

# CITY NEWS

**SANDON'S SENIORS**—The secretary of the carnival committee was notified last night that Sandon would send its senior team to compete with the other seven in the hockey tournament. Repleting from other clubs are expected within the next day or two.

**LARGER QUARTERS**—The Rossland Warehouse and Transfer company has occupied the premises recently vacated by the Bank of Commerce, adjoining the company's old office. In the new quarters the company has one of the most commodious and attractive offices in Rossland.

**OFTEN LATE**—The presence of ice on the Arrow Lakes is interfering with the Canadian Pacific service. The boats making connection with the main line are delayed nightly, and the evening train has been from one to two hours late every night for the past week.

**SOME DELAY**—Some delay has been encountered with respect to the completion of the changes at the Trail smelter, and the lead and copper furnaces are not likely to blow in at least until the end of next week. The new sampler is installed and other important features in the program of changes are under way.

**CONTRACT LET**—The contract for sinking the shaft and driving the drifts in the Le Roi is reported to have been let to Messrs. Vance, Skugland & Co. for the sum of \$10,000. The work is to be started within the next two or three days, and will probably take not less than three months for its completion.

**THE REFINERY**—The Canadian Smelting Works at Trail is losing no time in putting its refinery proposition into effect. The preliminary steps in connection with the building operations are well under way, and interest has been added to the proposition by the arrival at Trail of Inventor Eetz, whose system of refining is to be incorporated in the new works.

**CREMATED**—The remains of the late J. Roderick Robertson were cremated in New York yesterday, in accordance with instructions contained in the deceased's will. The crews at the Ymir and Enterprise mines and the office staffs of the parent and subsidiary companies ceased work for the day out of respect to the memory of the late general manager.

**BADLY BURNED**—Fireman Dan McDonald, whose cottage behind the fire hall was gutted on Wednesday, is more seriously burned than was at first realized. His hands and face are in terrible shape, and he is suffering great pain, more so than on the day of the fire. It will be some days before he can do active duty with the brigade. McDonald's injuries were the result of his determined effort to extinguish the flames single-handed.

**BRIGHT PROSPECT**—The management of the Bonanza mine have received a bright report from Superintendent Hanson, who is in charge of the St. Thomas mountain mine. Mr. Hanson advises the company that he has a large quantity of carefully sorted ore on the dumps ready for shipment, and that the reserve of ore ready for shipment is substantially in advance of the daily shipments. The upraise is now in a fine body of high grade ore.

**WILL ENTER**—The announcement of the Twenty-fourth of May race meet in Rossland has already borne fruit. Ed. Griffin, a well known racing man from the Territories, writes that he is desirous of bringing his string of eight gallopers to Rossland for the meeting, and solicits further information relative to the program. Griffin campaigned his bang-tails through Washington and Oregon last season and did well. He is also a prominent figure at the frequent meetings in the Territories.

**CHIEF VAUGHAN RETIRES**—The Miner is informed by Frank Vaughan, chief of police, that he will today tender his resignation to the board of police commissioners. Chief Vaughan will thus sever his connection with the force after almost a year's service during which time the city has passed through a period calculated to test the capabilities of peace officers. In many respects the retiring chief has given the city splendid service, the very fact that few serious breaches of the peace have occurred during the past seven months being especially commendable. In addition he has kept the revenues of the police department in a most satisfactory condition. If Chief Vaughan decides to remove from Rossland after winding up his connection with the police force he will carry with him the hearty good will of a wide circle of friends.

**ST. ANDREW'S CHURCH**—The annual meeting of St. Andrew's church was held Wednesday evening. The reports from the various departments were all of an encouraging character. After paying all current expenses, and a considerable amount of floating indebtedness, the treasurer's report showed a balance of \$99 on hand. In view of the financial depression through which Rossland has been passing for the last six months of the year, this is considered an excellent thing. The choir, the Ladies' Association, the Young Ladies' Guild, the envelope secretary and by votes of thanks services during the three additional sessions, making the persons stand as follows:

for the present year: J. H. Robinson, W. Morton, W. M. Wood, Dr. Reddick, T. S. Gilmour, James Anderson, J. B. Johnson, Wm. McQueen, Dr. Kerr, B. Barker, P. B. McDonald, Dr. Coulthard.

