The supply of wheat for the past week has been very light. During the last three days there has been no fall wheat with the exception of a single load, and the deliveries of spring wheat for the same period have not amounted to more than 300 bushels. Of other grains the receipts have been small, merely nominal, only about thirty bushels of barley having been brought in since Monday and a proportionately small quantity of peas and oats. We have no change in prices to note since last week except in the article of spring wheat, which has advanted considerably. It is now bought freely at \$1.65 per bushel, in bills, and a load sold to-day for \$1.67. All other grains remain unchanged. The deliveries of pork are very light, and we cannot see that there is any alteration to be recorded. Hogs of medium weight and fatness sell at about \$6, but some of very superior size and quality will fetch a price much higher.

ALLEN'S

THE REMEDY FOR CURING

Consumption, Coughs, Bronchitis, Asthma, Croup, Diseases of the Throat Pains and Oppression of the Chest or Lungs, Difficult Breathing, and all the Diseases of the Pulmonary Organs.

THIS Balsam is introduced to the suffering public after its merits for the positive cure of such Diseases have been fully tested. The formula from which it is prepared is referred to by the leading medical journals as being equal to any prescription that can be made up for such diseases by the medical faculty. The Balsam is, consequently, recommended by physicians who have become avquainted with its great success.

As an Expectorant it has no Equal.

It is composed of the active principles of Roo and Plants, which are chemically extracted, so as to retain all their medicinal qualities. Ministers and Public Speakers,

who are so often afflicted with Throat Diseases, will find a sure remedy in this BALSAM.— Lozenges and Wafers sometimes give relief, but this BALSAM, taken a few times, will in-sure a permanent cure. Will the afflicted clergymen please test its morits?

TESTIMONIALS OF PHYSICIANS. Dr. Nathaniel Harris, for many years a resident of Middlebury, Vermont, recommends the Balsam as being superior to all other remedies for Bronchitis. He says:—"I have no doubt it will soon become a classical remedial agent for the cure of all diseases of the Throat, Bronchial Tubes and the Lungs."

Dr. Lloyd, of Oho, surgeon in the army during the war, from exposure contracted consumption. He says:—"I have no hesitancy in stating that it was by the use of your Lung Balsam that I am now allve and enjoying health."

Dr. Fletcher, of Missouri, says:—"I rocummend your Balsam in preference to any other medicine for Coughe, and it gives satisfaction."

DR. A. L. SCOVILL,

who has for many years been known to the public throughout the United States as the inven-tor of remedies for the Lungs, recommends ALLEN'S LUNG BALSAM as surpassing any-thing that has ever been offered to the public for the cure of Lung Diseases. He has used in his own family with great success in the case of his sister, who was supposed to be in the ast tages of consumption. This lady is now well, and has been permanently cured by

ALLEN'S LUNG BALSAM. Physicians who have tailed to cure their patients should try this medicine before they give the case up, as we know very many valuable lives have been saved by being persuaded to sive the case up, as we know very many valuable lives have been saved by being persuaded to DON'T DESPARR because all other remedies have tailed, but try this remedy, and you will not be deceived. SOLD BY ALL DRUGGISTS.
