Fruit Co. Holds Banquet

The strawberry banquet given by the Wolfville Fruit Co. at their warehouse, on Saturday evening was a most enjoyable event. There were ninety guests present including General Manager A. E. McMahon, Professor Blair, of Kentville, Rev. Dr. Bennett, of Gaspereau, and the managers of the Port Williams, New Minas, Grand Pre and Hortonville companies. C. S. Fitch, president of the Wolfville Fruit Co., presided. Mr. MacMahon gave an interesting address, surveying the history and growth of the company from the numerous other fruit companies which originally separated the interests of the fruit-growers until the amalgamation of all. George Starr, president of the Port Williams Fruit Company; Ernest Johnson, of the New Minas Company, and the Rev. Dr. Bennett, also spoke. Professor Blair gave an interesting talk on the value of social gatherings as a feature of the co-operative movement. F. C. Dennison, president of the Hortonville Company, and J. W. Duncanson briefly addressed the gathering. The proceedings concluded with the singing of the National Anthem.

Among provincial appointments recently gazetted appeared the following:

To be a Notary Public.—S. M. Beardsley, of Wolfville, in the county of Kings.

To be Justices of the Peace.—In and for the county of Kings,—J. Wilford Patterson, of Greenwich Ridge, and James William Welton, of Aylesford.

The incorporation is gazetted at Ottawa of Clarke Bros. paper mills, limited, Bear River, N. S., \$5,000,000.

Death of Noted Journalist

Hon. William Dennis, member of the Canadian Senate and publisher of the Halifax Herald and Evening Mail, died at the Massachusetts General Hospital, Boston, on Sunday afternoon. After prorogation of parliament at Ottawa, Senator Dennis proceeded to Boston, where on the advice of specialists he underwent an operation which on Saturday was reported successful. However on Sunday morning complications developed which resulted in his death.

By the death of Senator Dennis there has been removed from journalistic and political life of Eastern Canada a remarkable and with all strenuous and enterprising character. Although born in Cornwall, England, he can be said to be a self-made product of Nova Scotia, as he came to this country when yet a boy of seventeen years of age. His career closed in his sixty-fifth year, the owner of two daily newspapers, a member of the National Senate, and a figure widely known throughout the Dominion.

Two years after his arrival in Nova Scotia he joined the editorial staff of the Halifax Herald, when the paper was first published. By his capacity for hard work and his ability he soon became news editor and one of the most alert newspaper men in Eastern Canada. Mr. Dennis rose step by step until having acquired control of the Herald, he then became its owner. He was a man of extraordinary vigor of purpose and determination. Suffering from physical infirmities for many years did not seem to weaken his power for work, or his optimism. His application to his wide and varied interests was maintained to within the time he left the Canadian Capital for his last journey to Boston.

But remember that Paint Quality varies

You cannot save the surface with a poor paint—unless you re-paint frequently. That is extravagant—so you naturally seek the paint of utmost durability. Your search for such a paint will lead you ultimately to the pure and permanent

B-H PAINT "ENGLISH" 70% Pure White Lead (Brandram's Genuine B.H.) 30% Pure White Zinc 100% Pure Paint

Its outstanding merit is primarily due to its white base: zinc white and Brandram's Genuine B.H. White Lead, which for two centuries has been the standard white lead of the world. The purest linseed oil (from our own mills) with best turpentine, aids in giving a tough air-tight coat. You cannot prove these high claims until you've used the paint—but you can meanwhile accept as your guide the experience of your neighbors. Ask any man who ever used B-H if it is not true that it goes farthest—and lasts longest. You will find unvarying conviction among experienced paint-users that the quality and durability of this brand are such as to make it the supreme surface-saver. You will probably find in your neighborhood houses painted with B-H long ago that look as if they were painted but recently.
