CROFTS & JOHNSTON.

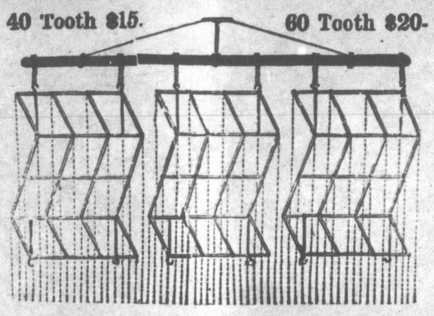
STRACHAN'S UNIVERSAL HARROWS.

40 Tooth $15. 60 Tooth $20.



HEAR WHAT THE PEOPLE SAY.

DEAR SIGNAL,
With you I think it time,
Though true it may be no great crime,
That all this harrowing prose and rhyme
Should now stop,
Leaving Charlie on his lion to climb,
Strachan in his shop.

"Fair Play" began with me to wrangle,
And thought my opinions he should strangle,
But while his pen doth o'er head dangle
I am not dismayed;
But ply my skill to square or angle
With plough or spade.

My opinion as a farmer then,
Freely given to all sun browned men
Has not changed, but firm as when
At first I tried
This harrow, that will still remain,
The farmers pride.

The rig I had for years in use
And not one tooth is dull or loose,
Albo' it has had much abuse
From stone and root,
It plays to sods the very deuce
None dare dispute.

With all this proof and this long trial
I must speak out there is no denial,
Though "Fair Play" should pour out his vial
On my poor head,
By ploughs and harrows and their trial
I earn my bread.

Stormy, cold and lacking cheer,
For weeks it has been most severe,
But if "Fair Play" will come out here
When it is warmer,
I will show him in a way most clear,
I am
A FARMER.

About one o'clock on Sunday afternoon, the house of Mr. John Farnsworth, lot 32, con. 1, Grey, was totally destroyed by fire.

Miss J. Stewart, Agent for Cornwell's Self-Fitting Chart & Patterns.

The superiority of our Patterns is manifested in all parts. Now to satisfy yourself that this claim is well founded, examine them carefully, and compare them with others, and you will notice among other things that ours have different shoulder measurement, by which any shaped shoulder—high, low, square or sloping—can be thus accurately fitted. Again, you will observe in our patterns for close-fitting waists, the sizes of the darts are determined by a mathematical rule, thus producing a perfect fit. For example:—If a given bust measures 38 inches, and the waist 24 inches, the difference—14 inches—will be the exact amount taken up in the darts. These two never-failing methods are embraced in our Patents, and can be used by no other establishment. This is the only system in the world that will produce a perfect fitting dress or pattern. Furthermore, each separate part is cut with such exactness, that the whole, when brought together, fits perfectly. Lustres, Switches, and Braids, Gloves and Hosiery, Corsets and Dress Caps.—A call solicited. West Street, Acheson's Block.
