### BUSHVILLE WHARF

We had occasion to visit Bush-  
ville last week and found its wharf  
in a wretched condition. Say  
nothing of teams, even foot  
passengers are apt to be  
apologized for a wharf at best, but at  
present it is not even that. We  
hope the parties responsible will  
give it immediate attention.

### GOOD ROADS

A few years ago when a now  
high officer of the provincial  
government was doing platform work  
in Restigouche he made special  
mention of Chaplin Island Road,  
and stated, we are informed, that  
"if the present government" (the  
present opposition) remained in  
power another session a wheel-  
barrow could not be put through  
this road. The then government  
had cedar and planks purchased  
and delivered to bridge the Ox  
Brook. The planks have been used  
for cross drains, the cedar is rotting  
by the wayside and the bridge is  
hardly safe for foot passengers.  
Waggons are breaking down, tim-  
bers are gone, planks rotten, and  
only the special efforts of the resi-  
dents contiguous, have prevented  
it being like the Newcastle ferry—  
impossible—and from the North  
Esk line north, if the present  
government pursue its good road  
policy toward it, with its \$200,000,  
additional revenue, a pack horse,  
let alone a wheelbarrow, cannot go  
safely through it. Even now it is  
not safe to take a loaded team over  
some of the hills and scarcely any  
of the 12 miles north of the mill-  
stream will admit two teams to  
pass.

### WILL SEAT NEARLY 2,000 PEOPLE

Modern New Grand Stand at Domi-  
nion Exhibition, St. John, N. B.

In deciding upon a new and more  
commodious Grand Stand the Ex-  
ecutive Committee of the Dominion Ex-  
hibition, to be held in St. John, N. B.,  
September 5th to 15th, have realized  
that outdoor attractions lose much  
of their effectiveness if the sight-seeing  
crowd is not provided with proper  
accommodations. This new Grand  
Stand will be situated almost directly  
opposite the old structure, which has  
been removed by the military author-  
ities to make room for a new armory.  
It will be 208 feet long by 40 feet  
deep, with comfortable seats for 1,750  
people. The plans call for the best of  
sight-seeing facilities, and the rows  
of seats are so carefully graded that  
no difficulty will be experienced by  
any occupant in seeing all that is  
going on in the fire-works, open-air  
entertainment and stock-exhibiting  
departments. There will be a 10-foot  
promenade in front of the Grand Stand  
and a covered bazaar promenade un-  
derneath in the rear, as part of the  
Esk. The aisles will be large and  
amply wide, making access and egress  
easy. From this monster point of  
vantage some of the finest programs  
of thrilling feats, pyrotechnics, etc.  
will be seen.

Three o'clock in the morning is no  
time to play hide and seek with an-  
xious amateur astronomers. If the com-  
et tries that sort of thing much  
longer we shall charge it time and a  
half for night work.

Some day we will be sufficiently far  
advanced, both in mechanical con-  
struction and in civilization, that law  
shall compel all buildings in which a  
large number of people gather, such  
as hotels, schools, theatres and church-  
es, to be absolutely fireproof.

## GAATHAM PULP CO. AGAIN ON THE BUM

To the Editor of the Advocate.

Dear Sir:—

The working men of the Uhat-  
ham Pulp Co. are from five to  
seven weeks without pay. The  
lumber jobbers are also looking  
for something for what they have  
turned in. Banks by secret lien,  
which has been the curse of the  
Country, compelling private loans  
to Banks at 2½ and 3 per cent, can  
take secret liens on property of  
such industries. An honest man  
willing to loan must publish it.  
How long will the Banks run the  
country, and our poor laborers be  
at their mercy?

### Homeseekers' Excursions.

The Grand Trunk Railway has is-  
sued Circular authorizing all agents  
in Canada to sell Homeseekers' Ex-  
cursion tickets to points in Western  
Canada. This is interesting infor-  
mation for those desiring to take ad-  
vantage of these Excursions on certain  
dates from April to September 1910.  
The Grand Trunk Route is the most  
interesting, taking a passenger through  
the populated centres of Canada,  
through the metropolises of Chicago,  
thence via Duluth or through Chicago,  
and the twin cities of Minneapolis and  
St. Paul. Ask Grand Trunk Agents  
for further particulars.

The splendid work of Chamberlain's

coming to light. No such grand re-

them for curing constipation, sick  
headache, biliousness, jaundice and in-  
digestion. Sold by all dealers.

Philadelphia Inquirer, and they have  
set up a claim to the comet. We  
think this is covered by the minimum  
tariff agreement and shall look at the  
beast as much as any other govern-  
ment.

King Edward may have been a mar-  
tyr to duty, but there should be no  
complaint on that score. So was  
Campbell-Bannerman, for instance,  
and so is Mr. Chamberlain. It is all  
in the game and those who play it  
cannot exclude the risks.

## EXHIBITS FROM EVERYWHERE.

Dominion Exhibition at St. John An  
Assured Success.

