Guelph Evening Mercury

MONDAY EVEG, NOV. 23, 1874.

Town and County News

The new steam saw mill recently erected in Arthur by Fraser Bros., is now in operation, and a good business is being done.

MR. MATHEWS BENTON, of the 11th con. of Luther, recently sustained a heavy loss by the death of two valuable prize colts. Exposure to the weather supposed to be the cause.

The Stratford Beacon praises the people of Guelph for their enterprise in enlarging our gas works, and pitches into the Stratfordians for their want of pluck in not organizing a gas company there.

TEA SOCIAL.—The first of the winter series of socials in connection with Knox Church, will be held in the basement of that Church to-morrow evening. Doors open at 6:30 o'clock. Tea will be served at 7 o'clock. A good programme has been prepared and a most enjoyable evening may be anticipated.

EXAMINATION OF SCHOOL TEACHERS.—At the July examination of school teachers for the Province of Ontario by the County and City Boards of Examiners the number of applicants was 2,475. The number of certificates granted was 1,262; of the above number the males received 14 first-class, 145 second class, and 134 third class. The females received 52 second class and 650 third class. The balance were rejected.

IMPORTANT TO FARMERS.—The millers of Waterloo, finding that the red chaff spring wheat introduced into this country a few years ago is far inferior as to yield and quality of flour to the Erie spring wheat, a meeting was called, which took place at Waterloo on Thursday, attended by the majority of representatives of the villages in the county, to establish a fixed difference in the price of red and Erie wheat, so as to make a difference of five cents per bushel.

THE T. G. AND B. RAILWAY AND LUTHER.—The Arthur Enterprise says that in consequence of the Toronto, Grey and Bruce Railway Company enforcing their rule not to carry any freight from Luther, as a punishment for that Township withdrawing their bonus from the road, the grain merchants there are being put to great inconvenience, as they cannot get their stuff taken away. A deputation from that village waited on the Directors on the 17th, and got a promise from the company to remove the grain at once, and to supply cars in future for grain, &c., bought out of Luther.

PAINFUL ACCIDENT.—On Friday evening a young man named Andrew Murchie, employed in Crowe's Iron Works, met with a very painful accident. Some of the hands in the shop were engaged in filling moulds with molten metal from the furnace, by means of the long-handled ladles used for that purpose, and one of them having filled his vessel with the boiling fluid, was turning round with it. At this moment Murchie came hurrying past and running against the ladle upset it, the red hot fluid contained in the vessel striking him on the leg, and running down into his boot, burned his foot in a dreadful manner. His fellow workmen quickly jerked off his boot and had him conveyed home in a cab, where everything possible was done to alleviate his excruciating pain.

AN ANIMAL'S PLEA.—Winter has come and with it slippery roads, and we would remind those who own horses that they are liable to accident if not properly shod. Yesterday two young men were driving a horse up Wyndham street and at the corner of Wyndham and Cork streets the horse, not having been properly shod for winter roads fell on his side, breaking the off shaft. As the animal lay on his side unable to get up, he groaned, and if that groan had been translated into ordinary speech it would, no doubt, have read thus:—"My feet are not very sharp, do not drive me so fast for I am sure I will slip. If you do not care for my sufferings and fear, think what you will lose, for such an accident may deprive me of my life, and you will then lose a valuable servant. Or, perhaps, by falling I may break something connected with harness or rig. If not for my sake for your own treat me kindly." This is the unimpeachable language of the horse, when we see him trembling with fear. Owners of horses should be kind to them.

POLICE COURT.

(Before the Police Magistrate.)

Nov. 23.

C. Ebbert charged by Chief Kelly with being drunk on the Market Square, on Saturday, was fined \$1 and costs.

Richard Smith was charged by Bridget Snelling with assault and battery. He was dismissed upon payment of costs.

Mrs. Flynn, a married woman, was arrested in Hamilton, on Saturday morning for shop-lifting. In her house was found over \$100 worth of dry goods, a part of which has been identified by a merchant in the city.

The opening of the T. G. & B. Railway to Teeswater has had the effect of causing the W. G. & B. Co. to place three trains a day instead of two upon their main line, and reducing their freight 3c. per bushel on wheat.

BARLEY—Epps' Cocoa, GRATEFUL and COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has delicately flavoured beverages which may save us many heavy doctor's bills.—Civil Service Gazette. Made simply with boiling water or milk. Each packet is labelled—"James Epps & Co., Homoeopathic Chemists, London." 176-9m

Local and Other Items.

The Bruce Reporter has changed hands, Mr. D. P. MacLaurin being now the proprietor.

The Directors of the Berlin Mechanics' Institute have determined to set on foot a series of semi-monthly Re-Unions during the winter season.

The first shipments direct by rail from Teeswater were made on the 17th inst. Five cars loaded with barley, leather, butter and other produce, were sent off that day.

