THE UNEXPECTED ALWAYS HAPPENS

Who is there but has had brought home to him at some time or other the truth of the above statement. Nobody is immune from accident. Your experience and observation confirm the statement.

Within the past few weeks the whole world has been shocked by the report of an awful railway accident in England, where such occurrences up to that time have been rare indeed. The wisdom of at least three of the victims in making sure their lives were covered by indemnity against accident has been commented upon by thousands of people.

Accident and sickness insurance is one of the cheapest forms of insurance. It is better to have and not need than to need and not have.

Not only in public conveyances but in the congested streets of our modern cities the hazard is great.

The record of one company goes to show that the hazard of city streets contributed 50 per cent of the total losses paid during 1905.

Twice as many people are accidentally killed as die of old age.

WISE men prepare for any and all such emergencies by carrying an accident policy; the WISEST of them see to it that that policy is "The Triple Indemnity" Policy issued by the Ocean Accident and Guarantee Corporation, Limited.—Adv.
