SEMI-ANNUAL REPORT OF DR. S. H. MARTIN.

Writing to the father of the young doctor, well known to many of the Evening Telegram readers, the Rev. lieve in the Jesus doctrine." Now, R. P. Mackay, D.D., Secretary Board who asked him to believe anything? of Foreign Missions of the Presbyterian Church says, "I have read with a on whether or not he could stand an very great deal of interest the report operation but it impressed me that of Dr. Stanley H. Martin to the Orillia this half unconscious man should reato congratulate you upon such a son, signed to drive away the evil spirits, ing by a really mad dog. and energy characteristic of all his head to the ground and went off crywork during during these years have ing, following the coffin made of whom is in charge of the city dispenfew parallels. I am afraid that he is planks and so heavy as to require four sary which sees, on an average, twenoverworking, and feel rather thankcities, he could have amassed wealth; but no material possession can be compared to the treasure he has ac- forced open so far over to the left cumulated and it will abide."

"The following extracts are taken der. This is due to a mass of glands from the semi-annual report of the as big as a large football. Then there Presbyterian Mission at Yong Jung, is a woman riding on an old man's Manchuria, where Dr. S. H. Martin, back. She was stabbed in the throat representative of the Orillia Presby- and head by a drunken husband who terian church has established St. An- committed suicide the same night. She drew's Hospital. Dr. Martin has been is partially paralyzed as a result of six years on the Mission field, and the brain injury but her speech is hopes to return home on furlough returning after a week's treatment. A says: "Tell the Orillia congregation in with most of his scalp torn off and next year must leave all this work to that by next spring they will have you find him covered with blood and been the direct means of treating feathers. If you examine his head over 100,000 Chinese and Korean you will find the whole skin of a patients, and most of them heard or chicken with feathers attacked, over the skull, to stop the bleeding. He is received the gospel."

The report of the Medical work covered also with mud and filth, hav-
