air he gets—and *always* a boy. And a Stevens will give him all of this—health and enthusiasm and manliness—more than anything else you can give him.

It will make him quick of hand and eye and brain—equips him for the "grown-up" time when he'll need every well-trained faculty he possesses.

A Stevens is true to the mark, accurately finished and adjusted and thoroughly tested.

Your boy will enjoy this book—

The Most Modern Straight - Stay Fence.

The most modern fence machinery in the Dominion makes the Monarch Stiff-Stay Fence. This machinery is blessed with almost human intelligence. It produces a fence just as you would build it yourself. It makes the "Monarch" with **every strand of even length**. Positively no **short** or **long** wires in the Monarch. And every Stay stands perfectly plumb when fence is stretched up. Thanks to this machinery—the Monarch lock is applied without requiring the strand or stay wires to be **unduly kinked**. But the whole story of the Monarch superiority cannot be told in this space, so write for catalogue giving complete details.

THE DILLON HINGE-STAY FENCE.

The only **complete hinge-stay** fence in Canada. The hinge-stay prevents the fence from becoming disfigured when people climb over it or cattle press down on it. Catalogue explaining everything mailed free—and now is the time to get posted.

IF YOU'RE A HUSTLER, WRITE US.

We've a fence-agency proposition we would like to submit to you. No other fence concern has a line equal to the Monarch and Dillon combination.

MONARCH STIFF STAY FENCE

All Soils Look Alike To Champion Disc Drill

Take the "Champion" into a particularly "dirty" field, where vine roots, corn roots, weeds, tangled grasses or straw manure abound. If you've never before seen it work, you'll marvel at the way its sharp, carefully tempered steel DISCS either cut through or roll over everything that may lie in their way. They will not gather anything before them. You'll marvel at the way the high-grade, cutlery steel SCRAPERS (designed after years of experimenting) keep the discs scrupulously clean. Each hour you'll grow more enthusiastic over the manner in which the FORCE FEED MECHANISM produces its steady, even flow of seed—and never a seed even slightly bruised. The DUST PROOF BALL BEARINGS, on each disc—which require oiling but once a year—they'll interest you, too. And the high wheels, with low down grain box—you'll quickly see this means an EASY Machine to operate. Perhaps you'd like to read about the "Champion" Disc and "Champion" Hoe Drills, so write for special drill catalogue F 8

BUY THIS "BIG" WIRE FENCE

Give fences with *small* wires a wide berth. Do the same with fences that have *poorly* or *thinly* galvanized big wires. None of these fences can resist rust for long. And then what good are they?

Now, the Leader has no small wires in it. Laterals, uprights and locks are all No. 9 hard wire—the very *best grade*, too. The galvanized coating is *extra heavy* and *smooth—extra rust proof*.

It will certainly pay you to purchase the *big wire*, *carefully galvanized* Leader—especially when it also has the lock with the *double grip*.

Catalogue free on request.

Also *attractive agency plan* for those who desire to turn their whole or spare time into dollars.
