THE GLOBE EDITOR IN CHICAGO

Tells the Part Taken by Canadians in  
Preserving the Union

Chicago, Feb. 13.—Thousands of  
ardent Americans listened last night  
to the fervid oratory of J. A. Mac-  
Donald, editor of the Toronto Globe,  
as he explained Canadian admira-  
tion for Lincoln.

"I, too," he said, "a citizen of  
Canada, give place to no man among  
you in reverence for the name of  
Lincoln, even though I am of the  
breed and bear the name of my  
great-grandfather, a clansman in the  
84th Highland Regiment, who  
fought under Cornwallis in Virginia  
for King George."

A relation of the facts connected  
with the abolition of slavery in  
Canada followed, when in 1793 the  
Dominion became the freeman's  
sanctuary. More than 60,000 slaves  
in later times found refuge on Cana-  
dian soil, and Mr. MacDonald's  
ample and eloquent story of the  
"underground railway" closed with  
the reflection that "Canada never  
would have had the negro or a  
problem had it not been for slav-  
ery." The solid body of Canadian  
opinion opposed to slavery during  
the secession struggle, Mr. Mac-  
Donald attributed to the influence  
of George Brown, then editor of  
the Globe.

"In a book by a professor of Har-  
vard University, published only a  
few months ago," said Mr. Mac-  
Donald, "I read the statement that  
'feeling in the United States was  
greatly incensed because of the  
sympathy of Canada with the South  
in the Civil War.' My comment on  
that statement is that more than  
48,000 Canadian fought in the  
armies of the North, and 18,000 of  
them died for the Union cause. They  
were in the Army of the Potomac,  
in the Army of the James, in the  
Army of the Cumberland, in the  
Tennessee, and in the Army of the  
Rio Grande. They were with  
Thomas at Chickamauga. They were  
with Custer in the West. They  
were with Meade at Gettysburg.  
They went through the Shenandoah  
with Sheridan. They marched with  
Sherman to the sea. On every  
great battlefield between the Mis-  
sissippi and the Potomac the sons of  
Canada stood shoulder to shoulder  
with the men of the Union. They  
languished in the Libby prison.  
They died in the Andersonville  
camp. They answered your Lin-  
coln's call. They followed your  
Stars and Stripes; they died for  
your country's honor; but, in death  
and in life, the flag of their hearts  
was the Union Jack."

**3,000 PEOPLE DERANGED.**

Shelburne, Feb. 12.—"There are  
3,000 people mentally deranged, and  
who are a possible menace to the  
public safety, at large in the Pro-  
vince of Ontario," said Crown At-  
torney W. J. L. McKay yesterday  
in discussing the Stewart case.  
This startling statement he based  
on conditions in his own county.  
"There are at least thirty persons  
in Dufferin county who should not  
be at large," he said. "That is  
about an average of three in each  
township. Dufferin county is not  
exceptional. The same might be  
said safely of each of the ninety  
constituent counties of Ontario." Mr.  
McKay said his estimate was most  
conservative. "Some place the  
number as high as 5,000," he said.  
Bumby is coming in from all  
parts of the county about people of  
unsound mind. It is hardly safe to  
have a peculiarity in the county at  
present. Every man is watching  
his neighbor for signs of mental de-  
rangement.

**PRISONER'S TERRIBLE DEATH**

Port Elgin, Feb. 14.—Joseph Kellier  
met a terrible fate while a prisoner in  
the lock-up here Friday night. His  
body was taken out about 2.30 o'clock,  
burned so as to be unrecognizable. He  
had been arrested on a charge of being  
drunk and disorderly. Flames were  
seen issuing from the cell window, but  
before anyone could reach the unfor-  
tunate man he was dead. When taken  
out there was a handcuff on one wrist.  
It is presumed that in some manner fire  
caught in the mattress, on which the  
prisoner was lying. It is thought that  
death was caused by smothering. Kel-  
lier was about 25 years of age, and had  
come here from Guelph some months  
ago.

event took place, being the marriage of  
his daughter, Margaret Ann, to W. D.  
McKellar, of the same place, in the

the late David McEachern, of Ekfrid,  
and of the late Archibald McEachern,

member of her family. Her husband  
died several years ago when the family  
were living on their farm on the Long-

The Board of Railway Commissioners  
has ordered the erection of gates at the  
level crossing at Grimsby where five  
people were killed a few weeks ago.

The railway must pay the entire cost  
of erecting the gates on both sides of  
the track, and watchmen be placed in  
charge day and night, 80 per cent of the  
latter expense to be borne by railway,  
10 per cent by the town, and 10 per  
cent by the township.