**APPOINTED**—Thomas Parker, of this city, has been appointed by the Dominion government to act as assistant inspector of weights and measures for the province of British Columbia. Mr. Parker's new duties will take him to all parts of the mainland annually. The appointment will be gratifying to Rosslanders who are familiar with Mr. Parker's sterling qualities of character and his valuable services to the Golden City.

**TRAIL GUN PLAY**—An exciting gun play took place at Trail the other night, when two Austrians became involved in a row at the Victoria house. The men were Frank Finder and Frank Hoffer, and Finder had an arsenal of weapons about him. When disarmed, he promptly drew another gun and swore to take Hoffer's life. Both men were locked up in the cells over night. Next day Finder was assessed \$50 for carrying weapons and Hoffer paid \$20 for disorderly conduct.

**THE THIRD CHIMNEY**—About two o'clock this morning the fire brigade had their third run of the night to a chimney blaze. The cause was up on the hill, but some excited person turned in an alarm from box 35, giving the firemen an unnecessarily long trip.

**BLAZING CHIMNEY**—The fire department was called out shortly after 8 o'clock last night to the residence of John Morrish, Cook avenue and Spokane street. The trouble was caused by a chimney fire, which was extinguished without turning on the water.

**ANOTHER ALARM**—The fire department was called out shortly before 10 o'clock last night for a blazing chimney at the corner of Spokane street and First avenue. No damage was caused. In view of the unusually hot fires consequent on the severe cold weather, the absence of chimney fires up to the present time has been very marked.

**SUCCESS ASSURED**—The success of the hockey tournament in connection with the Winter Carnival is practically assured. Word was received yesterday from Nelson that two teams, senior and junior, would enter from that police and it is almost settled that Phoenix will send its fast seven, which will close up in the finals unless reports are misleading. The Grand Forks boys have the matter under consideration, but their experience with Phoenix was so unsatisfactory that the hockey men have about thrown up the sponge for this winter.

**BENEFIT BALL**—The friends of Hugh Glenross, who sustained painful injuries while engaged in logging a few days since, have organized a benefit ball, which will be held at the Miners' Union hall on the 11th inst. Glenross' injuries are of such a nature as will incapacitate him from earning his own livelihood for many months, and those who patronize the entertainment on his behalf will enjoy themselves and accomplish a commendable object at the same time. Gaham's orchestra will furnish music for the occasion.

**BROWN AND FREEMAN**—Morton Freeman, who lost to Dude Lewis on a foul last Wednesday night at the International, and Geo. W. Brown, the Rossland Cyclone, signed articles for a 20 round go yesterday, to take place on February 18th in this city for the brown receipts and a side bet of \$50. Brown issued his challenge at the rink last Wednesday night to meet the winner of the Lewis-Freeman bout. Brown deserves a great deal of credit for having met all comers since he first made his appearance in the ring, and has the proud distinction of having never lost a match nor listened to the "dreamy count of time." Freeman is an older ring man, with a creditable string of victories, having met such men as Bobby Dobs, the Black Pearl, and numerous others. Should Brown defeat Freeman in this match he will, by right, claim the colored middleweight championship of the Northwest and stand ready to defend it against all comers. Brown is young, handsome and care should give a good account of himself with some of the best of them.

**AMATEUR SKATERS**—Results of the Speed Contests at Verona Lake Meeting.  
NEWARK, N. J., Feb. 1.—The finals in the skating championship at Verona Lake, given under the auspices of the National Amateur Skating Association of the United States and the Amateur Skating Association of Canada, took place this afternoon. The attendance was smaller than on Friday and the ice in much poorer condition. There were many soft and lumpy spots, and much ice was covered with water. Wood and Sinnirud, of the Verona Lake Skating club, divided the honors. The latter captured the half and ten miles, while the former captured the mile and three miles. Many believe that H. Taylor of Buffalo would have beaten the Swede in the ten mile event had he not fallen in the eighth mile. Summary:  
Half mile, final heat, won by S. Sinnirud, Verona Lake, S. C.; A. B. Piliak, Montreal, second; G. Bellefeuille, Montreal, third. Time 1:28 1/5.  
One mile, final heat won by M. Woods, Verona Lake, S. C.; F. R. Sager, New York, A. C., second; G. Bellefeuille, Montreal, third. Time 3:07 1/5.  
Three miles, M. Woods, first; P. Sinnirud, second; W. Coldwell, Montreal, third. Time 10:18 4/5.  
Ten mile, P. Sinnirud, first; M. Wood, second; F. R. Sager, third. Time 37:04 1/5.

