New Screen Serial By Famous Authors

Manager Richards of the Happy Hour Theatre, announces that beginning Friday and Saturday he will have another one of those periodical treats in store for his patrons—the showing of the latest Vitagraph serial of rank and romance, "Smashing Barriers" with William Duncan, king of the serials, as the star.

"Smashing Barriers" has behind it an effort that was aimed to produce a new and higher type of serial photoplay. The authors are again announced as Cyrus Townsend Brady, of international fame as a writer, and Albert E. Smith, the president of Vitagraph. These two men collaborated on all the previous Duncan chapter plays that were responsible for Vitagraph achieving a place in the serial field motion pictures that is second to none. The previous Duncan serials were, "The Man of Might," so recently seen at the Happy Hour, "Vengeance and the Women," "The Fight for Millions" and a few others.

Cyrus Townsend Brady, who will be responsible for most of the daring and thrilling situations and scenes in "Smashing Barriers" is an author with a reputation. While he always insists that writing novels, magazine articles and doing other literary contributions to the reading public is always hard work for him, he considers the knocking off of a serial for Vitagraph every few months as recreation. "It has a charm and an interest," said Mr. Brady, "that I cannot find in my other work. It challenges one's wits to make strange and unusual perils for the hero and it is all sorts of fun in working out his salvation from the plots and traps of the villains."

In a personal word sent to Manager Richards by Mr. Brady he insists that "Smashing Barriers" is the best screen serial he has ever written for Vitagraph. He and Mr. Smith spent several months in working out his melodramatic production and they have made it a serial for every body—man, woman or child.

The first episode will be shown at the Happy Hour Theatre on Friday and Saturday of this week with matinee every Saturday.

Despatchers Will Stay In Newcastle

Delegation Consisting of Town Council and Board of Trade Meet Superintendent Brown

A delegation, composed of members of the Board of Trade, Town Council and representative citizens of the Town of Newcastle met Superintendent L. S. Brown, in his private car at the station, on Thursday morning, and took up a number of vital matters in the interest of Newcastle.

Mr. Brown was most favorably impressed, by the representations made, and assured the delegation that he would only be too pleased to do all in his power for Newcastle. The matter of abolishing the Train Despatcher's office here was discussed and Mr. Brown advised the delegation that he had considered the matter, with Supt. Devonish, and they had decided to allow the office to remain here at present. The matter of connecting the Railway Property with the Town's system of water and sewerage was also taken up and Mr. Brown requested the members of the Town Council to give him a concrete proposition regarding same, and he would make a recommendation and forward same to the General Manager for his consideration. Mr. Brown also informed the Town Council members that he would arrange for them to secure a half dozen carloads of cinders for use on the streets during the summer.

Mr. Brown informed the delegation that it was the intention of the Railway to spend from 75 to 80 thousand dollars at Newcastle this year and \$30,000 of such sum would be utilized to erect a new coal shed. A number of other improvements were to be made to the yard and the tracks were to be increased in length, as sufficient room at present was unavailable.

The matter of a new station for Newcastle was also mentioned but Mr. Brown said that at present the matter was out of the question on account of the present condition of the money market. He realized that the station was obsolete, but many places were in such a condition at present and until such time as money became easier it would be impossible to do anything along those lines.

A number of other matters were discussed and were answered most favorably by Mr. Brown. Taken in all the meeting was most successful and the delegation retired, feeling that much good will be derived from the representations made by them.

North Shore to Have Dragoon Squadron

Reorganization plans connected with the 24th New Brunswick Dragoon as part of the reorganization of the Canadian Militia after the war, are said to include the transfer of one of the squadrons to the North Shore a portion of the province which heretofore has not raised troops for the cavalry arm of the service. Chatham is said to be the intended squadron headquarters. Fredericton and St. John will remain squadron headquarters with St. John also regimental headquarters.

The squadron to be transferred is that formerly located at Woodstock and commanded by the late Lieut. Col. A. N. Vince who lost his life in the war.

Lt.-Col. C. H. McLean, D. S. O. is to be officer commanding the regiment with Major C. M. P. Fisher of Sackville as second in command. Major Fisher was in Fredericton for some time during the war as officer commanding the 58th Howitzer Battery.

Capt. E. H. Lounsbury is to be second in command of the squadron which will have headquarters in Fredericton.

Professor of Music