When he appeared before Magistrate  
Houston at Chatham on the charge of  
theft from a railway car Eddie Quinn  
pleaded guilty and was remanded for  
sentence. Detective Mahoney was on  
hand with a charge against the prisoner  
in connection with the Tilbury bank  
robbery. Quinn is the man who  
"switched" satchels with a bank mes-  
senger on a Michigan Central train at  
Tilbury one night about a year ago, and  
secured about \$1,200. Quinn was  
brought from Cleveland a week ago.

happiness.

Mr. Geo. Linder of Corner Mill and  
Park Streets, Elmira, Ont., says: "For  
about ten years I have been severely  
troubled with stomach trouble and in-  
digestion so bad that I could not retain my  
food after eating. I could not eat meat,  
or scarcely anything and had headaches  
and constipation. I secured a package of  
Mi-o-na with the result that now after  
having taken two boxes I am entirely  
cured and can eat anything, digest perfectly  
and am feeling fine. Mi-o-na also over-

WOULDN'T TEACH IN DIRTY SCHOOL

Trustees Refused to Clean Up and School  
Was Dismissed

Essex, Feb. 8.—Miss Cunningham,  
who has been school teacher in  
school section No. 5, Maidstone  
township, is a determined young  
woman, when she gets her temper  
up. She thoroughly demonstrated  
this to the trustees of her school,  
with the outcome that she was  
asked to resign, but not before she  
quit of her own account. This  
school now has no teacher and ow-  
ing to the scarcity of available  
pedagogues, there will undoubtedly  
be trouble in finding another teach-  
er.

The trouble arose out of the re-  
cent municipal election. The school  
house was used for a voting poll.  
After the election, the school was  
left in a somewhat dirty condition.  
The plucky school teacher asked  
that the trustees have the school  
cleaned up on the Saturday after  
the election. She says this was  
not done. She asked them to do it  
the next Saturday. Again it was  
not done.

On Monday, January 25, all the  
pupils assembled, and when Miss  
Cunningham arrived she found  
that the school room had not been  
cleaned up as she had ordered, and  
as is required by law after an elec-  
tion.

Right then and there she dis-  
missed all the pupils and said she  
would not teach in the school until  
the trustees got together, and asked  
her to resign. The resignation  
will take effect in 30 days.

**AMERICANS IN CANADA.**

The annual report of the depart-  
ment of the interior has been tabled  
by Hon. Frank Oliver.

In connection with homestead  
entries Mr. W. W. Cory, the deputy  
minister, made the following gen-  
eral observations:

"It is interesting to note that of  
the 30,424 entries 7,417 were made  
by Canadians, 7,818 by Americans,  
625 by English, Irish and Scotch and  
810 by Canadians returned from the  
United States, or 21,950 in all, rep-  
resenting a population of about  
21,000 souls.

"At the present rate of settle-  
ment vast areas are the grain areas of  
the western provinces at present  
open to entry, the time must soon  
come when it will be necessary to  
direct the incoming settlers to the  
northern parts of Alberta and Sas-  
katchewan, where it will probably  
be found that agricultural possi-  
bilities are in no way inferior to those  
of regions more to the south."

Dealing with the question of  
juvenile immigration the reports  
note that in the past forty years  
60,000 British children have been  
sent to Canada. It is significant  
that although during the last eight  
years over 16,000 of these children  
have arrived in Canada two only  
were charged with offences in the  
courts during the year.

**PEACH CROP GONE**

Niagara Fruit Growers Claim Frost Has  
Hurled Trees.

St. Catharines, Feb. 13.—The out-  
look for the Niagara peach crop  
this year is very poor, according to  
the leading fruit growers.

This is due to the changeable  
weather of the past few weeks, a  
cold snap having followed a period  
of mild weather. According to one  
grower fully ninety per cent. of  
the peach crop has been already  
destroyed, and it is asserted that  
should the temperature fall to 15  
below before the coming of spring  
the entire peach crop will be lost.

**270 KILLED AT RAILWAY CROSSINGS**

Ottawa, Feb. 15.—Statistics have been  
prepared showing the number and char-  
acter of fatal accidents at level crossings  
during the past five years. Since the  
board was created in 1903 records have  
been kept as to all railway fatalities in  
the Dominion, and in nearly every case  
there is on file a report from one of the  
board's officials giving particulars as to  
the accidents. During that period there  
have been altogether 270 fatalities at  
level crossings. "But the striking fact in  
connection with an analysis of the vari-  
ous fatalities is that nearly 95 per cent.  
of them have been due to the careless-  
ness or recklessness of the victims them-  
selves rather than to the fact that the  
crossings were unprotected.
