Claims That Lumbage Can be Cured He Himself Had Suffered for 25 Years Hope for Apparently Hopeless Cases,

Economy Point, N. S., June 16.— Special).—Mr. George S. McLaughlin, of this place, claims to have found a remedy which will cure any case

of Lumbago.

Mr. McLaugalin himself has been a great sufferer with this disease, and has sought relief in very many treat-

ments and remedies.

At last, however, he came across a medicine which completely cured him, and which he claims amy sufferer from Lumbago should be told of

was troubled with Lam's Back for 25 years or more. Sometimes it was so severe I could not turn my-self in bed.

A slight cold or hard lifting would bring on a fearful attack and give me awful pain.
"I had tried many medicines and

"I had tried many medicines and treatments, but never found anything to do me any good until I heard of Dodd's Kidney Pills.
"My brother, who kept a small grocery store, and sold some medicines, told me that he had heard that they had cured a great many people of Lumbago, and he advised me to try them." ople of Lumbag

I commenced a treatment, and in a short time all the pain left my back and it became as stout and strong as ever.
"Wonderful to say I have had no

return of the terrible Lumbago "It is now some years since I was

"H is now some years since I was cured, and I have said nothing about it, for I was afraid it would have to keep on using the Pills in order to be well."

But now I am satisfied it is gone to the property and know that I am safe. forever, and know that I am safe in making this public statement. "I believe Dodd's Kidney Pills will cure any case of Lumbago or Lame Rack, for they helped me out and nobody could have it much worse than I had."

By M. O. N.)

Dear to my heart is my native land, the favorite child of a freeborn race, now making her first appearance upon the stage of the world's action and playing her part with dignity and grace.

A soul of a poet; a soul of Acadian tears, fair Columbian hopes, and a larger vision of a great future northern land; such is hers.

Oh, my own true love, my coun-(By M. O. N.)

Oh. my own true love, my country; dear to my heart as heaven's light on darkened eyes; dear as is the tender flower growing in dungeon wall to the poor prisoner; accept the tribute of my swelling breast.

breast.

Never will I forsake thee, dear lovely land, nor prove faithless by accepting the hireling wage of thy fair cousin, the great Republic. I live for thee; and when the great future lies heavily upon my heart, I will breathe my last with head resting upon thy sympathetic bosom.

New York Central and Hudson River Railroad.

The above name is a household word and the superior excellence of the road should be sufficient to attract more should be sufficient to attract most people, but now that the rate in the same to New York and points east as by other lines no further recommendation should be sought. Everybody will tell you it is the best.

WOULD FORE TO A THRASHING

Attempt to Intimidate a Judge That Proved a Signal Failure.

While Judge William M. Shipp was presiding in the court in Nash county, North Carolina, some years ago, a jury of "twelve good men and true," according its the Tarheel standard, brought in a verdict which the judge did not approve, and he told the jury that they had committed perjury, or they were a set of fools, and, did not have sense enough to sit on a jury, one of the jurors was a Mr. Wess, who had been graduated from the State University and was a large land owner, and was known as the most successful farmer in the county. owner, and was known as the successful farmer in the county.

### \*\*\*\*\*\*\*\*\*\*\*\*\*\*\* HARD TO GET A START IN LIFE.

\*\*\*\*\*\*\*\*\*\*\*\* The old story of the merchant who advertised for a young man, and, as a test of character, effered each applicant a bundle, knotted with twine, to open, and selected the youth for the vacant position who did not cut the string, but patiently labored over the knots until they

were untied-that was good in the

"Billy" Rice, negro minstrof, used to tell the story of a man who picked upla'pin as he was leaving the office of a great merchant, after an unsuc-cessful quest for work.

cessful quest for work.

The merchant, seeing the man's action from the window, called him back and gave him employment, which kindness he repaid by becoming owner of the entire business in an incredibly short time.

"Billy" used to end his story by saving that he tried that scheme saying that he tried that scheme once, when he was looking for work, dropping a pin carefully on the floor as he entered. He stated his wants to the proprietor, who not only had no employment to offer him, but remarked to his partner as Rice picked up the pin: "Say, if that fellow's so small as to steal a pin off the floor, much do you think he'd my till?"