**STOPS THE COUGH AND WORKS OFF THE COLD.**  
Laxative Bromo-Quinine Tablets cure a cold in one day. No cure no pay. Price 25 cents.

## FOR THE MEMORIAL A RAILWAY CHANGE FOR THE CARNIVAL

MANY SUBSCRIPTIONS ALREADY IN FROM FRIENDS OF "FATHER PAT." MANIFESTATION OF INTEREST BY PEOPLE IN OTHER LOCALITIES.

Subscription lists for the "Father Pat" memorial were placed in the hands of the members of the general committee yesterday, and no time was lost in putting the lists in circulation. The results attained in the first day were eminently satisfactory, and are a good augury of the cordial reception that will be tendered the proposition. In the short time in which the idea has been before the people of Rossland several hundred dollars has been subscribed. It is difficult to ascertain the exact amount already pledged at this time, for the reason that the lists are in the hands of a score of persons. One member of the committee unaided secured more than \$100 yesterday, and the amounts secured by several other committeemen were in the same vicinity.

Outside of the city the idea has been most favorably received. Intelligence is to hand from Nelson that a substantial contribution may be expected from the city by the latter. A joint committee will probably be formed there to participate in the proposition. Among the kind things that have been said of the memorial idea probably none have approached the following from the Nelson Miner. The article is from the pen of Colonel Jack Egan, the veteran newspaper man, who speaks of the late "Father Pat" from the standpoint of a warm personal friend who understood the deceased clergyman's motives thoroughly and loved the man. Colonel Egan says:

**MONUMENT FOR "FATHER PAT."**  
The citizens of Rossland have decided to erect a memorial in honor of the late Rev. Henry Irwin. The subscriptions to the memorial fund have been limited to \$1, the idea in thus making the sum which each subscriber will give small is that if Rev. Irwin had the directing of the gathering of the fund for the memorial he would resent any deprivation that would inflict the least hardship on individuals for his sake. The keynote of his admirable character was unselfishness, of which he was the embodiment in every fibre of his being. Some men have a lust for money, others for power, or for fame, but he had a lust for doing good and in this only did he indulge himself. His humanity was so broad that it embraced all races and creeds, as his only desire was to know that his help was needed and that there was suffering that he could ease, naked that he could clothe, hungry that he could feed, bereaved that he could console.

At the same time he was entirely unaffected and there was no self-glorification in what he did, and his chief regret was that he could not give more and do more, even when he deprived himself of almost the necessities of life for the sake of others. The people understood him from the highest to the lowest and their regard went beyond liking him—they loved him as a brother. His charity was like that of a Magdalen who resided several years ago in one of the coast cities. One bitter cold night a poor wretch, homeless, penniless and dying, knocked at her door, saying that every other door was closed to him and craved permission to shelter his cold, feeble body from the pitiless storm. He was taken in and warmed and cared for, but it was his last night on earth, and towards the grey hours of the morning he died with no hand but that of the woman to soothe his last moments. The reporters of the papers learning of the death came and asked the woman who he was, where he was born, what was his name, and the Magdalen replied: "I did not inquire into his genealogy. The man was cold, weak and dying and I did not care what his name was. He needed help and I gave it to him. I took him in and cared for him, and that's all there is to it."

Father Pat never inquired into the genealogy of those he assisted. He will live in the memory of those who knew him as long as they live, but it is proper that those of the future shall know that amid the misty mounlains of a man who followed as close as he could the teachings of his Master, so that some of them, mayhap, will be induced to follow his good example, and, therefore, the idea of the people of Rossland in rearing some sort of a monument to his memory is a commendable one.

**BURIED BY COKE.**  
Fatal Accident at the Carnegie Works at Thompson, Pa.

**PITTSBURG, Pa., Feb. 1.**—Three men employed by the Carnegie Company at Thompson, Pa., were, it is thought, fatally injured by a fall of coke which they, with many others, were loading on the cars. The heavy snow on the pile of fuel caused it to give way, burying them under many tons of coke, where they remained for 10 minutes before being rescued. All the others escaped.

