

Try and judge for yourself.

We name them thus

Because we believe they are King of all shoes. We don't believe there is a woman's shoe sold for \$3 in this whole world which is as good as our King Quality. That is a broad statement, but try the shoe and you will agree that we have reason for boasting.

It is simply perfection. It has all that a shoe ought to have TRADE MARK -ease, durability, style-and it costs but \$3 while it looks like a \$5 shoe.

shall not ring to-night." Yet it is side the peril every woman runs who faces motherhood. Women are strangely self-forgetful. The ex-altation of the fact of motherhood blinds them often to its peril. Yet the husband who can bear no tithe of the mother's pain or peril owes it to himself to see that his wife is in that condition of sound health which minimizes the risk both to mother and child. Many husbands have expressed their gratitude for Dr. Pierce's Favorite Prescription, be-cause it makes the pain of mother-hood practically nothing and reduces the risk to its lowest possible point.