### THE WARDROBE OF THE POPE

Vast Number of Garments Required

by Custom-Priceless Laces in it. Few rulers are surrounded with more ceremony and magnificence than the princes of the Church. As for the Pope himself, etiquette and tradition have imposed upon him a sumptuous magnificence, and the wardrobe of Leo XIII. is the largest and most costly the wide world has

Three large rooms in the Vaticat are given over to it, and many servants are constantly at work keeping the vestments in order. There are garments set aside for each day in the year, and varying in color, weight and value according to the occasion and the senson

eccasion and the season. In Lent, the Papal raiment from shoes to cap is of scarlet. The Easter days demand other colors. Season calls for white. Other holy Every item of each costume is the finest and richest of its kind. The surplices worn at audiences are of surplices worn at audiences are of priceless old lace. Nowhere in Europe is there, a more valuable and inter-esting collection of lace.

The slippers of the Pope are legion,

and each pair is of finest velvet. The right slipper, which is kissed by pil-grims and other pious visitors, bears grims and other plous visitors, bears a cross in gold embroidery; while on the left are embroidered the crest, keys, thara and pallium which make up the crest of the Roman Church. But the slippers fade into insignifi cance before the value of the muum-

cance before the value of the muum-erable pairs of gloves. These gloves are of finest white wool.

That sounds modest; tut, as it hap-pens, the wool is embroidered in cestly pearls. The material for the gloves, as for all woolen garments worn by the Pope, is made from the fleece of a special flock of sheep dedi-cated to this purpose, and owned by a family that has since the middle of the sixteenth century enjoyed the the sixteenth century enjoyed the

privilege, From this herd of fifty sheep, a number of lambs are set aside each year. On Jan. 21st these lambs are taken to the Pope and, in an impressive ceremony, "eceive the Papal blessing. After that they are kept

tion of rings, but only three of them are official. The Fisherman Ring, carved with a representation of St. Peter fishing, is the Pope's official signet ring and is destroyed at the death of the wearer, a duplicate being made for his successor.

are lean-unless you are lean by nature-you need more fat. You may eat enough; you are losing the benefit of it.

Scott's Emulsion of cod-liver oil will help you digest your food, and bring you the plumpness of health. Especially true of babies.

The Senator and the Hat.

The other day "on the avenoo."

Washington, I saw man's crowning glory, a Panama hat, ticketed in a wastes fifteen minutes' time, worth two and a half cents, trying to save a piece of twine worth enceptible of a cent, helis no good to me."

"Billy" Rice, negro ministry, used to tell the story of the more dependent of the story of the manufacture.

The Senator and the Hat.

Washington, I saw man's crowning glory, a Panama hat, ticketed in a fore "\$100." It resembled an inverted potato pot, plus a rim, and had big dents, as if knocked about a cent, helis no good to me."

"Billy" Rice, negro ministry, used to tell the story of the avenoo. Washington. I saw man's crowning glory, a Panama hat, ticketed in a store "\$100." It resembled an inverted potato pot, plus a rim, and had big dents, as if knocked about in all sorts of weather. A grave and reverend senator, whose eyesight is not so keen as it used to be, and whose tastes run into the bizarre, read the "\$100" for "\$10." and, stepping jauntily in, deposited two Vs. on the counter. "It's a hunderd," said the dealer. The senator nearly dropped down dend. "A hundred dollars for a hat!" he gasped. "Great Scott! ped down dead. 'A rundred dollars for a hat?' he gasped. 'Great Scott! That's far too steep far too steep for me. What would the missus say?' He ambled out at a gait verging on 2.40.—New York Press.

Minard's Liniment Cures Burns, etc.

How He Won Fame. Speaking of haggis; the Boston Journal recalls the experience of a favorite actor who was accustomed to spend his summers in Wilton, Maine There he noted, when, as the custom was a favored when, as the favored was the favored with the distance of the statement Maine, There he noted, when, as the custom was, a farmer "killed a critter," the liver, sweetbreads, kidneys, etc., were thrown away. He offered to purchase these delicacies, but though he got the goods, the "sturdy farmer scorned his proffered gold." Not long after he observed as he walked through the village he was walked through the village he was the cynosure of all eyes, and was fol lowed by a wondering if not admiring erowd, chiefly of the young. "Aha," thought he, "I cannot escape my fame; my glory as an actor has fol-lowed me even to this obscure hamlct," and he was mightly puffed up till he overheard one yokel shout to another: "Bill, there goes the feller what eats innards."

Minard's Liniment Cures Dandruff.

Pampering the Thront.