**Cook's Cotton Root Compound**  
Is successfully used monthly by over 10,000 Ladies. Safe, effective. Ladies can get your druggist's Cook's Cotton Root Compound, as well as Mixtures, pills and ointments, at all drug stores. Price, No. 1, 50c; No. 2, 75c. A full receipt of price and two-cent stamp. The Cook Company Windsor, Ont. EP No. 1 and 2 sold and recommended by all responsible Druggists in Canada.

## THE CANADIAN PACIFIC TO ESTABLISH AN AGENCY DOWN TOWN.

FREIGHT AND PASSENGER BUSINESS BOTH TO BE ATTENDED TO.

The Canadian Pacific will put into effect on February 1 an important alteration in connection with their local business. The company has determined to establish a down town agency, in which all matters pertaining to freight and passenger business will be attended to. This necessarily involves the vote of his entire attention to the company's business. The position of local freight agent has accordingly been done away with, together with the city ticket office as at present constituted. Yesterday Joseph S. Carter, district passenger agent, arrived in the city for the purpose of establishing the new office. He closed negotiations for a lease of the premises formerly occupied by W. F. McNeill, on which the company has had an option for several weeks. The ticket and freight office for the city. The office is to be opened on about the first or next week, and eventually will be handsomely fitted up. Furnishings have been ordered and will be placed in position as soon as they arrive from the manufacturers.

The innovation involves some changes in connection with the personnel of the local Canadian Pacific staff. Alexander C. McArthur, the present station master, will be placed in charge of the city office, under the title of general commercial agent. He will handle the town ticket and freight business, and will have an assistant in the person of J. H. Bagnell, now of the Vancouver ticket office. Mr. McArthur's successor as station agent has not been named as yet.

The location of a freight office in the city especially designed to deal with matters of importance connected with the company's local business is a move which will be received with satisfaction by business men generally. Heretofore it has been necessary to transact much of this business by telephone with the agent at the station, and the latter's time has been engrossed with the operating department to such an extent that delays occasionally ensued, all of which will be obviated under the new arrangement. The advantage of having a bureau of information relating to all freight matters located in the business centre of the city will be realized at a glance.

## SOCIAL AND PERSONAL

Mrs. A. S. Gordon gave a party on Tuesday night, when the evening was devoted to duplicate whist. The prizes were captured by Mrs. Davis and Mrs. J. E. Johnston.

Miss Ida Marshall gave a small afternoon tea on Thursday.

Mrs. T. Mayne Daly entertained the Euchre club on Thursday evening at her home on Georgia street. As was expected, the members spent a thoroughly enjoyable evening.

Mrs. John G. Moody, of Butte street, entertained a party of young people at a pleasant progressive high tea on Thursday evening.

Mrs. C. S. L. Mackintosh was the hostess at afternoon tea in honor of Mrs. Morrill on Friday.

Miss Watson, of Pincher, Alberta, is in the city, the guest of Mrs. McQueen, Le Roi avenue east.

Among the visitors to the city last week was Mrs. A. B. W. Hodges, wife of Superintendent Hodges of the Grand Forks smelter at Grand Forks. Mrs. Hodges was the guest of Mrs. Robert Egan, corner Le Roi avenue and Earl street. She left for home accompanied by Mrs. Keller on Saturday morning.

The next dance of the Entre Nous club takes place on Friday next, after which the club meetings will be discontinued until after Lent.

Mrs. Albert Klockmann gave a pleasant dinner to a number of the ladies and gentlemen who have participated in amateur theatricals lately. Covers were laid for ten, and an enjoyable literary evening was spent.

**ON THE ISTHMUS.**  
Government Troops and Rebels Contending for Mastery.

**PANAMA, Feb. 1.**—The Colombian government fleet returned here last night. The commander reports that the government forces held Agua Dulce, but that General Castro is endeavoring to get in touch with General Herrera, the revolutionary commander. Three messengers were landed and communicated to General Castro orders from Civil Government authorities.