JOHN SEAROOK, of Walter's Falls, was in Owen Sound last week, and while intoxicated was thrown out of his wagon, and a sugar kettle, which was in the wagon, having fallen on his neck, he was instantly killed.

DEATH OF A CANADIAN MISSION AGENT.—The Rev. J. T. Byrne, of Whiteby, Ont., agent for the French Canadian Mission, fell dead in the street at Albany on Saturday morning while on his way to the railway depot.

THE CINCINNATI EXPRESS ROBBERY.—\$37,000 of the money stolen from the Cincinnati Express office, has been discovered in a hollow stump, not far from that city. Three men supposed to be connected with the robbery, have been arrested.

IMMENSE quantities of beef and pork are being brought to Ottawa market by the farmers. Large droves of cattle are also offered for sale at \$3.40 per 100 lbs., live weight. A fall in prices has taken place this season owing to the scarcity of provender in the country, which compels farmers to sell off their extra stock.

SPRANG IMMIGRANTS.—One of the Russian papers has a correspondence descriptive of a queer element of our Western population. They were Russians who were sent to Siberia as convicts, but who, having made their way to the eastern coast of Asia, have got over Behring's Straits on an American whaler, and are now employed as herdsmen on the plains.

RAILWAY CHANGE.—The Reporter says it is stated that the present train service on the Galt and Berlin Branch of the Grand Trunk railway will shortly be greatly changed. The change will consist in the turning of the present mixed train into a fast express between that point and Toronto, with more favorable hours for arrival and departure, and the placing of another engine on the line to do the freighting between Galt and Berlin.

Presentation to Rev. Dr. Barrie.

On the evening of the 18th inst., a number of young people belonging to the Rev. Dr. Barrie's congregation, in Eramosa, called at the manse, and took him by surprise, by Mr. James Scott reading an address, and Mr. William Wood presenting him with a set of furs, and a silver-headed cane on which is the inscription "Presented to Dr. Barrie by his Bible Class, Eramosa, November, 1874." The following is the address:

REV. AND DEAR SIR,—At the close of the Sabbath School for the present year, we, the undersigned, in behalf of the members of the Bible Class, take this opportunity of conveying to you our special thanks, for your untiring and zealous services in promoting our spiritual welfare.

From our infancy you have watched over us, we have all been initiated by you into the Church by baptism, and the most of us, aided, and directed by your kind and wise counsel, have renewed our baptismal engagements, and taken our seats at the Lord's Table. In preparation for the latter we have found, while in the Bible Class, your thorough doctrinal teachings to be of the greatest benefit to us, and may the Holy Spirit seal these lessons which you have taught us, upon our hearts and minds, that we may become useful members of the Church, and be able to fit for entering the mansions above.

While we express our heartfelt gratitude for your valuable services in the Bible Class as our spiritual adviser, we would deeply sympathize with you in your present affliction, by which under the advice of your physician, you have been laid aside from the active labours in which you have been so long and so zealously engaged, and although the allotted time of the Psalmist for man is drawing near, yet we earnestly pray that you may be restored, and spared for many years to come, that we may yet receive from your lips many kind words of advice and counsel.

We now beg you to accept this cane, and these furs, as a small token of our sincere regard for you.

Dr. Barrie then made the following reply:

MY DEAR YOUNG FRIENDS,—You have taken me by surprise. I had indeed heard yesterday, that there was to be a meeting of young folks in the manse this evening; but I knew nothing of the object of it. I had been engaged at a distance during the day, in ministerially visiting families connected with the congregation, and consequently was in no great haste to be present at the commencement of your meeting. But now having heard your excellent address and been made the recipient of so valuable a present, I certainly feel cheered at the close of so long a pastorate in the congregation. It does my heart good to hear from your address, that my instructions in the doctrines of the Gospel have been so appreciated by you, and my heart's desire and prayer to God is, that you may be divinely led to study these doctrines while you live; for Christ the object of saving faith, is in them all, and that you may all realize Christ in you the hope of glory. Accept now my sincere thanks for your address, present, and good wishes for my welfare.

This part of the evening's proceedings being over a social was held, the young people having brought an abundance of provisions with them. A couple of hours having been spent very pleasantly in social intercourse, the meeting was concluded with prayer, after which the company dispersed.

The Irish Bishops have received through Cardinal Cullen, the thanks of his Holiness for their condemnation of Prof. Tindall's Belfast address. The Pope says "Nothing is so much to be dreaded as those 'spiritual pirates' whose trade it is to despoil the souls of men."

Guelph Curling Ring.

The annual meeting of the Stockholders of the Curling Ring and Agricultural Exhibition Building, was held in the Town Hall on Friday evening.

Present—Messrs. David Storton, D. Kennedy, W. D. Hepburn, T. Dobbie, A. Robertson, jun., J. Emalie, J. Davidson, W. Mitchell, A. Armstrong, and C. Davidson.

