TO FARMERS

And others who may be interested:

We have just received a large consignment of Strictly
Northern-grown Vegetable, Flower (in 5c. packages),
Agricultural and Grass Seeds, including the best-
known kinds of Timothy, Brome Grass, Red, White,
Swedish and Alfalfa Clover, Millets, Rape, and the
sensational Early New Sweet Corn, Peep o' Day,
which ripens ten days earlier than any other kind. If your
grocer does not keep them, write direct, and we will fur-
nish you with price list of different kinds to choose from,
and send them direct.

Sharples Tubular SEPARATORS

We want you to know Tubular
Cream Separators as they are.

The low can, enclosed gears
and ease of turning are shown in
this illustration from life. Tubu-
lars have neither
oil cups, tubes,
nor holes—they
oil themselves.
They have bowls
without compli-
cated inside parts
—they hold the
world's record
for clean skimming, durability,
capacity, easy turning and easy
washing. They save half the
work—greatly increase the amount
and quality of butter—are wholly
unlike all other separators. Catalog
H-186 will interest and benefit you.
Write for it.

IN THE LEAD FOR 1905.

The Single Disc Makes a Good Seed Bed.

Redvers, Oct. 26th, 1904.

Dear Sirs,—The Cockshutt Single Disc Drill which I bought from you last
Spring gave good satisfaction. It cleans well in all conditions of soil and
makes a good seed bed, leaving a fine covering over all. For strength and
durability it is a drill which is hard to beat. Yours truly,

J. G. LEWTHWAITE.
