

# BOYLE GETS LIFE SENTENCE, HIS WIFE TWENTY-FIVE YEARS

### Abductors of Billy Whitla Will Have Time For Regret—Both Completely Collapsed When Sentence Was Passed

MERCER, Pa., May 10.—James Boyle was sentenced today to life imprisonment in the western penitentiary at Pittsburgh for the kidnapping of Billy Whitla. Mary Boyle, indicted as Mary Doe, received a sentence of 25 years with a fine of \$5,000 and the costs of the prosecution.

Although no official announcement as to the effect of the fine has been made it is customary in this state to extend imprisonment until any fine imposed has been paid.

Boyle did not utter a word prior to his sentence, however, he made a plea for both Boyle and his wife pleading for leniency in both cases. He stated that until a recent period the extreme penalty for kidnapping in this state was ten years, and in view of the fact that the boy had been treated with every consideration and that all care had been taken not to inflict unnecessary mental anguish upon the parents he felt leniency might be asked for with propriety.

Both Boyle and his wife collapsed completely upon hearing their sentences pronounced. When they were started back from the jail from the court room Boyle managed to walk with assistance down the stairs, but upon reaching the front door he became limp and unable to stand.

He was lifted into the old-fashioned omnibus in which the prisoners have been transported for several years between the court house and the jail. He was utterly unable to support himself and had to be held all the way to the jail and carried to his cell.

Mrs. Boyle was in an even worse condition. She was unable to walk down the steps from the court house to the street. She was lifted out by the officers and carried to her cell, where she wept violently. No handcuffs were placed on either prisoner on the way back to their cells and it was considered unnecessary to manacle them in the condition in which they were.

District Attorney Lingerer today issued the following statement: "I read in Pittsburgh newspapers on Saturday and Sunday that a third party was alleged to have been implicated in the kidnapping of Billy Whitla and also that this party is alleged to have been connected with an alleged murder in Youngstown, Ohio. For the purpose of opportunity to bring this third party into the case, I visited them in jail yesterday and today and asked them for the information which they claim to possess in regard to these matters. Both, however, continue to maintain the air of mystery which has characterized them, especially the woman.

"I want to state publicly that I am still making an investigation and should I find evidence warranting the bringing into this case of a third party I will prosecute him without fear or favor. It does not make a particle of difference whom the prosecution may hit, in spite of the silence of the Mercer County officials are going ahead with the investigation and will continue until such time as they are absolutely certain that the case has been either prosecuted vigorously or dropped entirely."

Boyle and his wife, Helen Boyle, were lodged in the western penitentiary here tonight shortly before eight o'clock, the former under a sentence of life imprisonment, the latter under sentence to serve a term of twenty-five years. The prisoners were taken first to a side room and then to the cell and identified him, she said.

"We must take it the best we can." The prisoners then shook hands and the matron escorted Mrs. Boyle from the room. When they reached the corridor she burst into tears and asked to be permitted once again to see her husband. This request was granted, and she again kissed and embraced Boyle. The man maintained his silence and had nothing to say.

When Mrs. Boyle gave her belongings to the matron she asked permission to keep a small mirror, she carried, saying: "I do not want to leave it behind, as that would make me have seven years of bad luck."

The mirror was returned to her and she will be allowed to keep it in her cell. Boyle's number at the penitentiary is 5511-A and that of his wife 503-A. The prisoners will be photographed tomorrow and Bertalan measurements of them will be taken at that time.

Boyle and his wife arrived here from Mercer, Pa., escorted by Sheriff Chas. Deputy Thomas Stuart and Constable Frank Livermore of Mercer county and were immediately placed in a patrol wagon and taken to the penitentiary.

During the trip from Mercer, where they left late this afternoon, the kidnappers spent most of the time in quiet conversation together.

They discussed the sentence, which they allege was unjust, and asked what steps they would have to take to get a review of the case, and how to see an attorney. Mrs. Boyle tried to cheer "Jimmy," and wanted to know if he would be permitted to smoke at the penitentiary.

When asked how she felt, Mrs. Boyle said "pretty bad." On arriving in Pittsburgh she remarked, "It seems to be colder here than in Mercer, but Mercer will sleep quieter tonight—sleepy old Mercer—since we are out of it." Mr. and Mrs. Boyle sat together and held each other's hands during the entire journey here from the scene of their trial.

Sheriff Chas. said he was glad to get the prisoners out of his custody, because he was afraid they would be successful in their announced intention to commit suicide. The sheriff said that Boyle intended to kill his wife and then commit suicide with the razor the sheriff found in the kidnapper's bag today. Neither prisoner would deny this.

### Rev. G. Osborne Troop Hasn't Any Use for Unitarianism

MONTREAL, May 10.—Rev. G. Osborne Troop, of St. Martin's Episcopal church, somewhat surprised his congregation yesterday by preaching a sermon strongly denunciatory of Unitarianism. He claimed that it was not Christianity and no Unitarian could be a Christian and greatly deplored that such a doctrine should be preached in Montreal. The sermon throughout was a strong stand for orthodoxy in the Christian faith. Up to a short time ago, Rev. Mr. Troop's son was a minister of the Episcopal church in the United States, but recently he joined the Unitarians. During his sermon, Rev. Mr. Troop was evidently laboring under great mental stress.