"Yes, I know—another cold!" said a doctor. "I do not know what medical men would do if it were not for you women." And he turned to the creature of furs and wraps, smiled one of his appreciative smiles, and continued — "Remove your boa, please! Do you realize that the high collars that women wear around their hock are responsible for nearly all the colds that your sex gets? It is so. Winter and summer alike you will insist upon wrapping up your delicate necks in high silk, velvet, cloth, linen or chiffon covering. If it be not this, why it is a yard or more of ribbon drawn tightly about the neck, and naturally the neck gets tender and over-sensitive from the neck, and naturally the neck gets trader and over-sensitive from the fancy bandages and swathing that are forever about it. With the first draught there is a cough."

Change of water is the great peril of vaca-tion time. Pure water is scarce, hence dis-turbances, always serious, of the stomach and bowels. Perry Davis Painkiller has never failed. Can it fail in your case?

scarcity of Servants in England. The Lincolnshire hiring fairs, which are held in the various towns of the county every year during the month of May, have just been concluded, and show a great scarcity of women servants—a feature which has become more and more propagated during of my life."

knees.

"Well Pat.' sail a comrade, "where have you been? I thought you were going to show us how to fight?"

"Faith," said Pat, "I thought I would rather be a coward for five minutes than a corpse for the rest servants—a feature which has become more and more pronounced during the last few years. Experienced servants have commanded higher wages than previously, and many mistresses are still without maids. Male servants have also been scarce.

Inducts than a corps to the more in the last of my life."

## SOMETHING ABOUT GREAT VOLCANOES.

\*\*\*\*\*\*\*\*\* The terrible catastrophe of St. Pierre has directed attention to other volcanoes, of which about a other volcanoes, of which about a thousand are known. Of these, 325 MONARCH MFG. Co., St. Catharines, Ont. are now active. Those now quiescent are not all extinct; any one of them may, at any time, renew an activity which, so far as is known, is but suspended. Vesuvius was considered suspended. Vesuvius was considered by the ancient world as extinct until the period of the destruction of Pompeli. From 1306 to 1631 this volcano was again quiescent—during a period of three centuries.

The volcanoes of Iceland are in perpetual activity. Etna, Vesavius and Stromboli are now intermittenly active. The volcanoes of Spain were very active in the Province of Mur.

very active in the Province of Mur-cia in 1819. The Azores, the Canac-ies, the Cape de Verde Islands, Isle de Bourbon, the Philippines, Java, Japan, Hawaii, Mexi o. Central America, Ecuador and other along the Anles, Te Fuego, are countries Terra Fuego, are countries containing volcanoes perpetually active.
The Azores and the Hawaiian Islands are, in fact, nothing but volcanoes rising from the sea. Alaska contains several active volcanoes, and the Northwestern States of the Pacific Northwestern States of the Pacific include mountains that have become quiescent in very recent times. A glance at a map of the world on which the volcanoes are marked will give a vivid idea of their distribution. This is not a random one, as a map will clearly show, Quiescent volcanoes that are be-

ning active usually give warning earthquakes. This was not the ee in Martinique, however. The case in Martinique, however. The crater begins by poaring out huge volumes of smoke composed of gases and steam, and then come volcanic ashes, pumice, and every now and then volleys of incandescent porous stones—lap Hi and pozolanos. Globular masses of white-hot lava are thrown out in spiral-like forms, accompanied by explosive sounds. Through the clouds above the crater lightning flashes, and the clouds themselyes are illuminated by the glare of the lave beneath. The lavaltself may be thrown out by exploitself may be thrown out by explosions, or it may open ways through huge fissures in the side of the mountain, In very violent eruptions the whole head of the mountain may be blown off, or the mountain may be riven apart, as at Krakatoa. The volcanic aches are sent out.

riven apart, as at Krakatoa. The volcanic ashes are sent out in vast quantity, and, being light, are carried to enormous distances.
The ashes of Vesuvius have fallen in Constantinople. The ashes from St. Vincent in 1812 darkened the whole key at Raphados; these from St. sky at Barbadoes; those from Sumbawa in 1815 were carried 700 to 800 miles in large quantities. The ashes from Krakuton in 1888 filled the upper air and produced the red sunsets of that year, which continued for months. The gaseous products of a volcane, are deally products of a volcano are deadly In Java the neighborhood of an ac--tigers, deer and the like. It was no doubt, waves of noxious gas that killed thousands at St. Pierre. Some faint idea of the energy of volcanic forces may be had by considering the pressures necessary merely to maintain a column of lava at the level of the summit of a high mountain. Teneriffe is 3.710 metres in height. A pressure of about 1.000 atmos-A pressure of anothe Lagor attinospheres is necessary to make the lava-flow from out its crater. The Mar-tinique volcano was 1.350 metres high, and the pressure was, at the minimum. All atmospheres.