The Secretary read the annual financial statement, which showed a very satisfactory state of affairs, and if all parties in arrears were to pay up promptly, the company could this year declare a dividend of six per cent.

The disbursements for the past year were \$273.52, of which \$19.77 was advanced by the Treasurer.

The state of the Company's finances are:—

Stock not collected.....\$129 10
Tickets due and not paid..... 14 00
Balance due by Mr. Rudd..... 200 00

Total.....\$343 10

LIABILITIES.
Balance brought down.....\$ 19 77
Balance of dividend..... 39 54
Due W. Hepburn..... 40
Due Canada Company..... 200 00

Total.....\$260 11

This would leave over everything settled up a balance of \$82.99, to be used as a dividend.

This report was on motion adopted. The following officers were appointed for the ensuing year:—

President—D. Storton.
Vice-President—W. D. Hepburn.
Secretary and Treasurer—C. Davidson.
Trustees—J. Emalie, W. Mitchell, A. Robertson, jun., D. Kennedy, and A. Armstrong.

Auditors—A. Robertson, jun. and R. Emalie.

Messrs. Storton and Hepburn were appointed a committee to collect the arrears of stock.

The season ticket was fixed at \$3. Non-members to pay 25 cents a game.

Mr. Davidson and Mr. Storton having arranged to advance money to pay off the Canada Company as soon as the payments on the property the Company had purchased from them, became due, it was resolved to allow to these gentlemen one per cent, over and above the interest received from Mr. Rudd on his payment, on his purchase of lots from the Company, from the time said money was advanced until it is payable by Mr. Rudd. It was also resolved to settle with the Canada Company immediately.

Ontario Legislature.

Nov. 20.

Mr. Hodgins resumed the debate on the motion to go into Committee of Supply, and after speeches from some members, several items were passed.

Mr. McGowan moved for a return of all reports and papers under the control of the Government connected with the School of Agriculture and Model Farm, including all correspondence between the Public Works Department, or any member of the Administration, and the officers or servants employed in said institution, together with all reports of any of said officers in relation to the same, and the reports and correspondence between the Government and any person or persons appointed to inquire into the working of said institution.

Mr. Mowat said there were a vast number of papers which he presumed the hon. member did not desire to have brought down. He thought the hon. gentleman's purpose would be served by a return of reports and correspondence not confidential with the Public Works Department. There was no report of any commission on the working of the institution. An informal commission was presented, but there was no report. With these amendments he had no objection to the motion.

Mr. McKellar pointed out that several papers and reports were brought down last session.

The motion as amended was carried.

Mr. Rykert said he had given notice of a motion for a committee of enquiry into certain charges which had been made against him as a member of the House, because, although he was prepared to say that there was not one word of truth in those charges, it would, he thought, be more satisfactory to the House to have an enquiry made into them. He had seized the very first opportunity afforded him after the meeting of the Legislature to place a motion on the paper for the appointment of a Committee to investigate these charges. He entirely denied the truthfulness of them, and would now move his resolution of which he had given notice.

Mr. McKellar said he was very glad indeed that the hon. gentleman had brought this subject up. He had made these charges believing them to be true, and he should rejoice if the hon. gentleman could prove his innocence and be acquitted by this Committee. He had, however, made another charge against the hon. gentleman, to the effect that he had received certain sums of money from the Toronto Street Railway Company for his services as a member of this House in connection with Bills which that Company were passing through the House. His hon. friend had omitted for his own sake and support in this House of certain amendments which the agents of certain insurance companies were desirous of having incorporated into a Bill which his (Mr. McKellar's) hon. friend, the Treasurer, had brought before this House in the year 1873. He had been informed that the hon. gentleman did receive a sum of \$100 for his services in connection with that matter. He was also credibly informed that he received another sum of \$150 for his vote and interest in support of a Bill which was introduced in order to incorporate an extension of the limits of the town of Tilsonburg, and he thought it was his duty in the public interest to bring these matters before the House and have them investigated at the same time as the other charges that the hon. gentleman had introduced. He moved an amendment that these charges be included among the others of which Mr. Rykert had given notice, and that the Committee be composed of Messrs. Currie, M. C. Cameron, Deroche, Meredith and Hardy.

Mr. Lander said that some evidence should be produced in support of the charges before further steps were taken. After some further discussion the amendment was carried.

Selling a Strayed Steer.

INDICTED FOR LARCENY.

At a recent sitting of the County Judge's Criminal Court in Berlin, a very peculiar case was tried, which may prove a salutary warning to those who are careless in their manner of dealing with the property of others. The following facts of the case are taken from the Telegraph. The prisoner, Mrs. Campbell, was a respectable woman, housekeeper for a Wellaley farmer, named Bulmer, and was charged by another farmer named Snider, the owner of the property, with having stolen a white steer, to which she pleaded "not guilty." The animal in dispute had, in June last, come upon the premises of Bul
