

A HOLIDAY THOUGHT.

There are certain animals that go into winter quarters, and there are many "Christians" who go into summer quarters. From October until June these earnest home workers give much time, talent and thought for the upbuilding of the Kingdom of their Divine King, but when the hot weather sets in, their ardour cools, their zeal slackens, and golden opportunities slip by unheeded. Let this summer be an exception. While absent from your church you are still present with your Lord. Filled and guided by His Spirit, wisdom will be given you so to think, speak, and act among the many strangers whose lives your life shall touch, that from you shall go forth an influence for the good of man and the glory of God.

On the farm, by the seashore, among the mountains, in your native land or across the waters, let your light shine this summer as never before, and catch the Spirit of Him "who went about doing good." Wherever you are, keep in mind and heart a world-embracing love, a world-conquering faith and a world-saving Saviour.—From the Missionary Review.

A BEAUTIFUL IMPRESSION.

Many of us would, no doubt, be surprised could we know the impression we make upon those who know us slightly. May we endeavour to be remembered as pleasantly as was the lady described in "Leaves of Light."

She called at the house of a neighbour on an errand; but, as the family were away, she asked the hired man to tell his employer that she would call again. Being in a hurry, and not thinking but that the man knew who she was, she did not leave her name. The lady of the house returned before the rest of the family, and the man told her that a lady had been there who said she'd come again.

"Who was it?" enquired Mrs. H. "Oh, I don't know her name," replied the man.

"But you should have asked her," said Mrs. H., "so we would know who had been here. Can't you tell me anything by which I can know who came? Where does she live?"

"I don't know," said the man, "but she's the one that always smiles when she speaks."

The pleasant look and the courteous manner in which the lady had spoken to the servant had been noticed and remembered, leaving a sunbeam in that man's heart.

ENTRY.

Entry may be made personally at the local land office for the district in which the land to be taken is situate, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.

A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto to perform the conditions connected therewith, under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses (2), (3) or (4) must cultivate 30 acres of his homestead, or substitute 20 head of stock, with buildings for their accommodation, and have besides 80 acres substantially fenced.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

APPLICATION FOR PATENT.

Should be made at the end of the three years, before the Local Agent, Sub-Agent, or the Homestead Inspector. Before making application for patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.