### Question of Abolishing it by Parliament

### CROCKETT CORRECTED

### Marine and Fisheries Bill Won't Affect St. John River Wharves

OTTAWA, Ont., May 10.—Mr. W. L. MacKenzie King, M. P., Minister of Labor, made his first appearance in the Commons this morning, taking his seat at the opening of the house. Before the orders of the day were called Hon. Mr. Pugsley called attention to some incorrect statements in the speech of Mr. Crockett during the debate of last week.

Mr. Crockett had practically declared that \$5,600 had been assigned and paid to David Connell of St. John in settlement of some old claim which he had against the Minister of Public Works. Dr. Pugsley declared that Mr. Connell had no claim against the government.

Mr. Crockett had also stated that \$5,600 had been paid in connection with a promissory note of the New Brunswick Coal and Railway Co., which Mr. Connell has discounted. The money was used in payment for steel rails used for branch lines of the railway company.

There was a brief debate upon the advisability of abolishing the practice of granting divorces by act of parliament. Mr. R. L. Borden thought that too much latitude was allowed in the evidence given before the Senate committee and suggested that an official should be appointed like the King's Proctor in England to guard against collusion between parties applying for divorce.

Mr. F. D. Monk did not believe that the divorce evil had reached the stage where the establishment of a separate court was necessary, and Mr. H. Miller expressed the opinion that too much latitude was allowed in the evidence of American private detectives.

Hon. Mr. Brodeur in reply to Dr. Danforth stated that the investigation now being carried on by Fisheries Inspector Calder into the ownership of certain wharves in Passamaquoddy Bay had been undertaken on representations made to the department that the St. Andrew's Company, Limited, which had applied for a license, was composed of United States citizens and that the license would be used for the benefit of Americans.

NO FURTHER BOUNTY. Hon. Mr. Fielding replying to Mr. Crosby said that in view of the liberal license already given to the steel industry the government had not so far felt able to give any bounty to further encourage steel shipping.

On Tuesday the second reading of the bill to give the department of marine and fisheries power to lease piers and wharves owned by the Dominion to railway and shipping companies and to collect fees thereon was read.

Dr. Daniel asked if the bill would affect wharfage now charged at wharves on the St. John river.

Mr. Brodeur said he thought the bill would not affect these wharves because they had never been transferred to his department. At the suggestion of Mr. Turgeon he promised that in any lease of a pier or wharf used by fishermen a provision would be inserted protecting them against the imposition of wharfage.

The bill was read a third time. The whole of the evening session was spent in committee on the government bill respecting immigration. There was a general discussion of regulations and the policy of the immigration department practically no points added to what had already been said in the previous discussion on the second reading of the bill.

Progress was reported and the house adjourned shortly after midnight.

MONTREAL, May 10.—No confirmation can be obtained of the report that Florence Kinrade, her mother and fiance are in Montreal. There is no one of the name of Kinrade registered at any of the Montreal hotels and the report is based on the supposition that three people stopping at the Queen's Hotel, who it is claimed answer the description, are the Kinrades. ### Cost of Looking After Foot and Mouth Disease—Other Estimates

OTTAWA, Ont., May 10.—Supplementary estimates for the current fiscal year totalling \$1,016,687, of which \$88,588 is chargeable to capital account, were presented to parliament today by Hon. Mr. Fielding.

In the main the estimates consist of minor items omitted from the main estimates and which it has now been found necessary to insert to meet unavoidable expenditures during the year. The supplementary estimates for the smallest in many years. Added to the main estimates brought down earlier in the session they provide for a total expenditure for the current fiscal year of \$11,506,460, of which \$3,017,721 is chargeable to consolidated fund and \$8,488,739 to capital account. Further supplementary estimates for the next fiscal year, including \$100,000 for the Italian earthquake relief fund, voted by governor general's warrant \$100,000 to defray the expenses of the quarantine along the International boundary on account of the outbreak of foot and mouth disease in the United States, and \$10,000 to pay the expenses of Canada's representatives at the International Institute of Agriculture held at Rome last fall, were also tabled.

### Dreadful Conditions Exist in Asiatic Turkey—Civil War Feared

### THOUSANDS DEAD

NEW YORK, May 10.—Reports from American missionaries stationed in the massacre district of Asiatic Turkey are now being received by the various mission boards. One of these, received by Dr. R. N. Somerville of the Reformation Presbyterian Mission Board, is from the Rev. G. A. Bosh, dated Merzina, April 30. Dr. Bosh writes:

"Full returns will be by no means in, and probably will never be, but it does look as though the killed in the Adana Vilayet would surely number into thousands. Reports from other parts of the empire would seem to indicate that civil war is imminent. A dreadful condition exists at Dr. Christie's school, and it is to be feared that this is only the beginning of sorrow. A letter from Mrs. Christie yesterday speaks of the pitiful state of the people gathered there. The outbreak in Adana was simultaneous with the annual conference of the Central Turkey mission of the American board. This includes the missionaries and the native pastors, the latter of whom were about sixty in number. I suppose nearly all of the pastors were on the road and not a great chance from Adana when the outbreak occurred, and I suppose you know how many had been killed. A letter from Mrs. Kennedy at Alesandrette says the arrival of an English frigate was just in time to save the town. The villages were burned and looted all around."

PARIS, May 10.—Chas. G. D. Roberts, the Canadian author, was injured today while driving an automobile with Mrs. von Holtzeln, an artist of Montreal. The machine ran into an excavation and almost decapitated a laborer at work there. Mr. Roberts and two others were quite severely cut.