General Herrera has sent notices to the agents of the steamship companies, saying that having domain over the Pacific Coast of the Isthmus, he will not allow the transportation of arms or soldiers for the government, and will prevent such transportation by force if necessary. Serious complications are possible, but the governor informed the correspondent of the Associated Press that the action of Gen. Herrera has no importance.

G. Negro was ticketed to New York over the Spokane Falls & Northern yesterday. He is bound for Italy.

## THE DATES ARE FINALLY ARRANGED FOR FEBRUARY

A PROVISIONAL PROGRAMME DRAWN UP BY THE CARNIVAL COMMITTEE.

The Winter Carnival takes place in Rossland on February 20, 21 and 22, and the committee is losing no time in getting down to details. Last night a largely attended meeting of the committee took place and excellent progress was made with the arrangements for the celebration.

The principal feature of the meeting was the adoption of a provisional programme of sports. This is subject to alteration, but in the main represents what citizens and visitors may expect to see during the two days of the carnival. The programme begins with a masquerade at the skating rink on the evening of Thursday, February 20. On Friday there will be three hockey matches, two between senior clubs and the other between junior clubs. On Saturday three ski races and two ski jumping contests are billed, and two horse races, a dog race and four snowshoe races, together with a series of five skating races and the final matches of the junior and senior hockey championships.

The programme of the hockey contests cannot, of course, be fully decided upon at this time, but after canvassing the situation the committee concluded that probably not more than four senior hockey teams and three junior sevens would enter the tournament. Should this prove correct the hockey section of the programme can be carried out as proposed. The committee expects that the winter sports exhibitions of the popular sport this year, as reports indicate that Phoenix and Nelson in particular have unusually fast teams, while a strong effort will doubtless be made by the local men to bring the senior championship back to the Golden City. It is presumed that Nelson and Sandon will be the only outside points to send junior teams.

The skating races this year will include a one-mile championship event, an obstacle race for boys, a race for girls under 12, a quarter-mile event for boys under 12 and a half mile race for boys under 15. The ski races will include the championship event, one for men and one for boys under 15, all over the same course from the summit of Monte Cristo mountain to the foot of Washington street. The contests will be run off at ten minute intervals. There will also be two ski jumping contests, one limited to boys under 15.

In addition to the championship snowshoe race over the old course laid out by "Father Pat" there will be four snowshoe contests on Columbia avenue as follows: Prospectors' 200 yard race with 40 pound packs, 100 yards open, 200 yards open and quarter-mile open with turn. The dog race will be a straight away contest this year.

Believing that cutter races can be made an interesting feature of the carnival, the committee has decided to offer two purses, each for the best three heats in five. The first will be an open race for prizes of \$100 and \$25, the second will be limited to local horses, including entries from Trail, not entered for the free-for-all, for purses of \$5 and \$15.

Additional committees were appointed to assist the executive as follows: Hockey—Lee Coombs, L. A. Campbell and H. W. C. Jackson. Finance—Harry McIntosh, J. B. S. Fraser, L. A. Campbell, N. A. Burritt, J. E. Taylor, Ernest Kennedy and the secretary. James Anderson, manager of the Bank of British North America, was appointed treasurer.

The next meeting of the committee takes place on Monday night at the board of trade rooms.

**FUREKA HARNESS OIL**  
Rais and sweet have an effect on harness treated with Fureka Harness Oil. It keeps the harness soft and pliable. Sutures do not break. No rough surface to chafe and cut. The harness not only keeps looking like new, but wears twice as long by the use of Fureka Harness Oil.

Sold everywhere in one-gallon cans. Made by Imperial Oil Company.

**CERTIFICATE OF IMPROVEMENTS.**  
Notice.  
Parrott and Gambetta mineral claims, situate in the Trail Creek Mining Division of West Kootenay District. Where located: On the south slope of Lake mountain.

Take notice that I, N. F. Townsend, acting as agent for Charles E. Bennett, free miner's certificate No. B 42993, intend, sixty days from the date hereof, to apply to the mining recorder for a certificate of improvements, for the purpose of obtaining a crown grant of the above mineral claims.

And further take notice that action, under section 37, must be commenced before the issuance of such certificate of improvements.

Dated this 29th day of January, A. D. 1902.  
N. F. TOWNSEND.