The Executive of the big Dominion  
Exhibition, to be held in St. John, N.  
B., September 5th to 15th next, de-  
cided upon two important matters  
when they abandoned the idea of  
charging floor rent for exhibitor's  
spaces in their buildings, and decided  
also to pay all freight charges on  
western exhibits as far east as Mon-  
treal. These concessions to exhibitors  
have proved a veritable boon, and the  
wisdom of Manager Good's suggestion  
is already exemplified in a hearty re-  
sponse from all over the Dominion.  
Already applications have been re-  
ceived from manufacturing concerns  
in Toronto, Montreal, Ottawa, Hamil-  
ton and other points west, as well as  
from notable American establishments.  
It will be somewhat familiar and ex-  
ceedingly interesting to come in close  
contact with the exhibits, personal re-  
presentatives and demonstrators of  
goods which most eastern folks see  
advertised extensively in magazines  
and the national press. Aside from  
this, the national character of the ex-  
position will bring with it a large  
number of displays usually seen at the  
official fairs of the Dominion Govern-  
ment, which distinction St. John will  
enjoy this year. Spurred to special  
effort because of these conditions, St.  
John, New Brunswick, and Maritime  
Provincial manufacturers and others  
are planning upon making extensive  
displays, and the St. John Board of  
Trade is putting forth a great deal of  
effort towards the same end. During  
the last few weeks prior to Dominion  
Exhibitions, a great number of smaller  
exhibitors entertainment promoters,  
exhibition "camp followers," etc., ar-  
rive on the scene and fill in all the  
available remaining space, thus round-  
ing out a big show in every sense of  
the word.

NO BETTER TONIC could be de-  
vised than FERROVIM, which con-  
sists of fresh lean beef, Citrate of Iron  
and pure old Spanish Sherry Wine.  
Just enough of the latter to stimulate  
the digestion and enable a weakened  
stomach to assimilate the beef and  
iron. Try this invigorating tonic if you  
are thin-blooded, weak and generally  
run-down. \$1.00 per bottle.

THE STOMACH'S "WEAL OR  
WOE."—The stomach is the centre  
from which, from the standpoint of  
health, flows "weal or woe." A healthy  
stomach means perfect digestion—per-  
fect digestion means strong and  
steady nerve centres—strong nerve  
centres mean good circulation, rich  
blood and good health. South Amer-  
ican Nervine makes and keeps the  
stomach right. Sold by A. E. SHAW'S  
Pharmacy.—52

Now—and Then  
YEARS ago when none of us knew  
better we took our wheat to the  
village mill and our good friend the miller  
ground it for us the best he could.  
It wasn't his fault if our wheat was mostly  
grits or if it was frosted or smutty. He did the  
best he could with the materials we gave him  
and the facilities he had for grinding.  
The making of flour to-day is not a mere  
grinding process. The great Ogilvie Flour

## Royal Household Flour

is a world product. It is  
well known in Africa as well  
as in Canada. It is so much  
appreciated in the poorest  
household at home as it is in  
the Royal Household abroad.  
To make Royal Household  
Flour the product is, involves  
vast capital and resources.  
Every advanced process, every  
modern device that can in any  
way improve the quality of  
Royal Household Flour is  
immediately adopted regard-  
less of expense.  
If the production of  
ROYAL HOUSEHOLD  
FLOUR was purely a milling  
process it would not be better  
than any good flour. But it  
is not the milling alone that

makes it the finest flour in the  
world. It is the all embracing  
system of care and watchful-  
ness and scientific knowledge  
that surround it at every stage  
from wheat field to kitchen.

Canadians may well be proud of  
Royal Household Flour. It is no small  
thing to have it to say that the world's  
most perfect flour is made in Canada  
from Canadian wheat and has become  
a world-wide factor through Canadian  
skill and capital.

"Royal Household" is tried and  
demonstrated above ordinary flour in quality.  
The best flour for Bread and Pastry  
is "ROYAL HOUSEHOLD". To  
say it is to prove it.

It is presented to you in a  
small tin, 5 lbs. weight, for  
your trial. Write to

Montreal, for a trial tin.

9th, 1910, at 5.00 P.M., for dredging  
required at the following places in  
Miramichi Bay, N. B.: Grandon Flats,  
"The Hureeshoo" and "The Lung."  
Tenders will not be considered unless  
made on the form supplied, and signed  
with the actual signatures of tenderers.

Combined specification and form of  
tender can be obtained on application  
to the Secretary Department of Public  
Works, Ottawa. Tenderers must include  
the towing of the plant to and from  
the work. Only dredges can be em-  
ployed which are registered in Canada,  
at the time of filing of tenders. Con-  
tractors must be ready to begin work  
within thirty days after the date they  
have been notified of the acceptance  
of their tender.

An accepted cheque on a chartered  
bank, payable to the order of the Hon-  
ourable the Minister of Public Works,  
for six thousand dollars (\$6,000.00)  
must accompany the tender. The  
cheque will be returned in case of  
non-acceptance of tender.
